Anxiety Is Caused By Death of Sandy

SANDY, Mar. 1.—While considerable anxiety is felt over the death of Evelyn Meinig, aged eight years and eleven months, daughter of Mr. and Mrs. Albin Meinig, because of the same sickness attacking her as caused the death of Ortie Glockner on February 15, which was pronounced spasmodic croup. It was not considered contagious at the time and a public funeral was held, Evelyn and many other school friends of Ortie attending. All precautions possible are now being taken, the schools have been closed, a number of people have taken anti-toxin, and Dr. Welch, county health officer will be out from Oregon City tomorrow, and it may be decided to have cultures of the school children's throats again. This was done some time ago when several cases of diphtheria were in town.

Thursday and Friday Evelyn stayed out of school because she did not feel very well, and on Friday played the organ and sang not taking ill apparently until Friday evening. Saturday morning Dr. Hughes of Gresham was called. Dr. Ingalls later, and Dr. Short came from Portland Sunday night at 12 o'clock. While it is not diphtheria, in fact had few symptoms, that of disease according to reliable information, still it was felt best to take every precaution.

A good many have been ailing the past week, although we had four days of sunshine, the most at any one "stretch" this winter.

Government Trapper Pays Visit to Sandy

SANDY, Mar. 2.—Changing from a "trapper of men to a trapper of wild beasts" is the experience of J. H. Hogan, former United States marshal of Oklahoma, who dropped into Sandy today from Hidden Lake, which is by no means a post office, but is a "beauty spot in the heart of nature" seventeen miles east of Government Camp, where Hogan is monarch of the mountains round-about for many miles, a fellow-trapper seven miles distant being the only "neighbor." Here this lover of the wilds built himself a cabin three months ago and packed in all his supplies on his back from Government Camp, but is happy as a lord while trapping cougars, bobcats and coyotes for which he receives bounty from the government. He also traps marten and already has a valuable collection of hides for his efforts. "Hidden Lake is well named, and very few persons have ever been able to locate the lake without a guide," remarked Hogan, who tramped through fourteen miles of snow yesterday on his way out. "It snowed two feet the other night," he continued, "but like a fellow's money it comes and goes. In the early morning the walking is not so bad as the snow is frozen." There is plenty of deer and some elk up here, according to Hogan, but they are having a hard time to feed in the snow and a good many may starve. "There is wonderful trout fishing in the lake and I shall remain in all next summer as it is the only life, and any one who does not love nature needs to go to a mental rest shop," said this ex-member of the Portland Gun Club, and the Ingleside club of San Francisco, who has trapped in several other states. He left for Government Camp Monday after a overnight visit at "Thompson Villa" near Troutdale.

SANDY, Mar. 1.—There was joy reigning in the Boshom household last Saturday night, when neighbors and friends from "round about" assembled for an evening of real fun, and Walter Krebs said the "packed house" remained till three o'clock in the morning and then they were sorry to go. Cards and dancing were the main features except the eating part of the occasion which was a delight to all. Among those present were the Walter Krebs family, the DeShazer's, Will Bell, the Corey brothers, Mr. and Mrs. Carl Alt, Glenn Lundree and Frances Meinig, Herman Krebs and Fay Young, Mrs. Alma Maroney and Richard, The Chown family and Miss Selby, Will Verne and Walter Alt, Jimmie Ogden and Bernice Dixon, Will Updegrave and family, Monroe Weist, Mrs. Mrs. Joe Lundree, Mr. and Mrs. Anton Malar, Mr. and Mrs. Birn, Roberts, Birch Roberts, the Corey boys, and Monroe Weist played the violin, guitar and banjo, and they all had a wonderful time.

The referees were Frank Schmitz (Sandy) and Prof. Quicksall of Gresham. It is expected Sandy will have the pleasure of the Orient girls playing here soon.

The Orient boys played the Waverly Club team after the girl's game Friday night, the Orient boys winning by a score of 29 to 12. After the games were over a lunch was served cafeteria style. A large crowd filled the Orient Grange hall, but they always have crowds down there.

Albert Spallinger Dies In Portland

SANDY, Mar. 1.—Albert Spallinger, aged sixty-eight, father of Mrs. Fred Suckow and well known here, passed away last night at the Emanuel hospital in Portland from cancer of the stomach which had severely afflicted him since last September, and since Christmas up to the time of his passing his suffering was intense. As a last resort an operation was performed on time last Friday, the doctors giving small hope of recovery, but Mr. Spallinger rallied afterwards for a little while, but passed away Sunday night, conscious until the last three hours. Mrs. Suckow has gone to Portland to attend the funeral, particulars of which will be given next week.

Evelyn L. Meinig Buried at Sandy

SANDY, Mar. 1.—The entire community was shocked and saddened by the death of little Evelyn Lucille Meinig, daughter of Mr. and Mrs. Albin Meinig Monday morning at three o'clock. She was ill only a few days and while everything was done that was possible to save her it was all to no avail. Here is what her teacher, Mrs. Lillian T. Eick says of Evelyn: "She was beautiful child of nine years, a perfect little lady in every way. Her sweetness of disposition, cheery little smile endeared her to everyone whom she met. At school she was loved by her schoolmates and teacher who can truthfully say that Evelyn was as ways at the head of her class. She loved to study, and every day was spent doing the little tasks of her life cheerfully and with a desire to do them in the best way possible. It is hard to understand how one so young and promising should be taken, but perhaps God, in His infinite wisdom needed her. Beside her father and mother who are heart broken over the loss of their dearly beloved daughter, she leaves to mourn her loss a brother, Milton, her grandparents, Mr. and Mrs. John Bolshom, and many uncles, aunts and cousins besides a host of friends young and old."

The funeral of Evelyn Lucille Meinig was held at the Cliff Side cemetery Monday afternoon. As the Meinig home was placed under quarantine there could not be services at the house. W. J. Wirtz, a former Sandy resident but now of Portland, conducted the services. A quartette consisting of Mrs. Esson, Mrs. Miller, Dr. Sture and R. S. Smith sang several selections at the grave. There were potted plants and cut flowers sent by loving friends, a basket of violets being arranged by the teachers. The following were pall bearers: Marshall Davis, Wm. Updegrave, C. L. Fiske, Joe Wilcox, Ed. Wolfe and Mack Thomas dug the grave. There were a number present at the service though it was not announced as a public funeral. Metzger, the undertaker of Gresham sealed the body in a metal coffin, so there was no chance of contagion. The service was a comforting one and it seemed hard the loved parents and brother could not be present at the final rites of this attractive child.

But it was done in honor of the parents, and to keep a good fellowship between the school and the patrons.

SANDY LOCALS

SANDY, Mar. 1.—As a matter of precaution it has been thought best to not hold any Sunday School or song service at the Methodist church next Sunday night as a good many people feel there might be danger of contagion in holding a public meeting. With brand new shining harness "Mario" made quite a "hit" as he went through Gresham, so unusual it is to see a "spanking fine team like that."

L. E. Hoffman has purchased the Ford truck belonging to Lewis Jerger, which will come in handy when cattle are to be hauled around.

Wilfred Elliott was digging some of his last year's potatoes on the Barber place one of the nice days last week. He expected to begin hauling for the Dixon mill again this week had the roads been fit.
