

# CANBY AND SOUTHERN CLACKAMAS

## NEW ELECTRIC COMPANY WILL SERVE CANBY

A franchise to M. J. Lee, for the furnishing of light and power to the city of Canby and the adjacent district was authorized by the Canby council at their meeting Monday night.

The franchise is the outgrowth of a rate controversy that arose over two months ago, when the Molalla Electric company, then serving the city, raised their rates over one hundred per cent. The city and the consumers protested against this raise, but no reduction was allowed by the company. Their franchise expires November 5, 1921, and when the proposition of a renewal came up, Mr. Lee also offered to furnish service.

In his franchise, Lee guarantees electricity at the prevailing rate in effect in Oregon City and other towns throughout this district.

Work to Start at Once

The new company will begin the installation of its system immediately. Instead of taking power from Woodburn, as was done under the old system, they will buy their power from the Portland Railway Light & Power company, running their line from Oregon City instead of Woodburn. A complete new system will be installed, being a three instead of a one phase line. This will give adequate service for the installation of all of the power plants necessitated in the city.

The new plant will cost in the neighborhood of \$10,000. The line from Oregon City will be six miles in length, and run over the South end route, through Central Point, New Era, East Canby Gardens and into Canby. The reason for this routing according to Mr. Lee, is to serve the farms in the district and to supply them with power as well as with light.

## Paralysis Reported By Canby Physician

CANBY, Oct. 12.—Two cases of infantile paralysis have resulted in Clackamas county, with Dr. H. A. Deidman, of Canby, the attending physician. Johnson, residing one mile east of Canby. The Johnson child although her side has been badly affected is not seriously ill, as the Menz child, and is rapidly recovering. The right side of the Menz girl is affected.

The Menz child was taken ill on Saturday morning, and continued her studies at the Eldorado school until Wednesday, declaring to her parents that she was well enough to attend school, but during the recess, says she had attempted to run, but was unable to do so, and after returning home Dr. Deidman was summoned who pronounced it spinal meningitis.
