Elks Prairie People To Celebrate Fourth

ELK PRAIRIE, Or., June 10.—The residents of this section are making good use of their time during the pleasant weather in getting land cleared, while others are engaged in making gardens. From the present indications, the homesteaders, who are fortunate enough in having strawberries in, are to reap a large crop, providing a heavy frost does not occur and kill the berries. The plants are laden with green berries and blossoms. Among the homesteaders looking forward to having large crops this year are Mr. and Mrs. D. W. Gray, who have planted much of their land to these berries, securing the best of varieties, and Charles Thomas, who is also to have a large crop.

Charles Thomas, one of the homesteaders who has been very ill suffering from an attack of influenza, is improving, and now able to be out. After being taken ill at his home, Mr. Fletcher, a friend of the young man, made the trip to the Thomas homestead, and brought him to the Fletcher homestead, where he was given

among the features of the day. Many of the homesteaders are planning to attend. COUNTY AGENT SCOTT HOLDS MEETING IN HOMESTEAD SECTION

A meeting of the homesteaders of Clackamas county, whose homes are located about 15 miles and more beyond Molalla, was held Tuesday at the building owned by Joseph Froelich, adjoining the Fletcher homestead. One of the features of the meeting was the address made by County Agent Richard G. Scott, of this city, who talked on the importance of having a school in that section, as some of the children, in order to attend a school, were compelled to travel about 10 miles while others go three and four miles each day. At the present time the mothers are playing the part of teachers as well as clearing the lands, and assisting their husbands in this work. Other important subjects brought up by Mr. Scott in his address were the goat breeding industry that so many of the homesteaders are now turning their attention to at the present time; the importance of good roads, which many of these residents had not turned their attention to.

This was one of the most enthusiastic meetings ever held by Mr. Scott, who was much encouraged over the interest taken by the homesteaders, many of whom came for miles to attend. Among these were men and women from Nebraska, North and South Dakota, California and Virginia. Some of these are seeing their first year in the wilderness.

The various homesteaders, who were elected officers of the Community Sawmill, gave brief talks. These were R. J. Joplin, president, formerly of Portland; vice-president, Charles Tidd, formerly of Oregon City; secretary-treasurer, Mrs. Dora Badger, formerly of the state of Washington.

These were over 50 homesteaders enjoying the meeting.

One of the pleasing features of the meeting was the luncheon served at noon, when sandwiches, pie, cake and coffee were served, and thoroughly relished by the visitors.

Among those to attend the meeting were R. G. Scott, Kenneth Kinney, Mrs. D. W. James and Miss Nan Cochran of this city, a trip that will be long remembered in one of the most picturesque spots of the world. Others attending the meeting were Dad and Mother Gray, who are among the most popular homesteaders in that section.
