

FARMERS OF CLACKAMAS COUNTY

You have long wanted to see all farmers acting and speaking together on the great problems that confront us as farm folks and as citizens. You have wanted for years to get into an organization that is nation-wide, that helps to organize farmers in various associations for specific purposes, but that does not forget the local problems of the farmers.

You want now, in this year 1921, some voice in the railroad question, in taxation schemes with which the county is filled, in legislative matters, in the great question of cooperative marketing, in the intensive educational campaign that must be continued to tell the average city man about the real conditions as to profits and loss that the farmer is up against, and in all these questions of country living that pertain to the welfare of the home.

You have wished to see a safe, sound, farm organization with resources ample to carry on its work, one that could work harmoniously with all other organizations, doing them good in their particular fields, and receiving help in return, and one that does not neglect the women and children.

The Farm Bureau Supplies You All These Long-Felt Wants

and come to you controlled and operated by real on-the-soil farmers, working towards the solution of our farm problems, whether they are economic, legislative, productive, educational social, commercial, or what-not, in carrying this work forward the farm bureau uses all organizations that are now operating, and is used by them also.

IT TAKES BOTH MEMBERSHIP AND MONEY TO DO THIS CLACKAMAS COUNTY HAS BOTH THE MEMBERSHIP AND THE MONEY.

Membership in the Clackamas County Farm Bureau will be \$5.00 annually per family, with the opportunity given all farm people to get into this great national, state, and county organization, so that Clackamas County farmers may do their part in working out the solution of some of our farm and home problems.

The membership campaign will begin February 21 and end February 26. It will be directed by the Clackamas County Farm Bureau and the Oregon State Farm Bureau.

The first meeting of the Gladstone Auction Bridge Club, organized last week, met at the home of Mr. and Mrs. William Hammond Friday evening, when a most enjoyable time was had. Instrumental music was also among the features of the evening, and followed by refreshments, when Mrs. Hammond was assisted by her sister-in-law, Miss Marguerite Hammond.

Pussy willows, Oregon grape and ferns were arranged most artistically in the rooms of the Hammond home, attracting much attention.

The next meeting will be at the home of Mr. and Mrs. Frank Nelson, on February 18th.

The club members continued their study of French composers, when two of the dramatic composers were taken up for discussion, these being Daniel Esprit Auder and Louis Ferdinand Herold.

Mrs. E. E. Brodie sang sweetly from a French opera, accompanying herself on the piano, and her numbers were greatly appreciated, for

she was forced to respond to a hearty encore.

Refreshments were served. Carnations and ferns were used among the decorations of the reception hall, living and dining rooms, and were artistically arranged.

A pretty home wedding took place at the home of Mr. and Mrs. Louis Vierhus Saturday evening, January 29th, when their daughter, Miss Mary, became the wife of Carl Kirchem, son of Mr. and Mrs. W. P. Kirchem, of Logan. The impressive ring ceremony was read by Rev. H. G. Edgar, pastor of the Presbyterian church, in the presence of only relatives of the contracting parties.

The bride made a striking picture in her gown of Belgian blue crepe meteor, with draperies of Georgette crepe. Her corsage bouquet was of Ophelia rosebuds, fresasias and Japanese maiden hair ferns.

The bride's maid, Miss Ellen Vierhus, sister of the bride, was becomingly gowned in Belgian blue, and her corsage bouquet was of pink carnations, fresasias and Japanese ferns.

The best man was Lockie Vierhus, brother of the bride.

Following the marriage ceremony, refreshments were served by Mrs. Vierhus, who was assisted by Mrs. Archibald Allison, of Outlook.

Ferns, carnations and Oregon grape were used most artistically among the decorations of the Vierhus home.

Many handsome gifts were received by the young couple.

Mr. and Mrs. Kirchem left on a brief honeymoon, and upon their return will make their temporary home in Portland later leaving for Ashland, where Mr. Kirchem is connected with the highway construction.

The bride, who is a most attractive young woman, and popular with her many friends, has been the motif for a number of enjoyable affairs since her engagement was announced. She taught school in Clackamas county for a number of years, and took a special course at the Oregon Agricultural College.

Mr. Kirchem, who served in the world war, is a well and favorably known young man of Clackamas county. Since returning from overseas, he has been engaged in construction work, and recently arrived here from Ashland, where he has been for some time employed on the highway.

Mrs. T. E. Beard, on "Our Debt to Lincoln's Mother;" Mrs. W. A. White on "The Hand of Lincoln in Current Events;" Mrs. Moor-Watterson's "Eulogy on Lincoln," and Mrs. L. L. WITNESS SAYS T. J. MOONEY IS INNOCENT

NEW YORK, Feb. 8.—Frank P. Walsh, of counsel for Thomas J. Mooney, convicted of murder in San Francisco in connection with the preparedness day bomb explosion in 1916, early today telegraphed San Francisco authorities apprising them of an alleged confession by one of the witnesses in the case that he had given perjured testimony at the trial. The witness named by Mr. Walsh, was John McDonald, now a resident of Trenton, N. J., with whom Mr. Walsh had a long conference last night. According to Mr. Walsh, McDonald declared in an affidavit covering thirteen typewritten pages that the case against Mooney was a "frame up."

"McDonald swore in his confession," Mr. Walsh said, "that he could not identify Mooney as the man he had seen with a suitcase prior to the preparedness day explosion although he identified Mooney during the trial. He said District Attorney Fickert, the San Francisco prosecutor, had forced him to make the identification."

NO 'SHIMMY' IN ST. LOUIS FROM NOW ON

EAST ST. LOUIS, Ill., Feb. 7.—The "shimmy," "toddle" and kindred steps were put under the ban by the city council today.

A resolution was adopted authorizing the revocation of license of any dance hall where they are permitted.

The Young Mother

Youth, with its vitality, makes for the young mother's health and happiness. But later, maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering and to make convalescence a slow and weary process. Many women—perhaps your own neighbors—have had beneficial experience with Dr. Pierce's Favorite Prescription, which prepares the prospective mother. Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package of tablets.

SOUTH VALLEJO, CALIF.—"I have taken Dr. Pierce's Favorite Prescription during expectancy and found it excellent. It relieved my headache, backache, and helped me in a great many ways. I was strong, had a good appetite and had comparative no suffering. Was strong and felt well when I got up and my baby was nice and healthy."—MRS. S. P. HOUSTON, 640 Fifth Street.

Sunday Schools Show 800 in Attendance

Eight hundred boys and girls were reported present at Oregon City Sunday schools last Sunday morning. All the teachers of this little army are volunteers. With an equal devotion and co-operation on the part of parents the number could easily be doubled or trebled.

Next Sunday will be discovered how many leading singers are in the choirs. No other organization offers such an opportunity for service and for practice. Two thirds of the world's great singers started in church choirs. They are nurseries of song and discoverers of talent and Oregon City has her full share of budding nightingales.

FISHER FARM PRODUCES RECORD LAYING HENS AND EGG PRODUCTION

F. F. Fisher, of Fisherdale farm, located about two miles from Oregon City on the banks of the Clackamas river, was in Oregon City Friday, bringing in fifteen dozen eggs from his White Leghorns. Mr. Fisher has some of the finest birds of this breed in the state, and has already an order for 800 eggs per week from one concern for hatching purposes. His first shipment will be made on Monday morning.

Mr. Fisher keeps a record of his birds and for the month of January they produced 3528 eggs. For the past year they produced 25,532 eggs, and he sold 600 baby chicks last spring and will raise a large number during the coming season, besides shipping eggs for hatching purposes.

At the present time he has 280 birds, but not all are laying.

For the month of January 1921, 180 hens produced 3,528 eggs, and for the year of 1920, Mr. Fisher secured 25,532 eggs from these hens, which he considers a paying proposition.

Some of the baby chicks sold from the Fisher farm last season made a big record, for a large number sold to a Mr. Wallace were laying when they were four months and five days old, while those at the Fisher farm were laying at four months and fifteen days.

Mr. Fisher feeds his birds with care and instead of mixing the various grains and feed, he allows his chickens to select their own eating, for each variety of grain is fed separately. This poultryman says if he was going to a Chinese restaurant for a dinner, he would not care to partake of the chop suey, which no doubt would be served him, but would prefer each variety of food separately. He says "how would you like turnips, carrots, potatoes, corn and oats all chopped up and served you?" There is always plenty of green feed for the birds, such as kale, turnips, carrots, mangels, which they relish.

He was among one of the big winners on his birds at last year's county fair.

Mr. Fisher is the owner of a tract of land consisting of 7.34 acres, of excellent sandy soil, and besides engaging in the poultry industry is also growing berries for the market.

Ideal Section Will Be Built in Future

Announcement will be made shortly by the Lincoln Highway Association regarding the exact spot where the "ideal section" to be built by funds furnished by the United States Rubber Company will be located.

Several States have been under consideration, and New Jersey has conducted an active campaign to have the section located on the main highway between New York and Philadelphia.

It is probable that announcement will be made at the same time of the membership of the distinguished board of highway engineers that will pass on the specifications for the ideal section.

MANY PAY LAST RESPECTS TO TEACHER

One of the largest attended funeral services held in Oregon City was that of Miss Frances McKinnis, which took place at the Holman & Face funeral chapel Sunday afternoon at 2:30 o'clock. Rev. Willis Pettibone, pastor of the Baptist church, officiated, and many friends of the young woman were unable to gain entrance to the chapel. During the services Miss Alice Holman sweetly sang "Lead Kindly Light" and "Abide With Me."

The casket was surrounded by many flowers two large pieces being from the employees of the Oregon City Manufacturing company, where Miss McKinnis was employed for a number of years.

Following the services at the chapel the remains were removed to Clackamas, where internment took place in the Clackamas cemetery, where deceased's grandparents are laid to rest.

The pallbearers were William and Sam Flanagan, Edward Murphy, John Moore, Thomas Long and August Rissberger.

Frances McKinnis was born near Colorado Springs, Col., in April 1901, and came to Clackamas county with her parents fifteen years ago.

The deceased is survived by her parents, Mr. and Mrs. W. M. McKin-

nis, of this city; three sisters, Florence, Violet and Margaret McKinnis; three brothers, George, Robert and Ellsworth McKinnis, of Oregon City. She was also the niece of George McKinnis, of this city.

"In Every Respect" says the Good Judge

You get more genuine chewing satisfaction from the Real Tobacco Chew than you ever got from the ordinary kind.

The good tobacco taste lasts so long—a small chew of this class of tobacco lasts much longer than a big chew of the old kind. That's why it costs less to use.

Any man who has used both kinds will tell you that.
