A car that is driven on affixed throttle will show lower fuel consumption than one driven on variable throttle movement. Many drivers alternately press and release the accelerator and this uses up fuel. Even a slight acceleration enriches the mixture. On a long, steady drive the fuel consumption may be cut down enormously by a careful use of the accelerator.

## Mackburg Minister Returns to Germany

MACKSBURG, Aug. 19.—The annual Mission Meeting of the Lutheran church was held on Sunday August 15.

The morning service conducted by Rev. F. Lucas former pastor of the church was followed by a sumptuous dinner in the Parish house. This work devolved upon the ladies of the church and to them great credit is due for the pleasure, though work be stowed. The afternoon service was held by Rev. F. Hunstmann of Chelalis, whose sermon was attentively listened to by the large congregation present.

Mr. Lucas who has been a resident of the United States for several years, most of which were spent in the Macksburg parish is about to return to Germany, his native land.

The Mothers' Club had a very busy and enjoyable session on Thursday last at the home of Mrs. John Heinz and is to meet next with Mrs. Ab. Hepler on August 26.

The weather of the past week—though undurably hot—has been made tolerable by an almost constant breeze. No cases of heat prostration have occurred though the men have been working on the thresher with the

## HOMESTEADERS PUT IN HARD WORK ON ROADS AROUND ELK PRAIRIE

ELK PRAIRIE, Aug. 19.—Charles Howard Thomas received a telegram from Ohio which brought the sad news of his sister's death. Mr. Thomas had not seen his sister for over thirty years, never having gone back to Ohio since he came west. This sister was the last surviving relative. Mr. Warum brought the telegram to the brother and took him to Scotts Mills to dispatch and answer.

Mr. Todfast, road boss of the Coal Creek section is using the rock crusher to good advantage. Seemingly the agreement was for those who were interested in that section to do the preparatory work at \$2.50 per day, in this way each donating half a dollar per day toward the work. Besides this Mr. Todfast plans to donate some other work to make his road good on a piece of road that he feels may not be permanent and that he could not use the crusher on until the new grade is found. Years ago a road was surveyed up Coal Creek neighborhood but for some reason the road was not made up on the actual survey. Now that the country has been cleared more, many feel that a road at water grade can be run for a long distance and that this would be the best for all concerned.

Mr. Nealy and Mr. Hilton worked on the Elk Prairie Trail road one day last week. Another day Mr. and Mrs. D. H. Gray, and daughter, Mr. and Mrs. Glen Gault, also their sons Tod and Frank Gray and grandson Robert Gault put in a full day with team on the new road. Mr. Nealy who has charge of that section of donation work was on the job as was also Willis Badger. Mrs. Badger donated her offerings of slashing upon another day.

Mr. Nealy is falling loose to build a modern eight room house.

As all the homesteaders have so much to do at home, it was agreed that each should do his bit as he was able. Each group goes to Mr. Nealy and says that they are ready to work if he is. So Mr. Nealy is doing his bit portion. All who have worked plan to come other days besides names have not been handed in from Portland, the past week.

Mr. Warum and father made a trip to Portland. Mr. Warum was one of the boys to suffer from shell shock, so his father accompanies him while he is on the homestead. They have a very neat little cabin and ten acres fenced. The Coal Creek school is but a few rods from their door.

Mr. Hawkins has said that he will do his part to aid the good road movement in this locality. Mr. Hawkins lives upon the Russell place.

Fred Davis was at his ranch for a few days visiting with his children who are under the motherly care of Mrs. Todfast. Both children seem to think a great deal of both Mr. and Mrs. Todfast who have rented the Davis farm. Seemingly the arrangement has proven to be the best possible for all concerned. The children's mother died when they were very small.

Mr. Compton was out to view the road situation last week.

Mr. Joplin went to Portland Saturday. Mrs. Joplin has been under the doctor's care.

Mr. and Mrs. Chas. Tidd spent a day working on the new road. They later worked at the Badger homestead.

**J. I. CASE TRACTOR AND HORSE DRAWN PLOWS** **VULCAN TRACTOR AND HORSE DRAWN**

We offer you two lines of plows that have been especially developed in many ways, for our Northwestern trade. In the J. I. Case we have a complete line of walking and riding plows, including the J. I. Case Easler Gang plow for light tractors. These Easler gangs were bought last year and are being sold at very favorable prices. The Vulcan Plow is operating successfully in all parts of the Northwest where Chilled Plows are preferred. The Vulcan Tractor Gang, shown here, possesses some features that you will want when you understand them. It is very elastic, can be changed from 12 to 14 or 16-inch cut in very few minutes and is made in one, two and three bottom sizes with genuine fool proof power lift.
