vember 30, 1921. The improvement program which will be inaugurated during the coming year throughout the county will depend, for the maintenance and upkeep as well as for partial, improvement of subsidary roads, upon the special taxes voted by the individual districts. It is noticeable that in the majority of cases provision is made in the budget for the further improvement of existing roads. and it is only in one or two cases that a special fund is budget for the opening or initial improvement of any highway.

The majority of the special taxes voted, were authorized by the farmers of the county, and while a large portion of the total of highway expenditures will come from stat and general tax funds, the handling of the smaller arteries of the county still lies in the hands of the residents of the suburban districts.
