Lease Under Fire

The leasing of the city hall building has been under fire for some time, and has been the pivot of much nunicipal action. One of the mair objects tions voiced against the contract was that the period of ten years, proposed in the lease was too long.

E. G. Caufield spoke to the council last night upon the subject and stated that such a lengthy lease would preclude any possibility of a substantial improvement upon the property during the time that the lease was in operation. Councilman H. S. Mount and Councilman Krassig seconded this theory. Doctor Mount drew attention to the fact that in the leasing of the property, competitive bids should have been asked. Messrs Simmons and Griffith, appearing for the Portland house of the Simmons stores which operate a branch here, offered to place a bid for the property if they were opened upon a competitive basis.

These were defeated last evening.

Councilman Mount raised the probability that the agreement could be carried out with Busch and Sons for the release of the building so that it could be either advertised or some other disposition made, as Mayor Shannon pointed out that the matter was practically in the hands of the con cern holding the present lease, Edward Busch stated for his firm that the proposition to relinquish their lease was made only upon the grounds that the building be leased to Ruconich and Roppell and that they would not, at present, make any other agreement.

CLEVELAND, O., Sept. 24-That the passenger car business has undergone a vast improvement since the first of the year is indicated in a detailed report recently compiled by the leading motor companies. Excluding the Ford cars, sales for passenger cars for the second quarter of 1921 were 177,885, or 57 per cent of the 311,525 sold in the same period a year

The first quarter 1921 sales totaled 85,794 cars or 28 per cent of the 299,-135 sold the first three months of

trucks in April, May and June this ear than in the same three months of 1920, when the total was 220,878. Total sales of commercial cars, other than Fords, for the quarter just ended vere 18,456.
