BIG MEET HELD BY JERSEY CATTLE CLUB AT FIRWOODEN FARM

SANDY, July 23—This was another big day in the history of Oregon Jerseydom. The C. C. J. C. C. which met at Firwooden Farm, the attractive home of Mr. and Mrs. Anton Malar, Jr., was an event of national interest for several reasons. The silver cup which was a gift from the Jersey Bulletin, and was won by the Clackamas County J. C. C. was presented to the club, O. M. Plummer, manager of the Pacific International Stock Show, making a splendid presentation speech. Mr. Plummer also presented the gold medal won in 1920 at the "biggest Jersey show ever held in the world" to the C. C. J. C. C., and a medal of the same class was presented to D. Brooks Hogan for showing the best herdsman-ship.

Then the meeting itself was another mark for Oregon, a distinctive feature being a more definite and enlarged conception of Oregon's possibilities. Oregon now holds more records than any state in the union and yet the work is only begun. The question was asked, Why should local people continue to import from the "distributing point" and send out a flood of the world's best producers? A telegram of congratulations was also read by Mr. Plummer from the editor of the Jersey Bulletin at Indianapolis which was enough to make old Clackamas vain!

J. D. Mickel was the main speaker of the day and he not only paid tribute to Oregon and Clackamas county in general but also to its live wire secretary, Mrs. Anton Malar, Jr., in particular.

Multnomah county "heard" all of these "good things" and had the temerity to hint that "Clackamas cannot, and should not win the cup again." Evidently there is such an interest awakened in the Jersey world that it will take heroic work this year to win the coveted laurel!

During the morning the splendid herd of Malar Jerseys was admired by the throng of Jersey lovers before the business session began.

Walter Krebs had four full blooded hogs of the O. I. C. variety judged also.
