Franz Kraxberger to Return to America

MACKSBURG, February 9.—Again the American's month has come. However stupendous may have been the events of the other months in the year, February must always stand conspicuous as being the natal month of our two greatest countrymen.

Could Washington, who freed us from a foreign yoke and Lincoln, who purged our country from slavery while saving our Union from disruption but look upon us today and review the achievements made since the Spring of 1917. Could they know that to their country belongs the gratitude of the world not only for ending the greatest war that history records but for being first in a charity as colossal in proportion as was the war itself.

Franz Kraxberger has written from his native town in Austria that he has bought an estate in that country but is to continue living in his Macksburg

FARMERS—GET TOGETHER NOW!

Get together, work together and join in a state and national way. There is only one way to get into the State and National Federation of Farm Bureaus, and that way is through the County Farm Bureau. Every unit must be organized.

Have you ever had an opportunity to belong to a farmer organization that had a local county body to work through and a state body and a national body? If so, was that body strong in numbers and strong in finance, so that it was really capable of getting results? Be serious with yourself now. Is there today such an organization for farmers that is so organized and growing so fast as the Farm Bureau?

IT IS WINNING FARMERS LITERALLY BY THOUSANDS

Will you be one to join or will you stay out and continue to say that farmers will not organize? While you are knocking they are organizing as they never have before; 120,000 in Iowa now; 102,000 in Illinois, who pay \$10 and \$15 per year; 90,000 in Michigan.

CLACKAMAS COUNTY IS A GOOD COUNTY; AT LEAST CLACKAMAS COUNTY FARMERS SHOULD JOIN—DO FARMERS WANT THIS ORGANIZATION?

There are now approximately 1,500,000 farm families represented in the membership of the American Farm Bureau Federation. Thirty-five State Farm Bureau Federations have grown strong enough in members and money to take part in the A. F. B. F. Nearly 1500 County Farm Bureaus are now actively carrying on their work. The Farm Bureau is far beyond the experimental stage, in county, state and national work. You do not need to wait for results. They are already being accomplished. Isn't a sensible, business-like thing for you to join this big, national farm organization?

30 FARM SOLICITORS IN THIS COUNTY

Every one of whom is a thorough believer in the Farm Bureau, will come to see you on your own farm the week of February 21 to 26. They will ask you to join with them in this great effort to put all farm folks on an equality with those in other walks of life.

THE CLACKAMAS COUNTY FARM BUREAU AND THE OREGON STATE FARM BUREAU have agreed unanimously that the Greater Farm Bureau in county, state and nation is worth \$5.00 per year for each family, or it isn't worth anything. And furthermore, no one is taken for a member for just one year. If it is worth anything it is worth supporting for a period of years.
