Mr. Hein has an acre planted to the sweet corn, and is trying his first year at growing the "Gill's Early Market." This corn has been found to grow successfully here. ## Elaborate Plans Are In Progress For County Fair

CANBY, July 31.—Arrangements are now under way for holding the 16th annual county fair at the Clackamas county fair grounds in the northern part of this city, September 19, 20, 21 and 22 inclusive.

Many improvements on the grounds are to be made, and among these will be in the poultry department, where a better lighting system is to be installed. There was complaint last year of poor light, so this will be remedied by the association. C. R. Quinn, who resides near Oregon City, in charge of this department last year, has again been selected director of poultry. One of the noticeable features of last year's event in this department was the care given the birds. Upon the death of Andrew Koehner, who was superintendent of this department for two years, and whose untiring efforts made the poultry one of the leading departments of the fair, the association turned the work over to Mr. Quinn.

There will be a number of special prizes offered in the poultry department. Premiums have just been arranged and completed by Mr. Quinn. Among the specials will be \$5 for champion male bird, from Bank of Oregon City; \$2 for best bird (American class) from C. V. Prouty, of Canby; \$2 for best bird (Mediterranean class), C. O. ## Many Tourists Visit Canby and Auto Park

CANBY, Or., Aug. 2.—Never before in the history of Canby has there been a greater number of motorists pass through this city, many of whom are on their way to California, after touring through Washington and Oregon. One of the noticeable facts is that the Eastern states are largely represented this season. Among the cars passing through Canby on Sunday and Monday were from Ohio, New York, Maine, New Jersey, while one carried a pennant with the name of Honolulu, and others with North Dakota, Montana, Minnesota and Idaho with numerous cars from Washington. Oregon is also well represented. The beach is being largely represented by California people, who are daily passing through here.

The Canby Automobile park near the Goodie's bridge and owned by Mr. Weygandt, although off the main highway is being well patronized by tourists. Here one will find a desirable beach for the bathers, and spring board for their amusement, and in the grove nearby are tables and benches. It is the plan of Mr. Weygandt to install stoves. A nominal sum is charged for the motorists and well worth the price. The park, covering 40 acres of land, extends along the Molalla river, an ideal stream for bathing. There is also a well containing pure drinking water.

The park is located one mile from the city limits and is reached by the Macksburg road, northeast of the city.

Many motorists from Portland and various parts of Clackamas county visited the resort last Sunday.

## MANY ATTEND NEW ERA DANCE

CANBY, Or., Aug. 2.—Many from this city attended the dance at the Spiritualist camp meeting ground last Saturday night. The dance given by the local Artisans at the Artisan hall on that night was poorly attended as most of the young people went to New Era.

## CANBY WINS BASEBALL GAME

CANBY, Or., Aug. 2.—The baseball game between Oregon City Pirates and Canby baseball teams on Sunday resulted in a score of 5 to 0 in favor of Canby.

The local team will play the Donald team at Donald next Sunday.

## CANBY LOCALS

CANBY, Or., Aug. 2.—Mr. and Mrs. Harry Garrett and children, were in this city on Saturday and Sunday, where they visited at the home of Mr. Garrett's parents, Dr. and Mrs. R. I. Garrett, and also with Mrs. Gar-

rett's mother, Mrs. R. Soper. They were accompanied home by their two little children, Lloyd and Virginia, who have been visiting here.

## County Fair Association, to have charge of the pavilion.

Putnam to Enter Among the poultry fanciers to enter at this year's fair will be Roy Putnam, of Clackamas Station, a breeder of White Leghorns. Mr. Putnam made his first entry at last year's fair, but has exhibited at the International Show in Portland. Last year at the International show he won first place on hen in the laying contest, for the second, won third place and tied for the third pen. One of his hens laid every day of the show, and this hen will be on to be entered at this year's event. Mr. Putnam will enter at the Oregon State Fair.

From present indications there will be great rivalry again this year between the Warner and Oswege granges, the latter having been awarded first prize last year. Warner grange has never failed to be on hand at the fair since the fair was held 16 years ago. Whether winning first prize or not the members are always eager to try again, which they are now preparing to do, and members are getting ready for the event.

Hazelia and Rosemont will probably compete for the community prize. Rosemont won the prize last year over Hazelia, while Hazelia won the prize the previous year. A handsome cup is to be awarded to the winner this year, this being held at the present time by Rosemont.

### Farmers' Horses to Race

Among the horse races for this year's fair, farmers of Clackamas county will be given the privilege of entering some of their blooded horses on the race track.

Among the Jersey breeders to enter in the livestock department will be A. D. Gribble, prominent breeder of Jersey Praline. Mr. Gribble has a number of new yearlings last year's fair, and will bring his herd of ten full-blooded Jerseys to vie for the prizes offered in their class. George DeBok, of Willamette, is to enter a herd of Holstein cattle and some of his prize Duroc-Jersey swine. He won many prizes on his herd of Holsteins and herd of Duroc-Jersey swine last year.

Arrangements have been made by the fair association with the James Duff Carnival Company, which was at last year's fair.

Arrangements are being formulated for the establishment of a dancing platform on the ground, thus adding to the interest of the evening session. From letters that are being received by Mr. Long, secretary of the Clackamas County Fair Association, the livestock and poultry barns are to be well filled.

## Portland Writer Comes to Witness Historical Pageant

She is also a regular contributor to the columns of the Woman's Home Companion.

Her home for a number of years was in Chicago, but longing for the West she decided on "casting" her net in Oregon, although she had made her home in California before going East. Mrs. Deany is a typical Western woman, and her charming manner has been the means of interesting people in her writings.

## OREGON CITY MAN KILLED WHEN CAR GOES OVER BANK

Roy C. Stretchberry Dies in Hospital; Girl Escapes With Minor Scalp Cuts; Victim's Skull Fractured.

Plunging over a bluff skirted by the steep and narrow Neer City road, close to its junction with the Columbia river highway, near Goble, an automobile driven by Roy C. Stretchberry, of Oregon City, dived 25 feet Tuesday night, injuring Stretchberry so seriously that he died a few hours later at St. Vincent's hospital.

### BAD BRAKES GIVEN AS CAUSE OF ACCIDENT

Stretchberry was accompanied by Miss Ruth Bloomquist, of Rainier, who escaped with minor scalp cuts. He remained in his seat and his skull was fractured when the top caved in as the car overturned.

The brakes on Stretchberry's car are said to have failed to hold.

The accident happened about 10:30 o'clock and in the darkness Stretchberry is believed to have driven too close to the edge of the bank.

Stretchberry was 26 years old and, as far as known, unmarried. Mrs. S. Stretchberry, his mother, according to letters found in his pockets, is in Long Beach, Cal.

He was a civil engineer employed by the state highway commission on the task of surfacing the bit of road through Rainier.

## Man Recently Employed Here As Automobile Salesman; Was State Civil Engineer.

Dr. Ditto of Rainier gave emergency aid and had the injured man sent to the hospital.

Stretchberry came to Oregon City about three months ago from California. He was employed here by Weismandel & Payne, automobile dealers. He was about 26 years of age, single, and his relatives are residents of California, now said to be on a motor trip in the East. The destination was to have been Ohio. Stretchberry had been going with a young woman in this city, who was a personal friend of the family. The coroner and friends of the young man are making an effort to locate her.

## ACTION UPON VACATION OF STREETS IS DELAYED

Resolutions to commence new proceedings for the vacation of Third street from Main to Railroad avenue, and for the vacation of the lower end of Main street were started by the action adopted by the city council last evening. The vacations of the streets are part of a reciprocal agreement with the companies to whom the property will revert on vacation, involved in the financing of the south end road.

The new proceedings were required due to an error in the advertising of the notice for vacation of the streets. Final action had been set for last night.

The council adjourned until 7:30 o'clock tonight.

## Error in Notice Is Cause Of Holding Up Final Passage Of South End Road Pact.

William Weismandel, by whom Stretchberry was employed, said today when hearing of the accident. "I had cautioned Stretchberry about fast driving, fearing that he would meet with some mishap." The young man was employed as a salesman by a local automobile firm, and had taken a temporary position as civil engineer for the highway commission at St. Helens in order to help the commission in the near future to resume his position.

Weismandel was notified early Wednesday of the accident, but could give no information as to the present location of the young man's relatives. He expressed regret upon hearing of the accident, saying that Stretchberry was a fine young man. He was a guest at his home for dinner on Sunday, spending the day in Oregon City. He was also a frequent caller at the home of Blake Bowland in Gladstone. The two young men having become close friends.

The first annual historical pageant which was staged in Oregon City last night brought with it a realization of the great possibilities which attend any move to visualize the epic in the development of the west. Though there was much to be desired in the holding of the pageant on the Williamsite the value of the idea of an annual gathering to perpetuate, through a dramatic presentation, the stories of the founding of the civilization which has flourished beside the falls, was generally recognized.

A crowd of between 5000 and 6000 people was on hand to witness the scene, but many could not view the pageant because of the lack of adequate seating facilities.
