CATARHIAL DEAFNESS IS GREATLY RELIEVED BY CONSTITUTIONAL MEDICINE

HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhial Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting nature in restoring normal conditions.
