### Oregon City Beats **RAINFALL DURING 1921** Red Crown Quintet .21 INCHES OVER 1920

## For Small Precipitation. ups were:

While the rainfall in 1921 exceeded months that were wet last year, were dry the year before, and those which Clyde Green, center. Red in 1920 witnessed the heavy precipi-1921, according to a report completed for Clackamas county by Merritt Wilson, of Willamette, official government observer.

The total precipitation for 1921 was 48.49 inches while in 1920 it was 48. 28. November was the heaviest month last year when there was a downfall of 12.12 inches as against 7.18 for the same month in 1920.

In July of 1920 it rained 1.18 iches For the same month in 1921 the rain fall was just .03.

January the rainfall was early double that of 1920, being 8.92 inches in 1921 as against 4.84. February 1921, 7.67 inches of rain fell as against .16 for the same month of 1920. March, 3.94 by 1.4 inches. April sad a decline here for H. W. Streibig, proprietor in 1921, when the precipitation was of a local meat market, 2.16 as against 4.75 the year before. May, the rainfall was 2.06 against 1.25 inches the year before but June saw a decrease from 3.03 in 1920 to 1.50 inches in 1921.

In August the rainfall dropped from 1.39 to .16 inches and the following month it was 2.89 as against 5.76 the year before. In October it was 2.32 inches, a decrease from 5.01 in 1920, and in December it was 3.32 as against 9.79 the year before.

### Franklin Report Is Index to Stability Of Auto Industry

SYRACUSE, N. Y., Jan. 7.-According to a statement just given out by officials of the Franklin Automobile Company, the Company did a good volume of business in 1921, despite the country-wide industrial depression a mater of fact, Franklin shipments by the commission. amounted to 8,545 cars, or 81 per cent of the number of shipments made in 1920, which was not only the peak year for Franklin, but the year in which the demand for automobiles generally reached heights hitherto unprecedented. During the year, fifty new dealers were appointed in territories in which the Franklin car had

previously not been sold Turning to the financial side, the Company sold during the year stock in excess of \$2,250,000, the number of stockholders increasing from 2.365 on the first of the year to over 4,500 at the close. During the twenty-six months in which Franklin stock was offered to the public more than \$6,300,-000 face value was sold.

During 1921 the Franklin factory has taken on several new units of man- dy under the drizzling rain. They ufacturing, including differentials, cam shafts and hoods. The outstanding improvement of the year is the case-hardened crankshaft, which multiplies the life of the ordinary crank-shaft three times. Equipment for this

> WILD STEER GETS AWAY WHILE CAR IS UNLOADED

Most of the time was taken up with A wild steer, which escaped while a cattle car was being unloaded at Greenpoint terrorized that district and did considerable damage Tuesday morning before it was coralled at Parkplace and shot. Absence of suitty is valued at \$50,000.

made it possible for the animal to 1921, exceeded the 1920 rainfall of break away. The car was shipped delegate representing the congregation of the local church

> When the steer broke loose, it went up through the yard of J. W. McConnell, 15th and Washington streets, tearing up the garden and breaking down the fences. It was finally coralled in John Strait's barnyard at Parkplace, but was so wild that it had to be shot.

Because no facilities are provided for unloading stock here, the matter of damages is to be taken up with the since that time. Southern Pacific company and, the

Public Service commission. "Until further facilities are provided. I will be unable to bring more stock here on the S. P." said Streibig Tuesday. "I have had difficulties with both cars which have been shipped | here in the last 30 days, and other shippers are facing the same diffi-

culty." The railroad company has been or dered by the commission to provide a place for unloading cattle, but it has not been done as yet, and the which held sway during the year. As time for completion is under extension

The six o'clock cars were delayed about an hour Monday night on ac count of the breaking of the P. R. L. and P. trolley near Fernwod. One of the poles, caught under the sudden strain, fell over onto the car, and it made it impossible to splice the trolley and proceed. The trolley lay alongside the track and passengers were forced to walk in the road, mud-

were transferred to cars brought up on both sides of the wreck.
