Site Is Selected For Fish Hatchery

ESTACADA, Sept. 21.-Final ar rangements were made the latter part of last week, for the building of the State Fish Hatchery five miles east of Estacada in the Garfield district Five acres of what known as the old country club, was purchased from Gry Hunt, and also six acres adjoining from W. L. Shaffer. This will give them approximately 1360 feet of very cold mountain water. The creek is a south fork of Eagle Creek, known as Dalph Creek These tracts have pretty trees of alder and cedar and is a very at tractive and beautiful place. This is to be a State Trout Hatchery, and one of the largest in the state Work will commence immediately on the hatchery and it will mean the expenditure ot a good many thousands of dollars. The roads between Estacada and the contemplated hatchery are being worked and will be in fine shape soon. W. F. Cary of Estacada was instrumental in getting the project through.

The Estacada schools are starting out under very favorable circumstances. There are 135 enroiled in the grade schools and 107 in high. An exceptionally large class of Freshmen are enrolled this year, there being 39. As- L. V. Cleworth, the manual training teacher not being able to keep his contract a new man from Portland by ted her to Corvallis going in their the name of Mack, was hared to take his place.
