PROMINENT PEOPLE ATTEND BIG JERSEY JUBILEE AT SANDY

SANDY, Aug. 5.—The morning session of the Jersey picnic at the Hart ranch last Saturday was mostly a business one. The afternoon program opened with a piano solo by Mrs. Hart, followed by a talk on "Women's Part in the Jersey World," by C. D. Minton, of Portland. It seemed rather to be a woman affair all the nice things Mr. Minton said. Minton insisted that man has always furnished the wish-bone, but the woman has always furnished the backbone! When a cow is kind of delicate and off her feed a little, a woman's intuition will tell her so as soon as she goes into the barn; she sort of feels the little things that make the dairy work successful, and sees the big things necessary, as well.

The rousing song, (words by Mrs. Anton Major) "Bring the Good Old Jersey Cow," made a big hit as well as the other songs, "Welcome to Firwood" and "I'm Raising Jerseys" also by Mrs. Major. Mr. Shrock in his remarks concerning vital issues of the Dairyman's league, took time to compliment Firwood on making it's own songs as well as making a success of the Jersey business.

Prof. Pitts of the O. A. C. said the whole dairy business is built around two luminous little plants, the vetch and clover. Breeding was the subject most touched upon, and he advised that missionary work go on until the pretentious breeder is eliminated entirely. There is a bigger demand than ever for thoroughbreds, and a bigger chance to make good. Breeding is more than a science. It is an art, and one must vision the kind of an animal he wants to produce, the form, build, type. Oregon is the garden of Eden of the Jersey world, holding four out of ten of the gold medal bulls of the world, and we have as good Jersey enthusiasts in Oregon and in Clackamas county as can be found anywhere. It takes over forty thousand calves to replenish our herds every year, and we have not enough calves on hand to replace the weeding out, so the breeder has a splendid future, and we are going on to finer accomplishments. The importance of good sires at the head of the herd, improving the quality of cows and weeding out, is the keynote to success, and means the making of more milk from the same amount of feed. Mr. Pitts also said there will be five federal veterinarians in the state by September or October that will be available for testing herds and that the state reimburses every dairyman's loss when an animal has to be killed allowing fifty dollars for a grade, and one hundred for a registered animal. He also complimented the boys' and girls' club work.

Mrs. Malar made a strong appeal for an Oregon field man, saying no definite action had been taken in the state so far, and a resolution was adopted to set this movement on the wing. When this is accomplished then Oregon can directly co-operate with the American Jersey C. C. and be helped by it's fund.

County Agent Scott was present and gave enthusiastic help during the day. He said it is his work to think of all breeds and not confine himself to one.

Three women judged the Hart herd. Mrs. H. L. Bushnell (Harry West's daughter), Miss Nellie McKinley and Mrs. Altman. They did it well, too. Among the Jersey fanciers and special visitors at the picnic were: Prof. Pitts and daughter of the O. A. C., C.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from back-ache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

SAN FRANCISCO, CALIF.—"I have used Dr. Pierce's remedies in my family for fifteen years and have found on every occasion that they gave satisfactory results. Recently I was troubled with my kidneys and my back constantly pained me. I took three packages of Dr. Pierce's Anuric Tablets which removed all pain and cleared up conditions. I advise every one to give Dr. Pierce's remedies a fair trial."—MRS. E. EVE, 422 Brannon Street.

Sandy News Notes

SANDY, Aug. 5.—A party of twenty six climbed Mt. Hood from this side and twelve from the Hood River side last Sunday, meeting at the top. A party of five started from here on Saturday P. M. They were Mr. and Mrs. Jennings and Percy Pulfer of Gresham and Mrs. Ernest Bonnett and Elijah Coalman. Mr. Coalman acting as guide. They had a wonderful time, standing the climbing trip splendidly, and the view was beyond comparison. They returned Monday.

Mr. and Mrs. Tom Hagan of Bull Run drove over to the Maroney's on Tuesday in their brand new Ford Sedan.

The Frace family went to Oregon City Sunday on a picnicking expedition.

Mr. and Mrs. Purcell entertained a few friends informally on Saturday evening in honor of Mrs. Purcell's father, F. W. Dolz of Portland. Following a light repast, Mr. Klesman, with Mrs. Purcell at the piano favored the guests with several delightful selections on his old Stradivarius.

Andrew Lamper and Johnnie Motzel spent Sunday with the home folks in Dover. Both are working at the Bull Run Lake, beyond Truman's.

Mr. Woodward of Woodward and Clarke has sent a travelling library up to the men and boys working at Bull Run Lake which is a perfectly splendid thing for Mr. Woodward to do, and is fully appreciated by the "boys."

Little Edna Kelsecker has been quite sick but is much better now.

Mrs. J. A. Henkle of Portland returned with Mrs. Miller from Portland on Tuesday to remain several days.

Mrs. Shank of Cherryville returned on Tuesday from a sojourn over in the Eastern Oregon country and reports a goodly supply of dust over there.

Mr. W. J. Wirtz of Portland came out on Tuesday for a couple of days' visiting in our midst. Mr. Wirtz is so well known and has so many friends here that it is an event to have him in town.

The biggest "shower" that Sandy has had for many a day was held at the home of Mr. and Mrs. Robert Smith on Monday night and was arranged by Mrs. J. C. Duke and Mrs. Smith. There were forty six ladies present and after some of the Odd Fellows got tired of their own session they slipped in as additional guests at the party around eating time, and bought their usual appetites along.

This affords a shower was given in honor of Mrs. Myra Revenue, and the supposition is that she will change her name and place of residence before a great while, much to the regret of life long friends around here, though she will carry her best wishes of every one along to Portland where she expects to reside. There were beautiful gifts and a "bride" made up out of kitchen utensils, and appropriate verses that were very humorous, were sent along with "cheers" by clerks from Meier and Frank's store where Mrs. Revenue formerly worked. There were delightful refreshments and everybody is enthusiastic over the fine time they had. Those present were: Miss Gray, Miss Leta Beers, Mrs. Watkins, Mrs. Power, Mrs. Allen, Mrs. Mattingly, Marguerite Klein, Mrs. Ira Flynn, Mrs. Dave Douglas, Mrs. Alice Scales, Mrs. Alma Maroney, Mrs. John Revenue, Myra Revenue, Mrs. Ralph Ganger, Mrs. Ganger, Ruth Reed, Mrs. Junker, Mrs. Sture, Mrs. Lindberg, Mrs. Bosholm and Mildred, Mrs. Jadwin, Gertrude Meinig, Hazel Beers, Mrs. Alfred Bell, Mrs. Townsend of Bull Run, Mrs. Baumbach, Mrs. George Beers, Mrs. Knighton, Mrs. Wm. Beers, Mrs. Kigel, and Mrs. Robert Smith. The gentlemen who dropped in were: Carl Power, Willard Bosholm, Harry Reed,

Clarence Kannie, of Happy Valley, Vernie Jarrel, of Kelo, Vernon Anderson and a Hanson boy from Boring judged heifers at the picnic and Prof. Pitts said he had to agree with the boys!

It is mean to steal a man's stories, but Mr. Shrock told such a good one when illustrating a point at the Jersey jubilation. Mary and John were buying their first household goods and the clerk especially recommended a certain bed, saying he would "stand back of that bed!" and blushing Mary said, "John, I don't want him to!"

SANDY LOCALS

SANDY, Oregon, August 3.—(Sp.)—Mrs. Dora Dahrens has not been very well, so has come out from Portland to stay a couple of weeks here and rest up, and then will go to the beach at Seaside for a time.

Mr. and Mrs. Duke and Mr. and Mrs. Fred Proctor went down to Chautauqua Sunday for the big "Sunday" carrying along a picnic dinner.

Mr. and Mrs. E. L. Power, Carl Power, an little Gretchen went up to the Toll Gate Sunday taking a big feed along, and forgot the cares of the ranch for a whole day.

Mrs. A. W. Gordenau from Portland spent the week with the John Maroney family and she and Mrs. Maroney called on the following old friends of Mrs. Gordenau's: Mrs. Esson, Mrs. E. L. Power, Mrs. H. W. Watkins, Mrs. Loundree, Mrs. Hoffman, Mrs. Wolf and Mrs. Ernest Bonnett.

John B. Maroney, nephew of John B. Maroney, rode out from Portland one last week on horseback. The horse is a "sing lefoot" and covered the distance in only three and one half hours. If gas does not get more plentiful soon a horse back rider will not be such a novelty.

Mr. and Mrs. J. H. L. Maybe and Lloyd were out over Sunday with Maroney's from town, and Mrs. Maybe went to the dance with her daughter Alma on Saturday night.

Mr. and Mrs. Bosholm and Mildred were also at the Maroney home on Sunday.

Mrs. C. Osterveer and son, Allen, of Portland, were visitors at the Loundree home around the latter part of last week.

Mrs. Libbie Hall was initiated into a full fledged Rebekah at the last meeting, and the usual big feed was a part of the program.

Mrs. R. E. Esson and the children left on Saturday for Long Beach, Wash. Mr. Esson drove them as far as Portland. They will "coast" for a couple of weeks, anyway.

Mr. and Mrs. A. C. Thomas of Bull Run were also at Chautauqua Sunday, as were many others from these parts.

The E. L. Power ranch house has just been painted and they have also built a new and nifty separator house near the barn which is a wonderful convenience for the women folks.

The rock crusher has started up again for a three week's run to finish the work on the ebbing hill. Everybody is busy, so the crusher is running shot handed now.

P. B. Gray and H. Snake have gone to work for the Burns Lumber company mill.

Dr. Welch of Oregon City sent out a truck load of doors, windows, tiling etc., for his new cabin on Cedar creek, and the Doctor, his wife and small boy spent the week end in their new domicile.

The Koch brothers of Cottrell have built a new saw mill over near Ames and have already begun sawing ties. They will also turn out lumber. At the rate now mills are sprang up it will not be long until the timber will be gone, and what will then be the big industry out in these parts of the country—cattle, or sheep?

Real estate seems to be moving and it will move much faster if we get the Loop road—and we shall! The latest deals reported by George Beers is the sale of two hundred and ninety five acres of burnt land belonging to the J. W. Root estate. The land lies two and one half miles south of Sandy and was bought by Mr. Rettig of Portland who, with his son, and son in law, will move on the land and develop it. It will be divided into three places and they will keep cattle, or possibly sheep. The sale price
