THISTLE FUND—Walter Schlickeliser \$10.00.

WE NEED MONEY ON OUR ROADS

VOTERS:—We feel it our duty to call your personal attention to the urgent necessity for the passage of the bond issue of \$250,000 for a new bridge across the Willamette River at Oregon City. This is a COUNTY BRIDGE and must be constructed by Clackamas County, and the county is responsible for any damages that may occur. Everybody knows about its present condition, and it can no longer be repaired and made a usable structure. The financial plan for paying off the bonds is very modest, and will cost the taxpayers only \$1 on each \$1000 valuation for a period of 13 years, all of the bonds being retired at the end of that time. This money cannot be supplied at present by direct tax by vote of the people for the reason that our present county road levy is nearly 10 mills and 10 mills is the limit beyond which neither the people nor the county court can go.

What Is The Alternative?

The County Court cannot dodge the issue, and the BRIDGE MUST BE RE-BUILT! We want the people of Clackamas County to know THE FACTS. If the Bridge Bonds are voted down, then the court will be compelled as a measure of PROTECTION TO THE TAXPAYERS THEMSELVES to in some way finance the construction of the Bridge out of the ROAD FUND. Now, let us see what this will mean.

Preserve the County Roads

Owing to the refusal of the Supreme Court to validate our road bonds, the roads of this county are in a bad condition in many sections. NEXT YEAR, as never before, we shall need every dollar OBTAINABLE, so that by next Fall our road program shall be well advanced, and we MUST NOT take money that is needed on the roads, and divert it to other purposes. KEEP THIS IN MIND, and let us have 100 per cent of our road money ON OUR ROADS.

VOTERS OF CLACKAMAS COUNTY THE ONLY REMEDY IS BEFORE YOU

Vote YES on the BRIDGE BONDS
