For Constable

Ed. Fortune, 1833
D. E. Frost, 1762

STATE TICKET

United States Senator in Congress
Geo. E. Chamberlain, 4379

Business On The Farm

Close co-operation between bankers and farmers is necessary for the latter to increase his profits, asserts George A. Woodford, in an article on "The Relation of Banking to the Business of Farming," in the November issue of Farm Mechanics magazine. He lays particular stress upon the statement that farm life without the drudgery, with all modern conveniences, and farm life that is more attractive, interesting and profitable is within reach, if business methods are adopted. In his argument that the farm must be put on a business basis, Mr. Woodford says:

"The successful business man who sees an opportunity to make one dollar produce two doesn't pass it up because he does not have the dollar, nor does he wait until he can save it. He borrows it, puts it to use, and in addition to his own gain, the banker who loans it makes a profit, the community takes a step forward, and the nation progresses.

"When extensive tests have clearly proven, as in some localities, that four dollars' worth of fertilizer will increase the yield of an acre of wheat ten to twelve dollars, why lose the added profit because one does not have the four dollars in cash. When farming-with-power units have proven their ability to pay for themselves, often in one year, why do without them just because the cash is not on hand to pay for them? Under such a policy one is likely never to have the money.

"The man who puts his farm on a business basis, who studies the possibilities before him, and plans to make the most of them, who will learn that business thoroughly, and intelligently present the banker with the opportunity to work him in the development of his farm and the community, will get the cash and the co-operation of the real banker."

BIG STILL IS FOUND; TWO MEN IN JAIL

Another "moonshine" outfit was broken up Sunday afternoon when Sheriff Wilson, deputies and federal officers arrested Antoni Testa and Bob Odrlin near Milwaukie. The two men were surprised in the act of "lighting up" the big condensary preparatory to running out several gallons of whiskey. Six barrels of mash, six 200-gallon vats and a number of bottles containing the finished product were taken by the officers and the operators are now in the county jail awaiting trial. The still was located on the Lake road, and both men arrested claimed that they lived at Portland. Another man by the name of Beers was taken to Portland by the federal men charged with being implicated with Odrlin and Testa.

MRS. VEDDER, MOTHER OF SUPERINTENDENT, INJURED

Mrs. Mary E. Vedder, mother of County School Superintendent Brenton Vedder, met with an accident at Spokane, Wash., resulting in a broken hip, according to word received by the superintendent Friday. The

accident, which occurred November 10th, an hour before Mrs. Vedder was to leave for her home at Woodburn. She lost her footing and fell down a flight of stairs and is in the St. Luke's hospital at Spokane.

Mrs. Vedder was accompanied to Spokane by her daughter, Mrs. John Barger, of Woodburn.

BIG CONVENTION OF GRANGERS TO COME TO OREGON

The national grange convention will hold its annual meeting next year in Oregon according to word received here last night. C. E. Spence, state grange master from Clackamas county is responsible for this and attended the national grange meet in Boston last week with plenty of literature and exhibits to attract the convention here.

The city where the convention will be held in Oregon has not been decided upon and the national executive committee will decide later, although it is understood that Portland will be the city chosen. The movement to attract the convention to Oregon was started last May when the Lents grange advertised the state extensive by among the farmers.

The 1921 convention will be held in Oregon; 1922 convention in Kansas and the 1923 convention in Maine.

Mr. and Mrs. Spence are expected home in about two weeks from the east and the grange master will receive a royal welcome from the state grange of Oregon for his efforts in behalf of Oregon.

MAN IS KILLED BY EXPLODING GASOLINE LAMP

Peter T. Johnson was accidentally killed last night about 9:00 o'clock by a gas lamp explosion at his place. He had attempted to pump up the light and had just touched the match to the escaping gas when it exploded. He lived about two miles east of Tualatin and was a bachelor 72 years of age. Owing to the lateness of the hour we received the news for publication we were unable to give full particulars in this issue. Coroner Johnson was called to the scene of the tragedy.

DISTRICTS TO RECEIVE \$6.60 PER SCHOLAR

The semi-annual apportionment of school district funds to be made this month will be the largest in the history of Clackamas county, according to Brenton Vedder, county school superintendent.

Each district in the county will be allowed \$6.60, per capita for each child of school age and the entire apportionment will amount to \$90,506.56.

Of the above amount \$23,262 will come from the irreducible state school fund and \$67,244.56 from the general county school levy. Exclusive of the \$6.60 per capita, each district in the county is allowed \$100 irrespective of attendance.

It is a known fact however, that the sum allowed Clackamas county from the irreducible fund is much smaller than it should be. The reason for this is that when the school lands of the state were sold the legislature let the lands go for little or nothing at that time.

40,000 Prisoners Taken by Reds

PARIS, Nov. 16.—The soviet army is in complete possession of the Crimean peninsula, the French foreign office reported yesterday. The Bolsheviks have counted 40,000 prisoners and the total capture probably is far greater, the dispatches said.

AN UNPRECEDENTED OFFER

During the period of our Special Bargain Week you may secure the

OREGON CITY ENTERPRISE

ISSUED WEEKLY

at a special one-half price rate, applicable to old as well as new subscribers.

THIS IS OUR OFFER

75c

You may secure a year's subscription to the Oregon City Enterprise during the period commencing November 18th, 1920, and ending November 30th, 1920, at just one-half the regular rate, provided your subscription is not in arrears. Thus you secure the paper for one year for only

WITH THIS PROVISION: Remember that your back subscription must be paid up to within the current year. If you are in arrears you may take advantage of this special price by paying up to date at the usual rate of \$1.50 per annum, and then in advance for as many years as you care to at the special half-price rate of 75c during the dates

NOVEMBER 18TH TO 30TH, 1920

Remember that this half-price bargain offer holds good only between the dates of November 18th and 30th. Act now!
A whole year's reading for 75c.
