SUNDAY SCHOOL MEET AT COTTRELL CHURCH PROVES SUCCESSFUL

SANDY, April 26.—It was a lively collection of people assembled at the Cottrell church Sunday to attend the district S. S. Convention. The house was running over, and numbers do create interest in anything! My! but there were a lot of good things to eat! served a la cafeteria, and everybody could go back again and re-fill the plate with pie and cake! Splendid coffee on that chilly day made life seem more joyous, too. The program: Address, by Mrs. Robert H. Tate, of Portland. Selection by the Sandy quartette, basket-aterferia dinner. Talk and demonstration of primary work, by Mrs. Florence Ingalls of Fairview; Music, by Sandy quartette; Recitation, Bennett Miller; Address, Miss Martha Buck of Portland; Solo, "Forever With the Lord," by Miss Opal Selby; Song, Dorothy Eason; Collection; Address, Rev. M. Ware, of Oregon City. The round table discussion which was to have been conducted by Rev. Cotton and some other musical numbers were omitted for lack of time. The next district convention will be held in October and was invited to come to the Baptist church at Pleasant Home. It was decided to have a big S. S. picnic for the district on the Fourth of July but no definite plans were ready to announce.

Some startling figures were brought out at the S. S. Convention at Cottrell last Sunday. "We grunt and groan and even swear a little about the high taxes but it costs us six billions of dollars annually to care for our criminals, and then only eleven per cent of them are convicted," said one live speaker.

Clackamas county is planning a progressive program for the year's S. S. work according to Rev. Mr. Ware, county superintendent, who brought greetings from Clackamas county to the convention. Mr. Ware was born in Clackamas county and said he had "plugged around twenty-five years as a preacher," but is now running around in his old tin Henry to keep the Sunday school which is the biggest asset of church, on the up grade, and urged cooperation in putting on a religious program.

Miss Buck, who conducts a week day school for religious training of children in Portland as an experiment spoke on the relation of the community to religious education.

Mrs. Florence Ingalls was among the speakers most enjoyed, her work with the children being also appreciated. Mrs. Ingalls said every mother should look upon her child as a sacred trust.

The girl's team may not play again this season because of one or two of the leading players being ill.

HOPE FOR LOOP SANDY, April 26.—Hope is still deferred but the heart is not yet sick as everybody needs the Loop Highway so much that it is believed Multnomah and Clackamas will soon get their "family" affairs straightened out so the Highway Commission can form a legal liaison with them and then, glory be! Imagination cannot portray the joy that will be scattered abroad.

SANDY LOCALS Some Sandy-folk would have "set up" to see the eclipse had it been any use, but Jupiter was on his usual spree and the night was dark and dreary, so Morpheus' arms were luring in. Instead, however, it is nice that Prof. Larkin watched it "for us all" at Mt. Lowe. He says (and he surely knows) that "one billion worlds such as ours could come to an end and never be missed!" And yet we all make such a big fuss about wanting everybody to think and believe as we do! With "three billion suns now known to astronomers," and Time so old that man's mind cannot comprehend the beginning, no wonder Prof. Larkin said that although he had studied astronomy for over sixty-two years that he still "has considerable to acquire in the way of astronomical knowledge!"

Sunday gave promise of better weather but Monday "spilled the beans" by turning as cold and rainy as ever.

It was one of "Harry's tricks," he had just reached Portland after a years service on the Baltimore as a Marine. The Hagans drove down to bring him home at once and they are a wonderfully happy family over there! Harry was in Honolulu a good part of the time. He is glad to get on the ranch again since his discharge, but too late first work offered and began the first of the week with the P. R. L. & P. Co. at Bull Run.

The Woman's club of Sandy met Thursday April 21 at the home of Mrs. R. E. Esson. Owing to the absence of the president, Mrs. Shelley, Mrs. Esson presided. Roll call was answered by humorous stories. Miller, Mrs. Alma Maroney, Miss Ruth Crum and Mrs. Collier.
