SAYS HUSBAND ATTEMPTED TO DROWN HER

Louise Donovan, in a divorce complaint filed in the circuit court yesterday, claims that her husband Timothy Donovan tried to push her off a bridge in Portland and drown her on Feb. 12, this year. She also alleges in the complaint filed that after the attempt he told her that he ought to have killed her and then thrown her in. She also cites many cases of cruel and inhuman treatment and says that her husband beat her with a club until she was black and blue from bruises; and upon one occasion used a club which was about 3 1/2 feet long.

One minor child is involved in the case, and the plaintiff asks the court to allow her the custody of the child and \$25 per month for maintenance. The couple lives near Canby on a farm, and were married in Portland Sept. 7, 1905.

T. G. Lockhart also filed suit for divorce from Hannah Lockhart yesterday and charges her with cruel and inhuman treatment. They were married March 24, 1920, at Tillamook.

NORTH DAKOTA N.-P. OFFICIALS FACE RECALL

BISMARCK, N. D., Feb. 28.—What has been expected for a long time is now a certainty. North Dakota will have a recall election within four months. The question of interest now is as to what will be its scope.

The committee of 21, representing the independent republican and democratic central committees and the independent voters' association, left to the executive committee of the voters' association the decision as to how many and what state officials shall be recalled as far as the independents are concerned, but the Non-partisan league leaders have threatened to extend the recall to all independent holding office, which may mean that practically all of the present state officials will have to go before the people for a vote of confidence. This would make it the most complete state election held, because there would be no holdovers.

'To him that hath shall be given'

Was the Biblical version of our modern saying: "Nothing succeeds like success." So it was with Dr. Pierce's of Buffalo, N. Y., who, over 50 years ago, gave to the world a prescription which has never been equalled as a tonic for the weaknesses of women. Many women in every hamlet, town or city will gladly testify that Dr. Pierce's Favorite Prescription did them a world of good. Ask your neighbor.

Another of this great physician's successful remedies is known as Dr. Pierce's Golden Medical Discovery and, like the "Prescription," is now sold by druggists everywhere, in both liquid and tablet form. This medicine was a success from the start, for the list of men and women all over the universe who have successfully used it for indigestion and as a blood tonic and system builder, makes an amazing total of thousands.

The committee in charge of the event was composed of Mrs. Elizabeth Glover chairman; Mrs. S. F. Scripture, Mrs. J. W. Draper, Mrs. L. Mautz, Mrs. S. S. Walker and Mrs. Susan Hogan, and much credit is due these women for the banquet served on this occasion.

The membership of the Rebekah Lodge has rapidly increased during the past year, and is one of the most active organizations in Oregon City. The lodge now has over 200 active members.

One of the most delightful social affairs held in Oregon City during the past week took place at the I. O. O. F. hall, when members of the order were taken by surprise when a number of the ladies of the Willamette Rebekah Lodge quietly slipped into the banquet hall, where they prepared a banquet, to which the I. O. O. F. lodge members were bidden, much to the surprise and pleasure of the latter, who thoroughly enjoyed the feast before them.

The tables were decorated by these women and added to the appearance of the table.

Announcement is made that those amusing singers, Collins and Harlan, are scheduled for a concert at the Congregational church on the night of March 8th.

Collins and Harlan have earned the reputation of being America's Favorite Entertainers, because of their astonishing repertoire of humorous songs, but neither Arthur Collins nor Byron G. Harlan started out to enter their present career. Mr. Collins was going to be an actor.

Then he became a successful opera singer, and got a real job with De Wolf Hopper in "Waag." Mr. Collins also appeared in "The Lion Tamer," with Francis Wilson. It was after that, that he met with Byron G. Harlan, and the two decided to combine their talents.

Mr. Harlan is one of those famous people from Kansas, nearly all the celebrities there are, came from Kansas once upon a time. Unlike Mr. Collins, Byron Harlan never meant to be an actor at all. But he did have a beautiful voice and so he decided to go the great City and cultivate it. In this case the great city was Chicago. And there Mr. Harlan began his stage career with an engagement in an opera company.

The concert is to be given in connection with an Edison phonograph tone test, staged under the direction of Burmeister & Andersen.

Tuesday was guest day for Chapter P. P. E. O. The meeting was held at the home of Mrs. Raymond Caulfield. The guests were the mothers of members or some friend, who acted as substitute.

Other numbers were reading, Mrs. H. G. Edgar; "Reminiscences of Civil War," Mrs. Mary A. MAGNOLIA TREE BLOOMS THRU WINTER DAYS

The beautiful Magnolia tree in the yard of Mr. and Mrs. George Griffith on Twelfth and Madison streets in this city, has been blooming during the entire winter months and at the present time a waxen blossom is just coming into bloom and proves that Clackamas county has had a mild winter.

With the past two sunny days spring twigs have put forth their blossoms, and even the strawberries are not to be late in coming into bloom, for in many yards where the early varieties are planted strawberry blossoms are seen.

A few of the women have already donned their summer hats, and John Cooke is in the lead with the men wearing their summer "lids."

At an early hour Friday morning, robins were chirping from the tree tops, and in one yard, where each year they build their nests in the trees, they were seen fitting around the branches viewing two nests that were used last year, but where grass has grown about twelve inches high, appearing to be from grain. As poultry is fed close by it is thought that the blades came from grain seeds taken by the robins when trying to feed their young last summer. There is a good crop of it however and which seems to be puzzling the old robins.

JURY FAILS TO AGREE AND IS DISMISSED

The detainer case, in which M. J. N. A., R. P., and J. W. Welsh sued Karoly Gyukis for possession of a piece of land near Milwaukie, caused the jury in the justice court to disagree and the case was dismissed.

CRAZED MAN GIVES SHERIFF HARD FIGHT

Henry Guedon, a Frenchman, who has been making his home with bachelor friends several miles from Oregon City on the Willamette Valley Southern railway, was adjudged insane by County Judge Cross Saturday, and taken to the state asylum at Salem.

Guedon has been acting queerly for some time, and caused the neighbors much annoyance recently, and a complaint was filed against him. Deputy Sheriff Hughes was sent out by Sheriff Wilson Friday morning to bring Guedon in, but Hughes after arriving at the cabin, found that it would require more than one man to take the Frenchman into custody, and returning here notified the sheriff and both officers found it necessary to handcuff the man in order to bring him in. The crazed man showed fight from the start and with much difficulty the two officers managed to place the handcuffs on his wrists.

BANK CAVES IN AND WOMAN IS DROWNED

TILLAMOOK, Or., Mar. 1.—The body of Mrs. Frank Paul was found in a tide slough south of Tillamook yesterday morning by searching parties, following her disappearance Saturday. Death was believed due to drowning.

Apparently Mrs. Paul, who had been in ill health, had been out walking on the farm place and while passing along a bank undermined by recent high tides, the ground had given way and she had been plunged into the water.

Mrs. Paul was a daughter of Tim McCormack, pioneer of Tillamook county.

EX-SERVICE MEN DO NOT BREAK LAW

WASHINGTON, Feb. 24.—Ex-service men are not responsible for the crime wave which has swept over various large cities in recent months, according to Colonel Edward Munson, chief of the morale branch of the general staff of the United States army, who just finished an investigation of alleged crime among veterans.

While former service men and women comprise one twentieth of the entire population of the country, records of police and criminal court dockets show that they have caused only one-fortieth of the troubles that have been aired in court during the last six months.

A more or less general opinion that veterans are active in crime is caused by the fact that thousands of criminals, who were not in the world war, have falsely asserted they were ex-service men. Colonel Munson said, the war department, he declared, has urged the American Legion to cooperate in an effort to stamp out all fakers who get into trouble and try to hide behind a uniform they never put on.

CHIEF OWL LODGE HELD ON WARRANT

SOUTH BEND, Ind., Feb. 25.—John Talbot, supreme president, Order of Owls, was arrested today on an indictment charging violation of the Mann act and conspiracy.

The information on which the indictment was returned was furnished by Miss Pearl Bagley of Topeka, Kan., who said she was lured to South Bend and then forced to submit to terrible practices. She alleged that before she could escape from the owl hospital in which she alleges she was held and which she refers to as a "house of fear," Talbot and his emissaries had clipped her hair so as to prevent her escape.
