H. W. Lancashire is well known in ficiating Toledo, O., as the Dodge Brothers dealer, but he is perhaps better known at least among the juvenile population of the city, as "Santa Claus."

Several years ago Mr. Lancashire decided to test the appetites of Tole do's kids by giving away 5,000 crates of oranges. The crowd that aestabled on the day of the distribution almost wrecked his salesrooms. So, the next year he made it 10,000 crates and made his distribution in the Amory, Again the young mob turned system upside down and the 10,000 applicants had "formed in line." This year the story is going to be different. There will be 20,000 crates and the children will be admitted 50 at a time into a specall room in Toledo's huge Terminal building, where they will Kitty I. After the big "giveaway" there will be private distributions for sick and crippled children, orphans and others who cannot go to the Terminal building with the crowd.

Orange Day has come to be recog nized by all Toledo as one of its biggest annual events. Mr. Lancashire is referred to everywhere as "Orange Santa Claus." The 1920 "Orange Day"

will take place on December 19.
