SANDY DEPARTMENT

MRS. J. M. C. MILLER Correspondent

SCHOOLS IN EASTERN SECTION OF COUNTY ALL HARD AT WORK

The student body of the Sandy Union High elected their officers for the term as follows: President, Albert Wilkins; Vice-presidet, Fred Jnuker; Secretary, Josephine Dixon; Treasurer, Lyle Lilly. The student body is already making plans for several interesting affairs during the year which will be announced later.

Mrs. Geo. Ten Eyck went over to her home in Marmot to spend the week end with her husband. There are about fifty little on's registered in her primary department. New seats have been added to the room, which makes it considerably crowded, and Mrs. Ten Eyck says she cannot do justice to so many pupils, which is a resonable statement.

Florence Toller a high school student from the Bluff road is taking piano lessons from Mrs. Purcell. Miss Tooler plays nicely and is an interesting student.

Ellsworth Bell is also taking piano from Mrs. Purcell and Mr. and Mrs. A. C. Thomas drive him over on Saturday's for his lesson. Miss Vera Mixter is teaching again this year. Sandy is fortunate in having two good piano instructors.

Miss De la Fontaine writes from Berkley that she is taking English, Greek, Latin, botany, history, which make seventeen and one half units of work, including physical education. Miss De la Fontaine is also studying verse having submitted a poem, as entrance to the class depends on the acceptance of the same, and she says, I "got in". Although the work at the university is enjoyed greatly, still there was warm place in her heart for Sandy friends.

Edith Folsom who was a H. S. pupil here last year was in town visiting for a few days during the week, and will go to Portland soon for another facial operation necessitated by being kicked in the face by a horse a year ago. She is sorry her school work has to be interfered with.

Grant Jonsrud of Kelso is going to Gresham high this winter and likes it fine.

Mrs. Gullixon of Gresham has a class of piano students at Boring. Among them are Naomi and Letha Child, daughters of "Billy" Child who was so many years carrier on Route 2. Also the Malding girls are in the same piano class.

On account of her health Mrs. Gullixon had to give up directing the Boring orchestra.

Last week the Boring school district voted down the proposition to unite with the Gresham high, so the Boring H. S. students will not be admited into the Gresham H. G. There are seven pupils there. Most of them have already gone to Portland. Sandy has a fine H. S. and really there is too much money paid out of the county for tuition! When roads are better surely we can centralize our schools so as to accomodate more students and thereby keep more money at home, to build up our own institutions.

Emma Gregson a member of the Boring school cooking club took the first prize on bread at the Canby fair, and Dorothy Burpee got third prize. Mellville Ritchey was a third prize winner in the Pig Club. The Boring schol children made an excellent display at the fair. Prof. Malding and Ed. Seifer drove the children over to Canby.

The Deep Creek school boy's Pig Club exihbited eight hogs at the fair and got two prizes, the first and second. The prize winners will also be entered at the Salem state fair.

Helen Jarrel of Kelso entered white Wyandottes a member of the eKlso chicken club.

Vernie Jarrel won the first prize on a grade-Herford calf three months old. The pize was eight dollars. He also won an eight dollar prize on potatoes (Burbanks) and that exhibit will go to the state fair.

The cooking and sewing club of the Orient school had an entertainment at the hall on Saturday night, demonstrating their work and then gave a play entitled "Dr. Cureall." After the evening's program was finished some of the young people came up to Sandy to the Progressive Club dance.

Miss Ivy Ten Eyck has only twenty-three enrolled in the primary grade this year, against forty of last year. One little six year old boy had a very hard time to learn to count to ten and Miss Ten Eyck kept urging him to try again and he blurted out, "O heck! I've tried that a lot of times already."

The Marmot school opened a week ago Monday. The teacher is Miss Rosenberry of Portland, and she is boarding at Aschoff's.

The principal of the Lusted school is Miss Tallman, and the assistant Miss Grace Fieldhouse, both of Gresham.

The following teachers are doing excellent work in the Orient school this year: L. A. Burlingame, principal of Fairview, Mrs. Harry Chase, and Miss Dolan of Pleasant Home, and Miss Ivy Ten Eyck of Marmot.

Alice Alert has gone to Oregon City to go to school this winter and is staying with a family there, so she can have the opportunity.

Ed. Burmeister son of John Burmeister of "The Burn" is going to the Sandy grade school this winter. He is staying with his grandmother Mrs. August Senske.

WINTER SERIES OF COMMUNITY SINGS ARE STARTED AT SANDY

SANDY, Sept. 29.—On Sunday evening the first of a winter series of community singing was held at the Methodist church, which was, by the way the second time the church had been at night in a period of a year and a half. The program consisted largely of congregational singing, with some special numbers by both children and grown ups. Catherine and Zelma Allen sang a flower song, Jonnie Shelley whistled, Miss Meyers read, Mrs. Miller sang, Dorothy Esson also sang a solo, and the impromptu choir gave a selection. In fact the entire program was gotten up on very short notice and no one had time to 'practice!" However, everyone seemed to pass a pleasant evening and there was a good crowd present. It is a good spirit in any community which gives it's best freely, one for teh other. Everyone had that God-given gift. But is it not true that the greater the artists in any line the more that art is commercialized, so only those who can pay the money price can enjoy it? To come together as just "folks" and each do what can be managed in the spare time from the stress and strain of every day affairs is the object, of these "sings". An old lady in a certain small church in Portland said one time that she didn't know the first thing about music, but she did know when her "ears hurt!", and that winter most everybody's ears hurt in that little church! We shall at least try to make harmony so as to spare people's "ears." Sandy has about as much talent as the average town of its size, so everybody come and keep coming every Sunday night! There are few shows where every number on the program makes a hit, but all are to sing at these services, and we will soon work up better music in the community if everyone takes a hearty interest.

Rev. Bistol, the Methodist minister, who has been preaching here every other Sunday morning for some nine months, was out Saturday and made calls during the day, taking a sort of invoice of the community as to whether there were enough persons to organize a Methodist church here, but the sentiment of the people is more on the order of community work and there are not enough of one denomination to make an organization. The S. S. is doing good work and with the song service, the general union opinion seems to be against employing a minister regularly.

OAT CROP RUNS 112 BUSHELS AT BANGER FARM NEAR SANDY

SANDY, Sept. 29.—Carl Banger of Sandy-ridge seems to hold the record around here for a prolific yield on an acre of oats. On the twentieth of March he sowed an acre of oats of the "Shadowland Wonder" variety, which is a short heavy oats, which probably accounts for the heavy stand not 'lodging", when the moisture was heavy. The oats yielded one hundred and twelve bushels to the acre, machine measure. The land was measured and contained just one acre. No fertilizer had been put on this year, but in '19 a poor stand of clover was plowed under, potatoes planted, then a large coat of barn yard fertilizer was spread over the ground. The same kind of seed was sown on May 13th which yielded thirty-two bushels to the acre. Langer's gray oats went sixty bushels to the acre.

Considerable fall plowing has been done in various localities, but farmers are anxious for good weather now so as to get the fall crops in.

Too bad that Dave Douglass lost so much of his grain on the Revenue place. At least half of it was not stacked when the grain set in and it is rotting in the field.

Joel Jarrel has already dug his potatoes, getting 150 sacks from one and one fourth acres. Planted them in February. He says this crop is the heaviest, the smoothest and most even sized of any potatoes he ever raised. Mr. Jarrel and Gilbert Ert have marketed their wheat in Portland, selling to the Cown Mills for two dollars and twenty-three cents per bushel.

When the government regulated the price of wheat during the war it was fixed at two dollars and twenty three cents a bushel and mill feed was then thirty two dollars per ton Now under the profiteers management the wheat is only two twenty per bushel and mill feed hovers around fifty seven of fifty nine dollars per ton in Portland.

Fred Suckow of Sandy ridge threshed over fourteen hundred bushels of grain this season. Chas. Krebs got forty bushels of oats and vetsch off of one acre, which he considered good. He also got three hundred and seventy bushels of gray oats off of nine and one half acres which was not sowed until the last of February.

John Burmeister is planting one one half acres of strawberries of the New Oregon variety.

Business Not Politics

Political forecasters are likely to be surprised when they get the returns on the National election from the farming states this year. Farm organizations are stronger now than ever before in the history of our country, and they are thinking along business, rather than political lines. People who have been in touch with this great farm movement are not surprised that thousands upon thousands of farmers who have heretofore voted the Democratic ticket, will this year vote the Republican ticket. They find in the Republican platform a straightforward program for the upbuilding of our agriculture. The Democratic platform gives as much space as the Republicans to the discussion of agriculture, but a comparison of the two platforms reveals vital points of difference.

The Democrats re-affirm their policy of a tariff for revenue only. The Republicans pledge the farmer protection against competition of cheap farm products from other lands.

The Democrats were asked to pledge an end to price fixing on farm products and to government price drives, which have not helped the consumer a particle but have beaten down prices of farm products. They refused to make such pledges. The Republicans have taken a positive stand in this whole matter of price fixing. They denounce it as unjust to the farmer and not helpful to the consumer. Level headed farmers are noting the difference between the two parties in these matters which are so vital to their interests.

SANDY NEWS

SANDY, Sept. 29.—Miss Ivy Ten Eyck who spent the end of the week with Mrs. J. M. C. Miller said the Orient canning team went to Salem to demonstrate at the fair, and were very happy over winning the state championship for club canning. The girls are Wilma Chase, Blanch Harris and Genevieve Mannery.

Harry Dodson was down from Snag Camp on Saturday to see his family Mr. Dodson will be back and forth from the station until he gets things in shape to leave for the winter, then he will work in Portland until the fire-warden duties call him next summer.

The continued storm of the week put the roads in bad shape for the Progressive Club dance which was held on Saturday night at the Odd Fellows hall, so the attendance was not as good as usual, but every one had a good time, and the supper, which was served upstairs in the hall was pronounced as "fine." Miss Bertha Albel is the president of this young people's society, and Alois Gray, secretary. The Altar society assisted the young people in serving the supper.

The rain storms seemed to cross a number of country lines this week so that phone gossip was not in the least enjoyable.

The little daughter of Mr. and Mrs. Will Carrow has been miserable for a week or two and has been under the care of Dr. Lawton.

A. W. Shipley who has been hauling for a few years in the Marmot country sold all of his teams and wagons in Portland last week and will probably remain in Gresham all of the time now. Mr. Shipley who is quite a sage in discussing the various life-problems says every one is expected to do his duty, but it is what we do over the "duty measure" that really counts for much!

Geo. Perret has been stepping high for a few days because of the good news received from Portland that young George Albert was left for him by the wary stork on Sunday morning at the Woman's hospital. Geo. hurried down to see the young man and says he is a fine youngster, weighing almost eight pounds, and Mrs. Perrett is getting along nicely.

H. L. Guthrie of Dover was in town on Monday looking after business and other errands.

Mr. and Mrs. John Burmeister and family had their Sunday evening supper with the Algire family, who purchased the Moak property last winter.

Mrs. H. Blackhall was a guest of her daughter Mrs. Alice Scales last week. Mrs. Floyd Reed and children and Miss Bella Blackhall of Corbett were also guests of the Scales family.

Mr. and Mrs. Dell Jadwin and children of Bull Run have gone to Idaho on a business trip.

Geo. Maroney, R. C. Frace and Lige Coalman were over at Corbett and caught a number of fine big salmon the other day, but they used a silver hook to get them!

One of the Sandy Lumber Co., mill boys took the Marmot road to drive home from work Saturday night because he thought it was the best road, and another took the Cherryville route because he thought it was best and both got stuck in the mud! That's the way, whichever road one takes now he wishes he had taken the "other."

Mrs. Anton Malar of Firwood and her mother Mrs. Heacock, drove into Portland on Satuday despite the stomy weather.

Dr. and Mrs. Sture were Sunday dinner guests at the home of Mrs. Sture's father and mother, the J. A. Staffanson's of Powell Valley.

Miss Jennie De Shazer, well known in Sandy, was married a few days ago to Mr. McCarter of Gresham. Mrs. Extrom of Gresham is Mr. McCarter's sister.

Mrs. Vera Smith, Past N. G. presided at the Rebekah session Thursday night, Ms. Townsend being unable to attend. Miss Bess Barton played in place of Mrs Esson who was absent. An especially nice supper was served

The Baumback family celebrated Mr. Baumback's and Marie's birthdays on Saturday evening with a dinner. One birthday came Saturday and one Sunday—very convenient for Mrs. Baumback.

Mrs. August Senske drove her husband down to the train on Saturday and he left in the evening for the east whither he has gone for a visit with relatives.

The latest wedding bells that have echoed up this way from Boring are those of Miss Cassie Beck, daughter of Mr. and Mrs. Henry Beck and Ernest Amsberry. Mr. and Mrs. Amsberry will live at Boring. Miss Margaret Ande and Fritz Stagger also of Boring were married recently.

J. B. Heddy who has been over in the Spokane country working in the harvest field has returned to his home at Boring.

Mr. and Mrs. H. H. Hughes of Boring who have been away in the hop fields near Salem have returned.

Lloyd Baker was up visiting his old-time friend "Billy" Welch last week. Mr. Baker 'almost" went to the Pendleton Round Up. Perhaps the weather had something to do in keeping Sandy from being represented there this year.

C. J. McCully hauled a truck load of cement up the mountains for the Johnson Construction Co., a few days ago and hauled a load of lumber on his return trip for Jonsrud and Meinig.

Mr. and W. E. Ball of Lincoln Co. drove to Portland last week for a few days, then came out to visit the Millers. Their daughter Margery was married on Wednesday night at the Episcopal church, Dr. Morrison officiating, to Frank Wade of Toledo, Or. Mr. Wade was gassed while in the service in France and almost lost his life by a bomb bursting at his side. After a month's honeymooning the young couple will live in Portland. Mrs. Wade is Mrs. Millers niece.

Among the men down town on business Thursday were Frank Christiansen, Geo. Wolf, Geo. Beers, Geo. Krebs, Geo. Perret, and Henry Herman of Sandy ridge, who went down to see about a team recently purchased in Portland which did not seem to be as recommended. Mack Thomas of Bull Run was also in "town."

Snow at Bend was really worse than wintry rains, but it snowed up at Government Camp, not so very far away.

Mrs. Ann Little Page of Sandy Ridge was over at A. C. Thomases at threshing time last week. The Thomases had their grain sheltered.

Mrs. Nick Smith got word of her brother's passing away in Iowa during the week. His name was Joseph Friedson.

Mrs. Clyde McCully was ministering at the bedside of her aunt, Miss Alta Howard last week, and was with her when when she passed over the great divide. Miss Howard had been with Mrs. McCully's mother, Mrs. Gow, who lives near the Twelve Mile house, for about six months, and had gone to specialists and taken treatments for diabetus, but only received temporary relief. Miss Howard was buried in Portland. Mrs. McCulyl's friends have been in sympathy with her during her days of sorrow and care.

Willie Fisher had his leg broken below the knee by being struck by the haul back at the Sandy Lumber Co. mill, last week, he could have dodged had he measured the distance with his eye as the pulley swung around. Fisher was taken to the Good Samaritan Hospital and is getting on."

Jack Scales drove to Oregon City on Friday on a flying business trip but could not fly fast enough to dodge the sparkling rain drops so got wet and felt the consequence, as usual.

Mr. and Mrs. Joe Lilly and little daughter drove over to Forrest Grove tospend d the week-end a-visiting old friends, and Roy and Lyle performed the batching act, while they were gone.

Mrs. Alice Severin and little one's have been out from Portland spending a little while with John Hailey on the Ridge. Mrs. Severin is Johns's sister.

"Shall we, or shall we not," is the absorbing question among the Rebekah ladies just now, the subject of discussion being a leap year dance. The ballot has not been taken, as yet.

Mrs. John Wheeler of Pleasant Home who had to undergo the second operation in the past two weeks is now getting better and will recover, though she has been very ill. Mrs. Duke, her sister, who was with her for ten days has returned home bringing Mrs. Wheeler's little daughter, Louise with her for a couple of weeks.

Chas. Krebs presented a petition to the court at Oregon City Monday which he has been circulating on Sandy Ridge to change the boundary of road district No 6 in this wise: All of the road lying south of the present Mt. Hood Loop survey shall be known as road district No. 6 and all of that portion lying north of the Highway shall be known as the Cottrell district. This is said to be a very desirable change, and it is believeded the request will be granted. Practically all of the tax payers signed the petition.

The Krebs threshing machine is now under cover at Shipley's There is still another week's threshing in that section, but nothing can be done till the roads dry. Mr. Mattingly also has grain still in the schock which is no doubt spoiled.

Geo. Epeprson who was running the Charley Krebs thresher for several weeks has gone home to Deep Creek and Mr. Krebs hopes to handle the engine himself when the weather gets better.

Walter Krebs hurt his hand painfully while handling the tongue of the thresher last weey.

Mrs. Fred Suckow and Richard drove down to Portland on Sunday to spend the day visiting with relatives.

Mrs. Tom Hagan is in Gresham where she has another case of nursing. Mrs. Hagan has had all she could do of late, keeping teh home fires burning and helping out in so many sick homes, but the active person is the one who gets most out of life after all.

Mrs. Sabash, whose home is in Portland, has been out visiting at Mrs. Truble's home on the Ridge. She returned to the city, Mrs. Carl Wendland driving her down on Monday.

Roy Rich of Pleasant Home is still at death's door with typhoid fever which he contracted in the hop yards and was brought home in a serious condition. Both Doctors Short and Hughes have been attending the case. Roy is the son of Mr. and Mrs. Arthur Rich, and much sympathy expressed because of the young man's illness.

Johnnie Dunn came home for the week end from Cascade and was at the Progressive Club dance. The Andrew boys of Pleasant Home who are also at Cascade drove home on Saturday and Mr. Dunn came with them.

Mrs. Thiess of "The Burn" received her citizenship papers on Monday. Casper Junker of Sandy going down to Oregon City with Mrs. Thiess as a witness. Mrs. Laura Mack formerly of Firwood and Sandy came from Eugene to be a witness also. Mrs. Thiess lived in Hamburg, Germany, before coming to this country.

Fred Koenicke who has been in Hood River doing carpenter work for some time has returned to spend the winter on the farm.

There was asurprise party given on Mr. and Mrs. Ed. Sensenbrenner of "The Burn" during the week. It was a house-warming party as their new cabin was just completed on their homestead. The neighbors present were Mr. and Mrs. John Burmeister and son, Mrs. Heacock, Mr. and Mrs. Spaller, Mrs. Theiss and Frank Thiess and Mr. and Mrs. Sensenbrenner. A fine midnight supper was enjoyed by all present. The host is an overseas man having spent two years in the service across the water. His father has arrived from Wisconsin to spend a couple of months with his son and family.

Mrs. Victor Bodley of Dover returned the first of the week from Portland where she spent a week visting with her sisters and friends.

Mr. Stucke, Gottfried Stucke, of Firwood and Victor Bodley of Dover are working on the market road at Sandy, helping clear the road that detous at the Ridderbush hill.

Dorothy May is the name of the new little girl that arrived at the home of Mr. and Mrs. Donald Bodley of Cherryville recently. Teh little one weighed nine pounds.

Road work did not make the usual progress during the week because of the frightful weather, but things will hustle now with the glad sun shining and an east wind blowing. The rock crusher was put in operation, however, regardless of weather. The top dirt is being removed in little cars that are swung an cables from the top of the Meinig hill to trees across the road so the dirt can be dumped into the canyon, and the rock can be gotten out quickly by such an arrangement. Hauling of gravel will proceed more rapidly now.

Too bad Jupiter Pluvius had the nerve to spoil so many plans of the county fair at Canby! There was a splendid exhibit, big program that could not be fully carried out. Races, for instance had to be called off and the brass band could not play for want of shelter. We were surely lucky to have arranged our show just when we did!

Joel Jarrel of Kelso attended the fair at Canby and reports all competition heavy. His son, Vernie was also there and helped take care of the school children's exhibits of hogs chickens and calves.

Carl Hansen of Deep Creek made two trips in the Hansen touring car with a trailer attachment to take the hogs over to the fair. John Anderson jr. and young Carlson and Bartlemey were also membes of the club and the eght hogs wee entered between them

The regular meeting of the Mountain View Chapter of the Eastern Star will be held on Wednesday night, October 6, and a pleasant time is expected.

Remember the all day session of the Grange on Saturday, October 2. Discussion of the various political measures submitted to voters will be a part of the open session program. J. G. DeShazer is Master, and A. C. Thomas Worthy Lecturer.

On Saturday night, October 2, there will be a meeting of the Development League and a good attendance is desired as there will be live interests to discuss and a short program will be given also. The meeting will begin at eight o'clock in the Odd Fellow's hall.

OLD PAL PETE:

This is a P. S. to the letter I wrote you on the buzzing Limited. Kid, for a fact, I'm hitting 13 on making up Camel advertisements. *And I'll say it right here!* Porter, give us the lights!

Just skimmed another swell Camel fact! Stop this: Guess I've smoked a million Camels! Pete, they never tired my taste yet!!!! And, old socks, *put Camels to the test!* Then you'll wise up that Camels leave no unpleasant cigaretty after-taste nor unpleasant cigaretty odor!

That's some smoke news, I'll say, when you been trying to fuss the "straight" brands! And, old shoe, *you ought to know*, they gave you a lacing!

What makes a dent on my disposition is that while Camels are the mildest cigarette and the mellowest cigarette any man can buy they've *got all the "body" you ever heard tell of!*

Why Pete, I got as many new selling ideas about Camels as there are hairs on a purr-kitty's tail!

Drop your old lamps down here,—how's that for blazing the joy Camels pass out!

Me for more of 'em

Shorty.
