CHAUTAUQUA PROGRAM
PROMISES TO BE ONE
OF BEST EVER HELD

Arthur G. Boatle, secretary of the
Willamette Valley Chautauqua Asso-
ciation, is busily engaged in getting
the programs of the coming Chautau-
qua season distributed, as the open-
ing day will be July 12 to continue for
13 days, closing July 25.

The opening remarks will be made
by Harvey E. Cross, president of the
association, Tuesday afternoon at 1-
30, after which the various classes
and announcements by the instructors
will be made. At 2 o'clock a concert
will be given by the Williams' Male
Quartet. The first baseball game for
this season at the Chautauqua will be
played at 4 o'clock and at the same
hour "Cause and Prevention of Sick-
ness" is the subject for the American
Red Cross.

At 5 o'clock Mrs. James Chinn will
preside over the Camp Fire Girls'
symposium.

Among this year's attractive fea-
tures will be Billy Sunday, who makes
his appearance on the closing day;
Judge George D. Alden, prominent
Massachusetts jurist, who is a direct
descendant of Priscilla and John Ald-
en, who will address the assembly
July 22; Judge Fred G. Bales, who
will lecture on "Fourth Line of De-
fense," July 24; President James A.
Burns, of Oneida Institute, Oneida,
Ky.; E. B. Fish, who will talk on
"Fighting the Reds"; Sam Grathwell,
Kate Upson Clark, distinguished au-
thor and editor, who will present her
great lecture, "The Mother of the
Future"; Captain T. Dinsmore Upton,
of Grand Rapids, Mich.; Evelyn Bar-
rett, Mary Adele Hays, the Parnels,
Paul Pereira and String Quartet, "An
Evening in the South Seas," when the
Maori singers from New Zealand will
appear in native dress and will intro-
duce native dances and songs; E. J.
Stack, the Maurice Brown Players in
"Kindling," Royal Welsh Lady Sing-
ers, Royal Philippine Sextet; Walter
Wilson, Dr. Ng Poon Chew.

The Boys' and Girls' Club work will
be in charge of Miss Romney Snel-
eker, of this city.

Mrs. A. M. Dewhirst
Dies In California

Mrs. Amanda Malvina Dewhirst, of
Livermore, Calif., died at her home
May 30.

Mrs. Dewhirst was a resident of
Clackamas county for many years.
She was the daughter of the late Mr.
and Mrs. Samuel Yonce, pioneers of
1843. Most of the younger days of
Mrs. Dewhirst were spent at Mount
Pleasant on her father's farm, and
she has resided at Livermore for the
past 28 years, but will be well re-
membered by some of the old pioneers
of this county.

Mrs. Dewhirst is survived by her
sons, Harry, O. D. and Samuel V.
Newman, Mrs. Henry Birchers and a
sister, Mrs. Mary V. Howell, of Can-
emah.

Mrs. Dewhirst's age was 70 years,
11 months and 14 days. The inter-
ment was in California.

CLACKAMAS SCHOOL
MAN TO HEAD STATE
INDUSTRIAL CLUBS

SALEM, June 18.—J. E. Calavan of
Oregon City will assume the position
of state industrial club worker for
Oregon July 1, according to announce-
ment by J. A. Churchill, state super-
intendent of public instruction, this
morning. Calavan, who is county su-
perintendent of schools for Clackamas
county, will succeed N. C. Maris, who
resigned, effective June 15, to accept
a position in the office of the state
dairy and food inspector.

When interviewed Wednesday eve-
ning Mr. Calavan said that he had
received notification of the appoint-
ment and had accepted and would
take up his new duties July 1. Mr.
Calavan will tender his resignation
as county school superintendent of
Clackamas county within a few days.
Mr. Calavan has been school su-
perintendent of Clackamas county for
the past seven and one-half years
and was nominated by both the Re-
publicans and Democrats at the re-
cent primaries.

Interest On Bonds
Is Ten Million

SAN FRANCISCO, June 16.—A total
interest yield of approximately \$10,-
000,000 is due today on the first and
victory liberty loan bonds sold in
the Twelfth federal reserve district,
according to an announcement by the
district bank. The bank has no way
of accurately checking this total be-
cause of the number of bonds passing
out of the hands of their original
owners to buyers outside the district.
The approximate amount due in the
district on first liberty bonds is \$2,-
295,750, and on victory bonds \$7,749,-
850 it was announced.

The Frisco Fight

Those so-called independents who have been so
critical about the Republican platform should wait a bit
until the Democrats have thrashed out their differences
at San Francisco. Mr. Wilson of course, has a pro-
gram, in charge of Senator Carter Glass of Virginia.
But it is whispered that William Jennings Bryan also has
a program and that these programs are dissimilar.
Eight years ago Bryan's program was the real pro-
gram at Baltimore and that program included the name
of Woodrow Wilson as president, much to the disgust
of Champ Clark and other Southern Democrats and to
the ultimate disgust of Bryan himself.

Democracy is troubled. There is a rumor that re-
fuses to be stifled that Mr. Wilson would like a nomina-
tion for a third term. There is another report that
Wilson wants to continue as boss of the party, no mat-
ter whether son-in-law McAdoo is nominated or not.
Bryan, however, who has always been a factor in Demo-
cratic conventions and who will be a factor in this con-
vention, will be on hand with his monkey-wrench, ready
to kick aside a plank that stands for anything but grape
juice. After Bryan comes Norman E. Mack and other
Irish sympathizers, ready to kick over the traces if the
convention does not agree to declare for a policy con-
templating the recognition of the Irish republic, caring
not a jot for the feelings of the British, who only a short
time ago were proud to call us their allies.

But the burning question with most of the Demo-
crats is a solution of the McAdoo declaration. Astute
observers see in the McAdoo movement a scheme to
force the nomination of the president's son-in-law, who
can then take the position that he did not want the nom-
ination, that he was not a seeker after it, but that the
great "unbossed" Democratic convention handed it to
him on a silver platter.

Majority rules in Republican conventions, but the
unterrified demand a two-thirds rule, which does not
simplify their problem. Next week after the Republi-
cans have settled down to the business of electing a
president, the Democrats will be quarreling over the wet
and dry situation and the Irish question, to say nothing
about lesser evils.

SWEEPING CHANGES
MADE IN NATIONAL
GUARD REGULATIONS

SALEM, Or., June 19.—Sweeping
changes in the regulations of the na-
tional guard have resulted from the
new law approved June 3, according
to information received today by
George A. White, adjutant-general of
the state. More pay and allowances
for officers and men, less stringent
regulations for keeping up the nu-
merical strength of units, more pay
while at camps and schools and more
support and cooperation from the fed-
eral government. Those are the out-
standing features of the new law,
which goes into effect July 1.

Hereafter men who attend army
drills will be paid, regardless of the
percentage of attendance, it is point-
ed out. In the past men attending
army drills received pay only in the
event 80 per cent of the entire
strength was present. If a man missed
a single drill during the first half
of the year he was disqualified for
pay. That is entirely corrected ex-
cept in the case of the officers, who do
not get paid unless they have 50 per cent
of 50 men, or 30 men, present for each
drill.

The pay scale is boosted up all
along the line. Enlisted men receive
from \$1 up to \$2.50 for each drill of
an hour and a half. They also receive
25 per cent increase in pay for attend-
ance at camp. Captains commanding
companies get a substantial increase,
the compensation for army pay being
\$60 a month in addition to the pay
given them at schools and camps
where they receive the pay of the regu-
lar army.

McLoughlin School
Graduates Eleven

The graduation exercises at the
McLoughlin Institute Friday evening
was one of the best attended affairs
ever held by that school. The build-
ing was packed and people stood out-
side in the hall to witness the exer-
cises.

There were eleven pupils graduat-
ing, nine girls and two boys. The girls
were dressed in white, their costumes
being similar, adding much to the ap-
pearance of the scene.

The violin solos by Maxine Telford
proved to be one of the most enjoyable
numbers and this talented musician
responded to two encores.

The Right Reverend Abbot of the
Mt. Angel school gave the graduation
address. Each graduate received a
number of floral pieces and many con-
gratulations from those present.

The following students graduated:
Cyril Justin, Mary Rypczynski, Marie
A. Brunner, Elizabeth Busch, Ellen
Daugherty, Michael H. Long, Jr., Ed-
ith Jeanette McLean, Helen Weber,
Jennie Cecelia Karlik, Irene S. Sat-
re and Yvonne Ann Hall.

Rasmussen Plans
Seven Year Trip

COPENHAGEN, June 16.—Knud
Rasmussen, Danish explorer, and
Peter Freuchen, his cartographer, are
preparing an expedition to visit the
northernmost American Eskimoes.
Rasmussen declared today the ex-
pedition probably would be the
longest one he ever made. He plans
to take provisions enough to last
five years but considers it more
likely the trip will last seven.

NEW CHIEF NAMED
FOR MARINE CORPS
TO SUCCEED BARNETT

WASHINGTON, June 21.—Appoint-
ment of Major-General John A. Le-
jeune as major-general commandant
of the marine corps, to succeed Major-
General George Barnett, was announ-
ced today by Secretary Daniels.

General Lejeune commanded the fa-
mous 2d division when it broke the
German line in the Meuse-Argonne,
and the secretary said his appoint-
ment to command the marine corps
was in line with the policy of the
department to reward officers who
served with distinction during the
war. General Lejeune will take
charge of the corps next week.

Mr. Daniels said General Lejeune
was regarded as not only one of the
ablest officers of the world war, but
one of the most distinguished sol-
diers of the world war. He commanded
the 2d division not only in the Meuse-
Argonne offensive, but also at St.
Mihiel and Mont Blanc ridges.

The change, the secretary declared,
is in no way a reflection upon Gen-
eral Barnett, who he declared is an
able officer and has served with dis-
tinction.

ARMY OFFICERS WIFE IS
KILLED AT CAMP GRANT

ROCKFORD, Ill., June 16.—Five
soldiers of Camp Grant, near here,
were sought today in connection with
the shooting to death early today of
Mrs. Maude Lucille Moss, wife of
Captain Leroy H. Moss, camp utility
officer, and daughter of Colonel
Blon J. Arnold, pioneer electrical en-
gineer.

The entire camp military intelli-
gence force was seeking to establish
whether Mrs. Moss was murdered or
accidentally killed.

That Mrs. Moss had been shot was
not known until the automobile in
which she was riding with her hus-
band and four friends had gone a
half mile.

The party just passed the small
group of soldiers, it was said, when
a sharp report was heard. It was then
thought the motor had misfired.

Striking a bump in the road, Mrs.
Moss, who had been asleep on the
rear seat between Mr. and Mrs. Wil-
liam V. McCraight, slumped forward.
Mr. and Mrs. McCraight, believing her
still asleep, reached forward to aid
her and then it was found she had
been wounded.

Captain Moss, who was driving,
rushed to the camp base hospital, but
Mrs. Moss died a short time after
reaching there.

Captain Moss said he believed the
shooting was accidental.

In November, 1904, Mrs. Moss was
lost for twenty-four hours on Pike's
Peak and, with her brother and a
friend, was rescued from freezing only
after a frantic search.

BUSINESS SESSION
OF WOMEN'S CLUBS
IS FORMALLY OPENED

DES MOINES, Iowa, June 17.—The
first business session of the biennial
of the General Federation of Women's
Clubs opened today with the reading
of reports of its officers and commit-
tees. This afternoon Mrs. Josiah Ev-
ans Cowles, Los Angeles, president
of the federation, will present her re-
port.

A proposal to reorganize the fed-
eration may come before the conven-
tion late today. A hot fight on the
proposition is expected to develop
when it is presented.

FAILURE OF LEAGUE
TO AID PERSIA IS
SHARPLY CRITICIZED

LONDON June 17.—Sharp criticism
of the decision reached by the coun-
cil of the league of nations to post-
pone action on the plea of Persia for
defense against the Bolsheviks is ex-
pressed in some quarters here, and
one section of the press openly at-
tacks the council for its action. Some
of those present at the meeting of the
council, it is declared, were given a
bad impression, and it is understood
Prince Mirza Frouz, Persian foreign
minister, though outwardly acquies-
cing, was considerably disappointed.

DRY PLANK BOOSTED
FOR DEMO. PLATFORM
BY WILLIAM BRYAN

FARGO, N. D., June 18.—"No wet
governor from New Jersey will ever
be the Democratic candidate for pres-
ident," declared William Jennings
Bryan, speaking in Fargo last night.
Mr. Bryan also named Governor Cox
of Ohio and Senator Hitchcock of Ne-
braska as "wets."

Mr. Bryan declared he was taking a
dry plank and "a prison term for pro-
fiters" plank to the San Francisco
convention.

"I asked the Republicans to pass a
strong prohibition plank and a strong
anti-profiters plank and told them
I would take the two planks to San
Francisco and urge the Democrats to
adopt them word for word, so that
both questions could be taken out of
politics," he said.

CONSERVATION DEMAND IS GREAT

Reckless Waste of Natural Resources Be-
comes a Vital Issue

The conservation of the natural re-
sources of the United States as they
consist in minerals, water-power, for-
ests, birds, game and fish and all
other related subjects, is one of the
most vital questions which confronts
the people of this great country.

Due to the departmental organiza-
tion of the United States Government,
all matters relating to conservation,
while in reality they are of para-
mount importance, are relegated to
the obscurity of a bureau, the chief
of which in many instances is not pre-
eminently renowned for initiative or
administrative ability; hence many
of the conservation laws, passed by
Congress, have failed to achieve the
purpose originally intended.

Each passing year records the di-
minution of some great natural re-
source. The forests are being cut
away, and when they are gone an in-
describable hardship will be visited
upon the country, mines are being ex-
hausted; our fisheries are being de-
pleted and our migratory wild life
must be protected by rigid laws to
save it from certain poission and
threatened extinction.

It is a notable fact that the secre-
tary of each of the Departments of the
Federal Government, which has to do
with the administration and enforce-
ment of the various conservative
laws of the United States is selected
by reason of his knowledge and equi-
pment for the main purpose for which
the particular department, of which he
is secretary, was created and not by
reason of his experience and knowl-
edge concerning the administration
of conservative statutes.

In the growth, development, pro-
gress and civilization of the country,
we have reached the period when here
should be created and established by
an Act of Congress a Department of
Conservation with a secretary who

shall be a member of the resident's
Cabinet. There should be grouped
under the Department of Conserva-
tion, the Forest Service, the Bureau
of Fisheries, the Bureau of Biological
Survey, the Bureau of Mines and, in
fact, all other bureaus and commis-
sions which administer or enforce the
statutes of the United States, which
have for their object the conservation
of the various and varied natural re-
sources of this country.

The experience of the past incon-
testably demonstrates that in the
multiplicity of duties devolving upon
the secretary of a Federal Department, it
is impossible for him to give a high
degree of personal attention to other
than the main and principal thing in
his Department.

No department exists has for its
the natural resources of the Nation.
No country was ever more abund-
antly blessed in natural resources
than ours, yet we have been prodigal
in their reckless waste.

From the experience of the older
countries, we must learn the lesson of
conservation before it is too late.

By the establishment of a Depart-
ment of Conservation, all matters re-
lating to the preservation and protec-
tion of the natural resources of this
country will be emphasized in the
strongest possible manner, new life
and vigor will be breathed into the
conservation laws, additional mea-
sures to save our resources from ob-
literation will be suggested, and fu-
ture generations will have handed
down to them at least a fair portion
of the treasures of Nature's store-
house, whereas a failure to establish
a Federal Department of Conserva-
tion will mean to postpone a very im-
portant matter until the natural
wealth of the country has all but dis-
appeared when it will be too late to
save but a small remnant from an-
nihilation.

GOVERNMENT SPENDS
MANY BILLIONS FOR
RUNNING EXPENSES

WASHINGTON, June 17.—Govern-
ment expenditures from July 1,
1919, to May 31, 1920 amounted to
\$20,775,535,858, according to a state-
ment tonight of the treasury. Ex-
penditures were heaviest during Sep-
tember, when \$4,475,937,701 was spent,
and lightest in November when \$611,
301,764 left the treasury.

Exclusive of \$1,562,947,752 expended
by the treasury, \$951,224,703 charged
to federal control of railroads and the
transportation act of 1920 was the
largest single item of departmental
expenditure.

The navy department stood third in
disbursements for the period, with a
total of \$723,717,269, and the depart-
ment of labor last with \$5,064,246.

White House expenses were listed
as \$6,702,820 and congressional at
\$17,681,129. Payments on the public
debt amounted to \$14,846,554,373.

Norwegian Cabinet
Has Resigned

LONDON, June 16.—The Norwegian
cabinet, headed by Premier Knudsen,
has resigned as a result of dissat-
isfaction over government expenditures,
said a dispatch from Christiania to-
day. Dr. Halvorsen, leader of the con-
servatives in the storting, is expect-
ed to form a new ministry.

KIDNAPPER RECEIVES
RANSOM BUT FAILS
TO RETURN CHILD

NORRISTOWN, Pa., June 17.—A
double motive prompted police today
to renew the search for 43 months'
old Blakeley Coughlin, who was stolen
from his crib June 2.

They are now looking for the per-
son who swindled George H. Coughlin,
the baby's father, out of \$12,000 which
was demanded for the return of
Blakeley.

After repeated letters and telephone
calls from this person, known only as
"the crank," Mr. Coughlin became
convinced that he was the abductor,
and acceded to his demand to leave
\$12,000 at a spot named.

He was promised that the child
would be returned within 24 hours.
The money was left, but Blakeley was
never returned.

Both the police and the Coughlins
have abandoned the theory that the
child was kidnapped for ransom, but
have concluded that revenge was the
motive.

UNION CHIEFS JAILED

PITTSBURG, Kan., June 16.—Three
district officials of the United Mine
Workers of America and a member of
the joint board of miners and opera-
tors were sentenced to jail for con-
tempt of court by Circuit Judge An-
drew J. Curran today. The men were
found guilty in refusing to appear be-
fore the Kansas court of industrial
relations and give testimony.
