

JAMES H. CARY MILL MANAGER FOR C.-W. DIES

SICKNESS OF YEAR'S STANDING FATAL

Promotions Won in Plant of
Paper Company; Aided
In War Work.

James H. Cary died at 8:40 o'clock Tuesday night at his home in West Linn, after an illness of nearly a year. He was born March 1, 1870 at San Francisco, and came to Oregon City about 15 years ago and was connected with the Willamette Paper Co., succeeding to the position of master mechanic. About two years ago he was appointed mill manager of the West Linn and Oregon City plants of the Crown Willamette Paper Co.

Health Failed Last Year

On August 1 of last year Mr. Cary became ill of a kidney trouble, and was sent to St. Vincent's hospital at Portland for treatment. He took a trip east and reached Boston, Mass., where his complaint became aggravated forcing him to return west and he left last December for southern California, and remained there until a month ago when he came home. Mr. Cary was a graduate of the university of California and of the Hastings School of Law. He was a member of the Chi Phi fraternity and of the Oregon City Commercial club and the Oregon City lodge of Elks. He was married June 1, 1912 to Miss Alice Lewthwaite, daughter of John Lewthwaite of West Linn. She survives him. He leaves a sister, Miss Harriet Cary and a brother, Walter M. Cary, at San Francisco, and an aunt, Mrs. M. H. Olmstead, of San Gabriel, Cal.

Held in High Regard

Mr. Cary specialized as a patent attorney at Portland, and devoted considerable time to this profession. He was held in high regard by his associates in the paper company and by the hundreds of employees who knew him personally. He was an orator of ability and was much in demand abroad and during the war, and during that time delivered a number of patriotic addresses. He took a very active interest in the Safety First movement in the mill and was a close student of the paper making industry.

MEISSNER AND ROAKE TO BE ON SCHOOL BOARD

J. A. Roake and Dr. C. H. Meissner were elected members of the school board for three-year terms at the annual school election Monday afternoon. The vote was the largest in the history of the city, 824 persons going to the polls. Dr. Meissner led the field with 478 votes, Roake followed with 462. M. D. Latourette polled 461, lacking only one vote to make the race a tie and Dr. Clyde Mount received 433.

The congestion at the polling place commenced from the minute the polls opened and continued until the end. The election officials had their hands full, but worked expeditiously, and took care of the long line of eager electors.

Year's School Cost Totals \$64,490.62

Cost of the local public schools during the past year has been \$64,490.62 according to the report submitted to the taxpayers yesterday by the directors of the school board. Of this amount, \$51,561.30 was paid in salaries to teachers and janitors; \$2,091.46 for fuel; \$2,907.83 for supplies and \$1,491.85 for repairs and improvements to buildings and grounds.

P.R.L.&P. Document Requires Record Fee

The largest instrument to ever pass through the office of the county recorder was filed with Recorder J. G. Noe Thursday, when the Pacific Railway, Light & Power company of Portland, entered for record a first lien upon their property to the National City Bank of New York.

Legionaries Planning to Attend Big Meet

Plans are being made by the local post of the American Legion to attend the big state convention to be held in Eugene July 1 and 2. The Willamette Falls post expects that approximately 25 or 30 men will attend from this city.

MARRIAGE LICENSE ISSUED

A marriage license was issued Saturday to Leonard W. Cameron, 36, and Esther Hess, 26. Both are residents of Milwaukie.

PLAN TO GET HIGHWAY PAVED TO WEST LINN BRIDGE IS ADVANCED

Cancellation of \$5000 Claim Would Bring Road to Desired Point.

By relinquishing a claim of \$5000 against the state highway commission by the county court for paving work done at Canemah last year the county stands to secure 3000 feet more of paving on the Pacific highway through West Linn. This information was given the Live Wires of the Commercial club at their Tuesday luncheon by L. L. Porter, city recorder of West Linn, who has interested himself in seeing that the highway is completely paved; present plans and the contract specifying that the new road end about one thousand feet from the end of the bridge. The value of the paving, according to the prevailing costs on the job, will be approximately \$30,000, and the state highway commission's request that the \$5000 claim against them be exchanged for this amount of work appeared to the Live Wires to be good business.

West Linn Will Pay Share

Mr. Porter reported that he was taking the matter up with the West Linn city council and that he thought they would agree to give up their share of the \$5000. The county court and the city of Oregon City will also have to agree to the proposal before it can be consummated.

School Election Discussed

Outside of discussion on road matters, the meeting was largely given over to discussion of the recent school directors' election, with the two defeated candidates, Clyde Mount and M. D. Latourette, and Bert Roake, one of the successful candidates, making short talks. All asked for more interest in school affairs, and said that the campaign just passed was a sample of what every election should be, as far as number of votes cast was concerned. Clyde Mount said although he was defeated, he received more votes in this one election than all of the directors elected in the past years have received in the aggregate.

Unclaimed Money

Industrious and careful persons, who find it not always easy to adjust their expenditures so that they may run somewhat below their incomes and thus afford a basis for adding to the sum laid away for a rainy day, and who anxiously scan their bank balance after making out checks for the month's expenses, probably wondered to themselves when they read that more than \$83,000,000 was lying in the United States treasury waiting for its owners to send and get it.

This money is not due as the result of successful suits against the government for work done or supplies furnished. It simply represents interest coupons on the new issues of government bonds put out since the beginning of the late war and is immediately available, all that is necessary to obtain it being to present the coupons for payment.

It is not necessary even for the owners of these millions to make personal application. All they have to do is to deposit the coupons in any bank and the matter will be attended to with no further trouble on their part.

The money referred to is chiefly the interest due on Liberty bonds which have not been converted into permanent securities. The coupons on the temporary bonds being all cashed, the bonds themselves should be presented for exchange for new bonds, to which all unpaid coupons are attached. This can be done through any bank without expense to the owners, and it ought to be done promptly.

The millions of dollars the undeposited coupons represent should be converted into credit at the bank, through deposit, the same as cash or checks. The large sum would add to the circulating medium, and its place is in the banks where it will be available for business users, and help in restoring commerce and industry to a basis of normal activity.

Kansas ants simply cannot be kept down. When fly paper was used to keep them from eating up houses, the ants built a road of dirt across it.

One congressman doesn't want the Dempsey-Carpentier fight permitted until those of our country who served in France have been paid, but Dempsey's interest in that is only half-way.

The Utah law making it illegal to sell or give away cigarettes went into effect last week. Its greatest advantage is claimed to be that it will protect citizens from the fellow who is "just out of smokes."

Tubercular Tests Given to 2000 Cows

Herd aggregating from 1500 to 2000 cows have been signed up for tubercular tests, according to County Agent Walter A. Holt. Tests are being conducted here by Doctor Gardner of the state sanitation board. Dr. Gardner has already conducted the tests in Gladstone and is at present in Carus. He expects to get into Oregon City next week, at which time he will test cows here. Arrangements are to be made to have all of the cattle brought to several centralized places, the exact location of which has not yet been decided. The tests are voluntary, but it is expected that over 90 per cent of the cows in the county will be tested this year. Remuneration is allowed the farmers for all cows which are condemned. It is paid by both the state and federal government.

Sherwood Cannery To Process Berries

SHERWOOD, June 21.—The local cannery is processing strawberries. The new machinery has been installed and the cannery is in full operation. A large number of women and girls are employed, thus creating quite a welcome payroll for the town. The strawberry yield here is enormous—the best for many years. The gooseberry crop is also said to be good.

Bridge Designs For Loop Are Complete

County Judge Harvey E. Cross has received plans for four bridges and four culverts to be constructed by the state highway commission on the Mt. Hood loop road in Clackamas county.

Two Indictments Returned by Jury In Stephens Case

W. J. Stevens, of Hillsboro, was indicted on two counts here Friday by the circuit court grand jury. The first indictment charges him with operating an automobile without the necessary skill and ability to insure safety, and the second count charges him with making a turn on the wrong side of the road. Stephens was driving a car along the River road between Milwaukie and Gladstone June 9, when it struck the machine of Will T. Wright, Jr., of this city. Mrs. Wright was badly injured in the collision. Both machines were damaged.

Ask Hughes to Stop Championship Bout

CINCINNATI, O., June 18.—Dr. Wilbur F. Crafts of Washington, founder and head of the International Reform bureau, forwarded from Cincinnati Saturday a petition to Secretary of State Hughes requesting him to stop the fight between Dempsey and Carpentier in Jersey City on July 2. The petition was sent on behalf of the Life and Thought club, an organization of business men of Lincoln, Neb., according to Dr. Crafts.

REALTORS HEAR STATE CHAMBER SECRETARY

Constitution is Adopted for New Association.

George Quayle of Portland, secretary of the Oregon State Chamber of Commerce, spoke here Monday night before the newly formed Clackamas County Realty board, Mr. Quayle outlined the plans for the entertainment of the home seekers who are coming to Oregon and the Pacific coast on the realtor's special, which leaves Omaha, July 19. Arrangements, he said, are being made to take the homeseekers to all parts of Oregon so that they may see the types of land in which they are partially interested.

The Clackamas County Realty board was formed here last Monday when the first meeting of a group of real-estate men took place. The local organization has become affiliated with the National Realty board.

Constitution and by-laws, prepared by a committee headed by A. C. Howland, were adopted. The meeting nights of the organization were set for the second and fourth Monday in each month. Reports were heard from the membership and entertainment committees.

Hearing of Hawley Divorce Suit Starts In Supreme Court

SALEM, Or., June 21.—(Special.)—The Hawley divorce case had its final try-out in the state supreme court here Tuesday, occupying the attention of Justices Burnett, Johns, Brown, and Bean, comprising Dept. No. 2, nearly all the afternoon. Christian Schuebel, of Oregon City, and Wallace McCamant, of Portland, presented the case of Mrs. Marjorie Hawley, the appellant, and Harrison Allen argued for Willard Hawley, Jr., the defendant and respondent.

Five days were granted to the respondent to file a brief, and it is probable that a decision will be handed down within the next few weeks, as the court will adjourn August 1 for its summer vacation. In the argument Tuesday, the attorneys covered practically the same ground as in the trial of the case before Circuit Judge George R. Bagley at Oregon City, and Mr. Allen and Mr. Schuebel paid their compliments to each other for what they termed unprofessional conduct in the trial of the suit.

COUNCIL SECONDS REQUEST OF
ROSE CITY; CONSIDER
PLAY GROUND.

CONSOLIDATION OF 18 SCHOOL DISTRICTS PLAN

A special school election in 18 districts in Clackamas county will be held July 18 at 1 o'clock, when the electors will vote upon the consolidation into a union high school district of Glad Tidings, Rural Dell, Meadowbrook, Dickey Prairie, Molalla, Liberal, Teasel Creek, Russellville, Dryland, Mullino, Maple Grove, Yoder, South Oak Grove, Union Mills, Bear Creek, Eby, Mount Hope and the greater part of the Engle district.

Petitions for the consolidation of these districts were filed June 14 with the district county board which has authorized the special election. The proposal of the districts represented in the petitions is to consolidate the high school interests, merging them into the high school at Molalla.

Students from these districts are at present attending the Molalla high school, and their tuition is being paid by the county. If the proposed consolidation is carried out it will allow the pupils to continue at the Molalla high school, but the burden of taxation will be distributed over the entire enlarged district.

New Schools Soon Needed

The building of a larger school is not contemplated at present, even in the event of a consolidation, according to County School Superintendent Brenton Vedder. If the districts join it will mean, however, that a larger high school will have to be constructed in the near future.

The consolidation, said Professor Vedder, "will mean greater educational opportunities in the high school there." This, he explained, is due to increased economic support which will be at the command of the district.

Petition for another consolidation in the grammar school districts has been filed with Superintendent Vedder, and an election authorized. The petition comes from the districts of Carus, Hazeldale and Eldorado, asking that the three schools be merged into one in a central location. The districts at present employ three teachers, who are instructing in separate schools, and a merger would mean the establishment of a larger school, better equipped, where two teachers could adequately take charge of the instruction.

The election in these three districts will be held at their respective school houses at 8 p. m., July 7.

Four B. A. Degrees Given Local Girls

Four members of the graduating class at the university of Oregon are from Oregon City. They will graduate from the college of literature, science and the arts and will be granted the degree of bachelor of arts. Graduation exercises will be held Monday, June 9. The Oregon City graduates will be Isla Ruth Gilbert premed major; Mildred Huntley, botany major; Leona Marters, major in music, and Vernice Robbins, major in romance languages.

CLYDE HUNTLEY ENDORSED FOR REVENUE JOB

INFORMATION IS STILL UNOFFICIAL.

WASHINGTON, D. C., June 21.—(Special.)—The appointment of Clyde G. Huntley of Oregon City as collector of internal revenue has been agreed upon by the members of the Oregon delegation according to information which leaked out here Tuesday, though the official announcement may be delayed. It is understood that some of the other applicants for the place will be taken care of in other federal positions.

CLYDE G. HUNTLEY

formation which leaked out here Tuesday, though the official announcement may be delayed. It is understood that some of the other applicants for the place will be taken care of in other federal positions.

Clyde G. Huntley is well known here as a member of the Huntley-Draper Drug Co. He has been active in politics for more than 20 years, serving three terms as a representative in the legislature. He is a member of the Republican state committee from Clackamas county and is vice-chairman of the committee. He had the active support of Ralph E. Williams, national committeeman from Oregon, and of Thomas H. Tongue, Jr., state chairman of the republican committee.

MILLION SPENT TO AID SERVICE MEN IN OREGON

SALEM, Or., June 17.—Up until June 15, 1921, a total of \$916,638.65 had been paid by the state to ex-service men on account of educational financial aid authorized under a measure, approved by the voters at a special election held in the year 1919, according to a report prepared here Friday by Sam A. Koser, secretary of state. This money was disbursed to 5545 persons attending 147 different institutions in the state. The attendance at each of the schools ranged from one to 1271 persons.

Of the total amount disbursed, \$783.42 was on account of expenses of the state superintendent of public instruction in investigating the various educational institutions and \$2221.89 paid for interest on certificates of indebtedness made necessary because of a shortage of funds preceding the first day of January, when money for the operation of this law becomes available. The aid was disbursed in amounts ranging from \$5 to \$400. Quite a number of the ex-service men attending various institutions have received the full two years' benefits under the law.

Oswego Operator Prevents Accident

Hamlin Simonson, Southern Pacific telegraph operator at Oswego is included in the "Distinguished Service" list of the current S. P. Bulletin. Mention is given for meritorious service of a special nature, preventing accident, or some similar act.

The citation reads:

Hamlin Simonson, telegrapher, Oswego, for observing brake rigging down on car in passing train, stopped train just as brake rigging came in contact with switch and assisted train crew in taking same down, thereby preventing impending accident.
