The Sandy Grange must spruce up

a bit as to be in the game with live

wires for the National Grange meeting which is to be held in Oregon next spring, about the time when the roses have their recognition. Everybody should begin to talk about planting loganberries in this section. The Oregon City live wires are advocating the planting of 500

acres in this county and there is much Robert Manary place at Cotrell for acreage around here that would pay well if planted as the big company at Salem needs more berries to supply their demands. Instead of saying "get a pan of potatoes" this year "spuds" are so large

that the saying now is "get the potato ready for supper!" There are so many potatoes in the ground yet that the price may come

ep if a heavy freeze comes Mrs. Glenn McIntrye of Brightwood was in town one rainy day last week. Just to plant flowers at "Rainbow Rest", Mrs. Caron drove up and back to her homestead at Wild Cat the other day through the rain and mud, but she was happy because the flowers were given her to add to the eauty of her home.

John Leithiser of Bell Rose station who is a cousin of Mrs. Cubitz came out to spend Sunday with the Cubitz family.

Jess Stafford and family of Portland were out to spend Sunday with Mr. and Mrs. John Dunn. The Staffords are former residents of Sandy and are well known around here. Mrs. Stafford is Mrs. Dunn's sister.

Miss Bertha Albel recently gave a dinner for Miss Byers, the planist, sin. There were a number of guests. C. L. Hansen, the "forestry man", was down from his habitation at Zig Zag on last Saturday.

Mrs. Jack Scales was in Portland on a business trip during the week.
