Two Autos Collide

MILWAUKIE, Aug. 24.-Mayor a motor trip through British Colum-

An accident which came very near to being fatal to both parties concerned, occured last Thursday evening about nine o'clock, when two cars collided on the River road, a short distaance north of Island Station. Fortunely they did not hit head on, the left fender of each car being the only party very badly crushed. The ma chine going to Portland, driven by Dr. Hamilton was able to proceed after the accident but the other ma chine, owing to a disabled front wheel was towed into Portland. The latter car was owned by a Mrs. Robertson of Portiand, who with her son had started for a drive to Oregon City the evening of the accident. Many reasons P.-T. Assn. to Meet are attributed as the cause of 't Probably the dangerous condition of the road at that point, which would but safely allow the passing through of one car at a time (the other half being closed because of a broken watermain) and also the unfamiliarity of the drivers with the condition of the road, were the principle ones. None of the occupants were seriously injured.

Leg Is Broken by Blast on Highway

SANDY, Aug. 23 .- W. G. Duncan of Sandy had his leg broken between the ankle and knee this morning at 10:20 above Cherryville while at work on the highway and Duncan was brought home on a stretcher about 12:30. A blast went off and a rock struck Duncan, who was a quarter of a mile away. The blast flew in many that time and Mrs. Kribs persuaded pieces and Duncan was sure he was cut of range and far enough away but his calculations did not prove right Dr. Adix of Gresham was called at once but did not arrive at Sandy for ome time after Duncan was brought home. First aid was given at once after the accident, but the ride down over the rough road in a Ford-truck was severe, and the splintered leg was very painful.
