

GERMANY HAS MANY OUT OF WORK AND FOOD PRICES SOAR

Gradually increasing prices for food in Berlin have caused a corresponding increase in the demands of workmen for higher wages and strikes, or the threat of strikes, hand over virtually every business in the city.

Approximately 1,000,000 persons are reported unemployed in Germany, the majority, some facing starvation. Four months ago 284,181 women were seeking employment, according to the labor ministry's estimate, and it was announced 300,000 persons shortly would be out of work or on short-time, the latter being unable to earn enough to support themselves.

Nearly every municipality in Germany is occupied with the problem of providing work for unemployed and adjusting wage difficulties, in an effort to forestall the spread of strike and further discontent.

COUNCIL HOLDS LAST SESSION FOR YEAR 1920

Mayor Holman presided over the last council meeting for the old council last Thursday evening in the city hall. Matters that have been hanging fire for some time were cleaned up, and the decks of the administration put in order for the 1921 council and mayor.

Those retiring from city offices are Mayor Holman, succeeded by James Shannon; John Loder, recorder, succeeded by Charles W. Kelly; George L. Story, city attorney, succeeded by O. D. Eby.

A resolution thanking the retiring mayor, recorder and city attorney for their good work during the past year, was adopted by the council. After the session, members of the council were invited to a picture show as guests of Mayor Holman at the Star theater.

The final reading of an ordinance changing the grade of Twelfth street between Main and Center streets occurred after the hour set for taxpayers' remonstrances had been passed. The street has already been graded, and the change in the ordinance is to make the proper grade conform. It was also decided by resolution that residents along Seventh street would be allowed to connect with the sewer on that street, upon payment of \$31 for each lot served. This sewer was originally intended for a water drain, and extends from Molalla avenue to Main street, but the present pipe has not proved satisfactory.

Oscar D. Eby reported that the A. C. Long Fire Apparatus company, through which the city is purchasing a new fire truck, may accept half of the \$15,000 bonds ordered sold to pay for the truck. This would leave but \$7500 in bonds to be disposed of locally.

HILL CLIMBING CONTEST WAS A THRILLER

The hill climbing contest staged by the Rose City Motorcycle club in this city yesterday afternoon on Monroe hill afforded many thrillers for the large crowd of spectators. Although a fine mist was falling, which made going rather slippery, nevertheless, the riders performed many daring and sensational feats. The only machine which arrived at the top of the big hill was a Harley-Davidson, owned by a Salem man. When the motorcycle got to the top of the rear tire on the machine was literally in threads. This was the second contest held here by the association.

In the amateur class, C. V. Hinshaw, of Salem was first; Sam Hare, Oregon City, second; and a man by the name of Kady, of Portland, third. The prize for this division was a trophy cup.

Surfus on the night beat, and the extra policeman comes under the budget for 1921, when two night policemen were ordered by the council. J. L. Bradley will succeed E. W. Scott as chief-of-police, and Scott has been appointed street commissioner.

Officer Bain, appointed by the merchants between Eighth and Sixth streets on Main, resigned, and E. T. Mass, United States deputy marshal, has been tendered the place, and is now temporarily filling the job, although it is rumored that Mass has not made up his mind whether he will accept the position or not.

The merchants located on Main, between Eighth and Sixth streets, held a meeting yesterday afternoon, and Al. Price was elected chairman of a committee to secure a time clock for the night merchants' police, and to install boxes containing separate keys for each business house. These keys will be used by the policeman to unlock the clock and punch in his time at stated intervals, thereby keeping a record of his activities during the night. Several new members were taken in by the merchants protective organization at the meeting yesterday afternoon.

City Hospital Rooms Prettily Decorated

The interior of the Oregon City hospital has attracted much attention since the Christmas holidays, as the 40 rooms have been prettily decorated for the season. Evergreens, holly and poinsettias have been prettily arranged and the decorations in each room have been the means of brightening the days of those who are receiving medical treatment at the institution. The nurses are responsible for the decorations, and also served a Christmas dinner. As Russell Cochran has been at the hospital since last April suffering from injuries received while employed at one of the paper mills, he has been given special attention. The support over the bed for holding his broken leg in place has been artistically decorated with evergreens, poinsettia blossoms and holly, much to the delight of Cochran. Each curtain of the big institutions bears a scarlet poinsettia blossom.

OPEN DOORS IN BUSINESS

THE THEATRE TREASURER.
The Theatre Treasurer is responsible for all the money taken in by that theatre. It is an important position and one which women are now filling with satisfaction, although sometimes it is more difficult for them to make the change accurately than for men. Many theaters have machines to make the change and this is simple to manage.

A theatre treasurer is usually under bonds, that is, a bonding company insures the theater against loss should any money be missing on account of the treasurer. Sometimes theatres pay the bonding company, and sometimes the bond is paid for by the treasurer.

As the job is responsible and requires skill, it pays in proportion. The usual pay for a beginner is \$20 a week while an assistant, and about \$60 in high class vaudeville and the legitimate theatre. In motion picture houses and small theatres, the pay is not so large. Exceptional treasurers receive \$100 a week.

The treasurer helps the manager make up the payroll and often takes charge of all the funds. Often there are one or more assistants, and they work two at a time, a long and a short day, with one day a week off, not always Sunday. Such hours are run from nine in the morning till twelve and from six to ten one day, and from twelve till six the second day, with the third day off.

The theatre treasurer must be a good accountant, honest, and must know the theatre well, and how many tickets are sold on an average each evening, and must make his receipts tally with the tickets taken in at the door.

Maternity-Infancy Protection.
A bill is now pending for the protection of maternity and infancy in the United States—and there is need for twenty years we have made no progress in battling against death at childbirth; recently the rate has slightly increased. The United States stands fifteenth among civilized countries in the safety it affords its mothers at this critical time and eighth for the assurance of life to its babies. This safety and this assurance is a matter of dollars and cents and we are the richest nation on earth. Something is radically wrong.

The Sheppard-Towner bill, House Bill 10925, is the effort to right the wrong. Its provisions were formulated by Miss Julia C. Lathrop, Chief of the Children's Bureau of the United States.

AGENCY SUES RICHARDSON FOR PART OF REWARD

The Burns Detective Agency entered suit against Ed. Richardson, of this city, for \$2500, in the circuit court of Multnomah county Thursday afternoon. Richardson, who received half of the \$15000 reward for the capture of John Doughty, alleged bond thief, is said by the Burns people to have "swiped" the circular containing Doughty's picture from the Burns office.

The agency contends that Richardson gave a written statement that he would pay \$2500 of the reward money to the Burns agency for assistance in capturing Doughty, and that later he reneged, and refused to "come across."

The complaint entered against Richardson alleges that he was working for the Burns people at the time of the discovery of Doughty in this city and that Richardson carried a card upon his person from the Burns agency.

Doughty also disappeared shortly afterward, and when he was brought back here a month ago from Oregon City, Or., he directed detectives to the home of his married sister, where \$105,000 in Victory bonds was located. No trace of Small ever was found.

MAN ARRESTED FOR REFUSING TO HELP SON

It is alleged by the officers that Mall, when arraigned in court, refused to stand up, and told the judge that if he wanted to talk to him, he would have to do it while he (Mall) was seated. It is reported that he refused to put up bail for himself and acted in a very disagreeable and surly manner. The case will be heard some time this week.

THE CHILDREN AND THE HOLIDAYS.

Although the annual holidays are full of joy they are always somewhat of a trial for the mother of a family. The house must be littered from top to toe with all the new possessions which 'twere cruel to put out of sight promptly. Excitement runs riot, also klick-knack eating. Dispositions follow suit, and presently the household machinery is quite disorganized. The noise and confusion have frazzled Mother's nerves and happiness goes glimmering.

But with wisdom much may be regulated and adjusted. Certain facts must be recognized and the program adapted accordingly.

It is well also to remember that little stomachs overloaded with the Christmas confections will need plenty of fruit, orange juice, apples, or even a mild cathartic to bridge the time of stress.

The managed holiday may be joyous, but the un-safe-and-sane one is bound to end in calamity.

WORD TO THE WISE

For Stopped-Up Drains.
Buy a pint bottle of sulphuric acid and pour down the kitchen sink and bath room drains. Take care not to inhale the fumes of the sulphuric acid while doing it. Let stand ten minutes and then rinse thoroughly, by letting the water run in order that the acid may not injure the pipes.

If you prefer a home-made, though less effective plan, pour down each drain a pail of boiling water in which has been dissolved a general amount of sal-soda.

Do not put boiling water in the toilet stool or it will crack the stool, for the trap contains cold water.

NEW YEAR WELCOMED BY YOUNGER SET

New Year's eve passed off quietly in this city with very little disturbance. A number of young fellows displayed considerable enthusiasm along about 12:10 o'clock, and welcomed the new year by the blowing of horns, whistles and other noise-making apparatus. Two or three dances in different parts of Clackamas county, and several watch parties were held, which attracted many. FARMER IS WINNER OVER H. BUNKER

The card pulled off at the Milwaukee boxing arena New Year's afternoon did not draw as large a crowd as was expected, although the fights were good. Frank Farmer proved to be more than a match for Harlan Bunker, and at the beginning of the second round, Bunker's seconds threw in the sponge. Farmer knocked his opponent down in the first set-up, and from then on Bunker seemed to be in a daze. Alex Trambitas received a draw at the hands of Frankie Murphy, although the majority thought that Murphy had a shade of the best of it. Ray Rose and Babe Herman put up a good scrap which ended in favor of Herman. The other two cards on the bill—Sutherland and Dawson; Fiske and Nelson, both were a draw.
