Near Canby a wheel gave way and dumped the family into the road, breaking two of the uncle's ribs and smashing the watch.

Inspectors Hyde and Price went to the Jensen home in Portland today and got the remains of the watch, which are being held at police headquarters for the owner.

At the end of the first half Molalla led with score of 11 to 10, but in the second half the Silverton boys hit the stride and won the game. The final score being 28 to 19. Both teams fought hard and were supported well by rooters from both schools. The Canby students rooting for Molalla. The Silverton boys out passed the Molalla team but could not locate the basket until the last part of the game. Molalla put up a good game fight but were handicapped due to the illness of several of their players.

Our badly crippled basket ball team lost to Oregon City high last Saturday night. Oregon City the score being 21 to 13. Oregon City led by two points at the end of the first half 8 to 6 but our boys soon tied the score and it remained 11 to 11 for sometime, then the Oregon City boys forged ahead and could not be stopped.

The game was fast and exciting as both teams were evenly matched. It was either team's game until the last few minutes of play when Oregon City staged a basket rally. Lorenz and Barth played well considering the fact that they have been out of the line up since February 17 due to sickness. Dalen was the outstanding player for Canby as he was in the game at all times fighting to win. Captain Kendall was completely smothered by one to three opponents when ever he touched the ball as they were watching very closely. CAMPAGN FOR BOND RECALL IS TO BE RENEWED

Eight Hundred Signatures to Put Measure On Ballot Are Needed: Committee Will Push Petition Circulation.

MONTH REMAINS FOR FILING OF DOCUMENT

Names Are Checked Over to Determine Status; Action Will be Taken at Once.

A movement to start new petitions in circulation for the recall of the \$1,700,000 Clackamas County Road bond issue, was launched here Wednesday by the recall committee. The action was taken at a committee meeting, following the check of the petitions which have already been circulated.

The petitions now signed, lack between 700 and 800 names of being enough to put the issue on the ballot. The check was made by the committee's attorneys before presenting the petitions for filing.

It was expected that the petitions would be filed here by March 10, but it is probable that they will be held for another month pending the addition of more signatures.

The last date for filing will fall about April 19, thirty days preceding the May primaries.

The recall movement is to embrace the unspent portion of the so-called Bond Road act issue. The original act provided for the paving of certain main roads in the county, after the districts had prepared the base. The opponents to the scheme hold the objection that the high cost of construction coupled with the inability of the road districts to prepare the base under present conditions, render the act unworkable.

ELECTRIC CAR STRIKES MRS. R. L. BLANCHARD

Gladstone Woman Is Injured By P. R. L. & P. Train at Crossing Near Hereford.

Blanchard, well known resident of Gladstone, is suffering from injuries to her head and bruises about her body caused from being struck by an electric car while crossing the track near Hereford Station, Gladstone, Sunday afternoon, while on her way to the home of her daughter, Mrs. Benjamin Hayward.

Mrs. Blanchard did not see the approaching car as she started to cross the track from the rear of the waiting room at the depot. The motor man had slowed his car to allow several passengers off, otherwise Mrs. Blanchard would not doubt have been killed. The car struck her on the shoulder, and caused Mrs. Blanchard conscious for a short time, but was able to fall and strike her head against the steel rail. She was rendered unable to walk to her home later, after receiving assistance from the crew of the car.

HIGH SCHOOL MAT MEN ARE SAID AMONG BEST

Oregon City High School has one of the best prep wrestling squads in the country, is the belief of the University of Oregon after matching its Freshman team against the local home crushers.

The U. of O. Freshmen departed from Oregon City recently, having lost by a 2 to 3 score, and without a single fall to their credit. The local team, which last year captured the state championship, would have a good chance against the Oregon varsity squad, according to the university wrestling manager.

The local boys will meet Eugene Friday evening in a contest for the state title. From indications the squad will annex the championship again. Tickets for reserved seats have been placed on sale at the Huntley-Draper Drug Store.

PHEASANTS LIBERATED IN CLACKAMAS COUNTY

Game Warden Frees 96 Birds Brought from Corvallis; Season Opens October 15.

Preparations for the opening of the game season are being made in Clackamas county. For the first time in several years pheasants from the state game farm were liberated here today. A shipment of 96, 6 months old birds from the Corvallis farm were turned out in the Damascus, Jennings Lodge and Clackamas sections by H. E. Meads, game warden in charge of the Clackamas county district. The season on pheasants in this county opens October 15 this year.

The appointment of deputy game wardens for this district will be made next month, according to Meads. Last year there were 11 men in Clackamas county and it is expected a similar number of assistants will be appointed this year.

The first event in the game calendar is the opening of the trout season April 15. Trout fishing will be in order in all streams except tributaries to the Molalla, which are closed by law.

Under the existing laws the Willamette is open to salmon and trout fishing all seasons of the year. For some time it was believed that it was closed above the falls except during open season, but a recently discovered technicality in the law changes this ruling.

NEW WATER DISTRICT IS CARRIED BY 10-1 VOTE

Completed returns on the Oak Lodge water section, held through the Oak Grove-Jennings Lodge incorporation carried by practically a ten to one vote, with a ballot of 533 to 54.

John R. Oatfield, Harry Olsen and Henry Babler were elected commissioners and will have charge of the plans for the building of a water system which will give the district a supply of Bull Run for domestic purposes. The territory included runs from Milwaukie to Gladstone north and south, and from the Clackamas river to the Oatfield Road east and west.

The district, under the ten per cent provisions, will have a bonding power of more than \$100,000. No finance arrangements have been made but it is probable that an election for the purpose of voting bonds will be called as soon as definite plans for the project are outlined by the commission.
