

CANBY AND SOUTHERN CLACKAMAS

FIRST CORN MARKETED FROM FARM AT CANBY

CANBY, Aug. 8.—W. H. Lyda has brought the first Yellow Bantam sweet corn to the market, and grown on his farm near Canby. On Monday he took 18 dozen ears to Oregon City, where he disposed of the same, and today shipped 27 dozen, expecting to take much more to Oregon City on Saturday. The retail price for this corn is 25 cents, while other varieties of corn are selling at 20 cents. Among the growers are I. B. Hiels, who is specializing on white sweet corn.

The Lyda farm is to be irrigated, and a new water system is now being installed, but will require a raise of about 150 feet from the Molalla river in order to successfully bring the water to the gardens. A pump will be installed to pump the water. A wheel system was tried out a few days ago, but did not prove satisfactory.

Lydas have one and one-half acre planted to the Yellow Bantam, and have so arranged that they will have this variety a larger part of the summer, for a later crop will come on when the first crop is harvested.

5 MEN MAKE ATTEMPT TO ROB HOME IN CANBY

Five men entered the home of W. W. Walker near Canby Wednesday night during the absence of Walker, who was attending a meeting of the Artisan Lodge in this city. As Roy Parmenter, neighbor of Walker, was passing the home, he saw the men making their entrance, and immediately notified the owner of the home. Walker and Parmenter returned to the Walker home, and with the assistance of William Uppendahl, succeeded in catching one of the men in the house, the others making their escape, but three were later overtaken by an automobile, although they had made a hasty retreat in a Ford, which they had taken at the Bentley berry yard. The men had been picking logan berries at that place. The four were brought to this city and placed in jail for the night, and Sheriff Wilson notified. One of the five men, by the name of Steele, whose home is in Oregon City, made his escape, but was found on Friday.

Sheriff Wilson turned the men loose today, since no charge was made against them. He failed to secure their names.

This is the third time the Walker home has been entered this year, and Mr. Walker is now determined to see that the fourth time will not occur, but if it does there will probably be "something doing" with those visiting his home on an occasion like Wednesday evening, and that they will not get off as easy.

AGREEMENT REACHED ON CANBY LIGHTING SYSTEM

CANBY, Aug. 8.—At the meeting of the Canby city council held on Monday evening it was decided to offer the Molalla Electric Power Company \$7787.00 as the purchase price for its holdings in the city of Canby's light equipment. This will no doubt be accepted by F. G. Robinson, manager, since Mr. Robinson has offered to sell at that price if \$1350 be eliminated, which the city of Canby has claimed as an equity in the plant. At the city council meeting it was decided to eliminate this.

Mr. Robinson has not yet made a definite statement as to closing a deal, as he left the meeting before the final decision was made by the city fathers. The matter is to be taken up with Mr. Robinson within a few days to arrange for the final settlement.

SPARKS IN BRUSH NEAR CANBY START BIG FIRE

CANBY, Aug. 7.—A brush fire started on the highway near Coals Rock on Sunday evening, which reached almost to the highway. Sparks from the cliff above scattered among the brush and tree tops, and many trees were ablaze at 9 o'clock. The fire is now under control in that section, although burning in various places.

Prune Picking Price Set; Crop Is Good

From present indications the prune crop in and around Canby will be much better than that of last year. The prune harvest prices have been set by the Oregon Growers' Co-Operative Association, and will be as follows: Picking, eight cents per bushel, if the pickers work throughout the season, otherwise the price will be six cents; drier help and other labor, \$3 per day, and kill men, \$5.

Mrs. A. H. Knight Is Named School Clerk

CANBY, Aug. 8.—Mrs. A. H. Knight, of this city, has been appointed school clerk of Canby school district to succeed William Knight, who has held the position for many years, who was considered the only man in the United States who had held the position for the length of time. He was clerk of the Canby district for over forty years besides serving as director. A. H. Knight was appointed to the vacancy, but Mr. Knight declined to serve. His wife was then appointed for the place.

First Peaches Are Shipped From Canby

CANBY, Aug. 5.—The first local peaches to be marketed in Canby are from the peach orchard of W. H. S. Buoy, of Riverside district. These are of exceptionally fine quality and have a delicious flavor. Among the other growers now bringing peaches into the market is the Eller farm.

First Shipment of Evergreen Berries Is Sent From Canby

CANBY, Aug. 9.—The first Evergreen blackberries to be shipped from Canby this season will be sent by the Schmidt Produce Company to Woodburn on Monday morning. The Graves Canning Company of that city, purchased 36,113 pounds. There were 22,929 pounds shipped in one week, the greatest number during the season. This cannery paid out for last year's Evergreens to the Canby people \$3644.32, furnishing the boxes and crates. This year's crop will probably not be as large as was expected, which is due to the continued dry weather, which will tend to shorten the crop, except on the lowlands near streams, where the bushes are laden with berries.

The first shipment of musk melons to be received in the local markets reached here this morning, and were from the Ben Cummings farm, located in the Riverside section, Canby. There was a good demand for these melons, which sold at three cents per pound, averaging about ten cents each. They were of luscious flavor. The Carlton & Rosekrans store and the Swanby store as well as the Vinyard store were stocked with the melons.

Among other growers in this section who are looking forward to having big yields this year are Miss Frances Cummings, W. A. Reed and J. W. Fawcett. Mr. Fawcett shipped largely to Portland last season. The Canby soil is well adapted for the growing of melons, and a number of the farmers are now specializing on growing both watermelons and muskmelons.

Prospects For Big Peach Crops Good

CANBY, Or., Aug. 9.—Local grown early peaches are on the market, but the Early Crawfords will not be ripe until August 20, the season to continue to about September 1, while the late Crawfords will make their appearance about September 1.

There will be a good crop of both Early and Late Crawfords from present appearance, and a number of the growers are already contracting their crops, while others are advertising theirs, the purchasers to bring their own boxes.

Among the growers who are to have large yields are O. M. Scott and W. H. Buoy, the Scott farm being located three miles north of Canby.

W. H. Buoy has had the first early peaches in the Canby market. During the severe winter of 1920-21 many peach trees of this section were destroyed, and last year's crop was a total failure, the growers having but enough for their own supply, while others did not even have that amount. There has always been a demand for the Canby peaches, for they are of unusual sweet flavor. Indications are that many will be sold in the yards without being marketed to stores.

Phenomenal Beans Measure 10 Inches

CANBY, Aug. 9.—"Jack the Bean Stalk" has nothing on W. H. Lyda, of this city, when it comes to producing beans, for so far this season Lyda has proven to be the champion bean grower of Clackamas county. This was shown at the Swanby store in this city on Monday when some of the giant beans were weighed and measured. Seventeen of the beans, measuring ten inches in length, weighed one pound on the Swanby scales. The name of these beans are the "Oregon Wonder" and are attracting unusual attention. This is the first year that Lyda has experimented with the variety, and so favorably impressed with this year's crop that he is to specialize on the "Oregon Wonders" next year. The beans inside of the pod are unusually large and solid, but cook tenderly.

PLAN NEAR COMPLETION FOR BIG FAIR AT CANBY

Improvement to Grounds and Increases in Classification of Exhibits Under Way.

CANBY, Aug. 9.—The big pavilion at the fair grounds of the Clackamas County Fair association in the northern part of the city is being put into readiness for the fair to be held in September, the date of which will be September 19, 20, 21 and 2, the week preceding the Oregon State Fair. The interior is being whitewashed, as are also the livestock barns.

Through the leader of the Mt. Angel band, Fred Schwab, that musical organization is to furnish the music for this year's event. The band was at last year's fair, playing both day and evening.

For this year's fair plans are under way for having a dancing platform on the grounds for the pleasure of the younger generation who desire to attend during the evening. The music will be furnished by an orchestra.

Florists Take Interest. A number of the florists are taking an interest in this year's fair, and Mrs. Bertha Hurst, to have charge of the department, is encouraged over the bright prospects of having the largest exhibit of any year. Among the florists to enter are the Oregon City Greenhouse, Starker, Clackamas Greenhouse, Shearer. There will be many individual growers to exhibit. Among the special prizes secured by Mrs. Hurst for her department are as follows: Best display cut flowers by florists, first \$5; second, \$2; best display cut flowers by amateurs, first, \$5; second, \$2; best display cut dahlias, comprising at least five classes of bloom, arrangement, length of stems and perfection of bloom to count in judging, best display cactus dahlia, \$1, first; 50 cents, second; best display peony dahlia, \$1, first; 50 cents, second; best display show dahlias, \$1, first; 50 cents, second; best display single dahlias, \$1, first; 50 cents, second. Petunias, verbenas, hollyhocks and delphiniums have been added to this year's premium list, when \$1 will be first prize and second 50 cents on each variety.

Any person exhibiting at this year's fair non-bona-fide property shall forfeit the entrance fee, and no premium will be awarded for such article unless this year's ruling is to be strictly carried out. The entries must be made to the superintendent of the floral department before 10 a. m. of the first day of the fair. The cut flowers must be in place by 12 noon first day of the fair.

Competition to be Keen. The competition will be close in this department according to present indications and also in the grange department. The first prize for the best grange exhibit will be \$100; second, \$75; third prize, \$50; fourth prize, \$25; fifth prize, \$15. A special prize will be awarded to the grange with the most beautiful and artistically arranged booth. In the contest the score card follows: Vegetables, fresh and canned, 20 points; fruits, green, dried and canned, 15 points; seeds, grains and grasses, shelled and sheaf, 20 points; household milk, 20 points; quality, 25 points, making a total of 100 points.

In the Improvement Clubs or District Displays the first prize is \$75; second prize, \$50; third prize, \$25. This is for the best collective exhibit by members of an improvement club or other neighborhood organizations.

For best farm exhibit, products of one farm, consisting of vegetables, grains, shelled and in sheaves, fruits, fresh, dried and canned, dairy products and other things common on the farm, the first prize is \$75; second prize, \$50; third prize, \$25.

Stock Judging to be Feature. In the juvenile department the livestock judging will be a great feature, and will be held Thursday, September 21. Each club will be restricted to entering one team of three members who shall be chosen from a regularly organized club. Judging will be limited to one lot of one breed of cattle; one lot of one breed of sheep; and one lot of one breed of swine. The first prize will be \$9; second, \$6; third, \$3; fourth, \$2; fifth, \$1. In the poultry department the judging will also take place on Thursday, September 21.

There will also be special prizes in the corn and potato growing, vegetable gardening, poultry raising and pork production, sheep raising, calf raising and dairy herd record-keeping, as well as canning and sewing.

Several New Homes Built at New Era

CANBY, Aug. 9.—Several handsome new bungalows are being erected at New Era, all of which are modern throughout with built-in conveniences and with full cement basements. Those erecting new homes and locate on the highway overlooking the Willamette river are Joe Endree and John Tackenberg, which are nearing completion. When finished these will be among the most attractive and convenient homes in the county.

On the old Oregon City road in the New Era section Roy Anthony is building a handsome farm home, this also to be equipped with modern conveniences. Others are contemplating erecting homes in the near future. New Era is one of the oldest settlements in the county and with the erection of these homes is the starting of a building boom in that section of Clackamas county. Close to the river, railroad and highway, with land adapted for fruit growing and grain growing as well makes it a most desirable place to reside. A number of the farmers of that section are now specializing on walnut growing,

among these being Mr. Anthony, whose crop was unusually large last fall, although there was a scarcity of nuts during that year.

LAWN PARTY. CANBY, Or., Aug. 9.—The first lawn party of the season to be held at Canby will take place at the home of Mr. and Mrs. M. J. Lee on Friday evening, August 11. The affair is to be given by the Ladies' Aid Society of the Methodist church. Refreshments are to be served, and there will be a program.

INFANT DIES. CANBY, Or., Aug. 9.—The infant daughter of Mr. and Mrs. Louis Mitts, born on Tuesday morning, August 1, died the following day. At the time of the birth of the child a growth was found in the throat, and she was too young to undergo an operation.

CANBY LOCALS. CANBY, Aug. 9.—Mrs. Widdows, residing at Barlow, was in this city on Tuesday morning on her way to Oregon City, where she transacted business.

Mrs. A. M. Condit and children, residing near Vancouver, Wash., have been visiting relatives at Coles Mill.

Edward Satter, editor of the Canby Herald, was in Oregon City on Tuesday on business.

Mrs. Delbert Hutchinson, of Molalla, has arrived in Canby and is spending the week with her aunt, Mrs. R. Soper.

Mrs. W. D. Rider and infant daughter, Alta Fay, returned to Canby from the Oregon City hospital on Tuesday. Little Alta Fay was born at that institution.

Mr. and Mrs. Alvin Phelps, who left Canby about two years ago to make their home at Hubbard, have returned to this city.

Mrs. Ola Ogle and son, Wayne Gurley, accompanied by Miss Opal Wheeler, have gone on a motoring trip, expecting to visit a number of beach resorts before returning here.

Mr. and Mrs. H. H. Eccles and Mr. and Mrs. Grant White, who have been enjoying an outing at the Tillamook beaches, have returned to Canby.

Mr. and Mrs. Charles Waite and the latter's mother, Mrs. Mary Kutzcheon, have gone to Newport to spend the month of August in their summer home that overlooks the ocean. Mrs. A. H. Knight is in charge of the post-office during the absence of Postmaster Waite.

N. Diggeress, of Salem, and a resident of Canby for a number of years, was in this city the first of the week visiting friends.

Mrs. A. H. Knight and son, Beauford, were Portland visitors the latter part of last week.

John Kaborek has gone on his annual vacation, and during his absence from his barber shop, George Meeks is welding the razor and shears, as in former years when occupying the building in a similar business.

Miss Lorena Hornig has taken a position with the Cottage hotel.

Miss Lorraine Lee visited friends and relatives in Portland on Wednesday.

John Eld, merchant of this city, was among those attending buyers' week in Portland on Tuesday.

Mrs. Bertha Hurst was in Oregon City on business Saturday. Mrs. Hurst is to be in charge of the floral display at the Clackamas county fair in September, and went to Oregon City on business pertaining to the same.

Young Snatch Thief Seizes Purse and Runs With \$1,300

KANSAS CITY, Mo., Aug. 7.—In full view of hundreds of pedestrians, a young bandit today snatched a satchel containing \$1300 from the hands of Miss Louise Harvey, 20, cashier of the Rossman Clothing company, at a downtown corner and escaped. She was on the way to the bank.

Careful Attention

Your eyes are the most important organs of your body and deserve the best that OPTICAL SCIENCE affords.

MOUNT HOOD LOOP WORK IS HELD UP BY IRATE FARMER

Rancher With Gun Prevents Men Entering Premises To Start Road Construction; Courts to Take Action.

CONDEMNATION ERROR IS GIVEN AS GROUNDS

Lauderbach Property, Close To Clackamas County Line Is Scene of Altercation.

Highway builders ran into trouble Wednesday when they undertook to continue work on a road to connect with the Mount Hood loop, six miles south of Gresham, across the property of Kenneth and L. R. Lauderbach, near the Clackamas county line.

As a result of the encounter, in which the display of a rifle is charged by James Hillyard and F. R. Meyer, county employees, warrants were sworn later in the day by Deputy District Attorney George Mowry, charging Kenneth Lauderbach with threatening to commit a felony.

Threat is Made. According to the story told by the road workers to County Roadmaster Eatchel, they had taken the road machinery to a point in Clackamas county adjacent to the Lauderbach property, whose boundary coincided with the county line. They left the equipment there Tuesday night, intending to start actual work early this morning. Hillyard reached the spot first, a few minutes before 8 o'clock, and was confronted by the Lauderbach brothers, Kenneth Lauderbach, who was carrying a rifle, warned Hillyard not to proceed with the work, alleging that the county's condemnation proceedings were illegal in that notices had not been properly posted. During the argument Meyer arrived and the words became heated.

The county employees allege that finally Kenneth gave formal order that the men remain on the Clackamas county side of the line, making a dire threat that he would use the rifle. L. R. Lauderbach then said he would serve them with a written order to stay away, which he did, Hillyard and Meyer accompanying him to a slaughter house operated by the brothers, where the notice was made out.

Resistance Held Futile. Not being equipped to resist an argument in which a rifle figured, Hillyard and Meyer returned to Portland and reported the situation to Eatchel. Eatchel took them before the county commissioners, who called in Mowry. Deputy sheriffs were given the warrant to serve on Lauderbach.

Roadmaster Eatchel declared that the condemnation proceedings were perfectly legal, that the notices were duly posted and that the damages to property condemned had been appraised and paid.

The proposed road, while not an integral part of the Mt. Hood loop, connects with it from the Powell Valley road at Gresham southward.

Lakewood Prowler Takes Clothes and Gun, Scars Woman

H. H. Brown of Lakewood station, on the Oregon City line, telephoned to the police Tuesday night that his house was robbed Tuesday and that the burglar had threatened his sister-in-law with a gun he stole from the house.

Brown said his wife's sister had been away from the house and when she returned she noticed the house had been entered. She started to go through the place and see what had happened, but was halted by a young man holding a gun in his hand.

He told her to "be quiet." She ran from the house screaming for help. While she was gone the prowler ran from the place leaving behind some clothing and small articles he was about to take. He kept the gun, however.

July Fire Loss Is \$972,905, Is Report of State Marshal

SALEM, Aug. 9.—Sixty-nine fires in Oregon, outside of Portland, during July, resulted in losses estimated at \$972,905, according to a summary issued by A. C. Barber, state fire marshal.

ALLEGED MOONSHINER JUMPS BAIL OF \$500

J. Boehly, arrested Saturday on charges of operating a still, forfeited \$500 bail yesterday by failing to appear in the justice court for trial. The bail had been posted by John Mielhke.

Boehly was charged with the operation of a still which the sheriff and his deputies discovered on his ranch near Mt. Pleasant.

6 Per Cent State School Money to Loan on Farms

SCHUEBEL & BEATTIE
Bank of Oregon City Bldg., Oregon City, Ore.

HARGREAVES HOME ON CARUS FARM IS BURNED

Blaze That Started by Spark From Thresher; Damage Is \$5500; Insurance Is \$1,500

The nine-room farm home of Mr. and Mrs. J. E. Hargreaves at Carus, six miles from Oregon City, was destroyed by fire Tuesday afternoon. Reports here yesterday were to the effect that the blaze was caused by sparks from the threshing machine which was on the place near to the house.

The thirteen men, comprising the threshing outfit, were engaged in eating dinner when the fire broke out in the second story. Efforts were made to save the furniture, but the flames had gotten such a headway that it was difficult to save the piano and a few chairs. All other furniture, bedding and dishes as well as clothing, were burned. The insurance on the house was but \$1500. The damage was \$5500.

After the house had burned the workmen and neighbors numbering about 30 men turned their attention to saving nearby buildings and also keeping the flames from entering the canyon a short distance away. Bucket brigades were formed and the men worked heroically. Women also gave aid to prevent the fire from spreading into the timber. The grain and threshers were saved.

Mr. Hargreaves resided in Oregon City for a number of years, attending school here while a boy.

SECOND REDUCTION IN GAS RATES IS ORDERED

Voluntary Cut of Five Cents More Made by Company; Change is Effective Here.

The announcement of the additional cut in the gas rates, made in Portland, will be effective also in Oregon City. A second reduction was announced yesterday by the Portland Gas and Coke company, making a total cut in the charges of ten cents per thousand cubic feet.

Under the ruling on the reductions, given for the Clackamas county territory at the request of the local commercial club, Oregon City and the surrounding district will receive the benefit of the reduction in Portland.

The announcement was made by Guy W. Talbot, president of the Portland Gas & Coke company. Lowered cost of fuel oil is the cause of the reduction, which follows a similar drop announced on August 2. The total reduction of 10 cents a thousand feet becomes effective September 1.

Official notice has been received by the gas company of another cut of 25 cents a barrel in the price of crude oil, Talbot said. Cuts made in the past month by the Standard Oil company aggregate 50 cents a barrel.

New rates are general and cover all meter readings. Notice of the reduction has been sent by the company to the public service commission.

FOREST FIRE THREATENS HULT COMPANY TIMBER

The forest fire that started Sunday from a donkey engine at the Giant Logging company camp near Mulino is spreading steadily, forcing the fighters to give way and take a stand about a quarter of a mile from the camp on a county road.

The camp was deserted and the women moved out. The men made a valiant fight to save the logging road, camp and logging equipment, but the camp was given up and about half of the logging road was destroyed.

The fire burned over more than forty acres in three hours Sunday and has now burned over more than 200 acres. Barrels of water are being trucked and thrown on the blaze.

The timber is mostly owned by W. O. Vaughn and leased to the Hult Lumber company.

COLLAPSE OF INDEMNITY CONFERENCE AVERTED

LONDON, Aug. 9.—Threatened collapse of the international indemnity conference was narrowly averted today when Premier Theunis of Belgium submitted counter proposals to take the place of the German conditions turned in by Premier Poincare of France on Tuesday.

The danger of deadlock was not completely allayed this afternoon. France is understood to be insisting on the right to separate action against Germany and the French already have "sanctions" in mind which include seizure of the German coal fields in the Ruhr basin.

In addition to the breach of views between Premier Lloyd George and Premier Poincare dissensions have broken out in the committee of experts which has been considering the Poincare proposals since yesterday morning.

RESTORATION OF OLD PHONE RATES TO BE ATTEMPTED

Public Service Commission Asks Attorney General to Withdraw Action Pending Over Projected Increase.

REBATE TO CONSUMER DECLARED PROBABLE

Issuance of Desired Order By Multnomah Circuit Court Held To Be Mandatory.

SALEM, Aug. 9.—The public service commission today took steps looking toward the restoration of the lower telephone rate that formerly prevailed.

A resolution was passed directing the attorney general to withdraw his answer on behalf of the public service commission to the suit of Robert G. Duncan and others.

This suit was started in the circuit court of Multnomah county and sought to prevent the public service commission from putting the new and higher telephone rates of the Pacific Telephone & Telegraph company in Portland and many other cities in Oregon into effect. Oregon City is included.

The old public service commission, just two days before their recall went into effect, answered the suit. Having granted the increased rates, the old commission had no interest in fighting the increase.

Today's action, directing the attorney general to withdraw the answer ordered by the old commission, goes a step further and instructs the attorney general to confess judgment.

In other words, the public service commission will admit that the Duncan suit seeking to prevent the increased telephone rates should prevail.

There will be nothing for the Multnomah county circuit court to do but to hand down a decision in favor of Duncan and against the public service commission, which will automatically put the old telephone rates in effect.

Incidentally, the patrons of the telephone company who have paid the increased rates will be able to get a refund which will amount to several thousand dollars.

The order increasing telephone rates was made February 28, 1921.

Weather Man Saves Reputation With 15 Minutes of Rainfall

Promises of rain which the weather man joyfully posted for Wednesday were fulfilled in Clackamas county. That is, almost. The weather man made good for the simple reason that he did not predict how much rain there would be.

It rained in Oregon City from 4 o'clock yesterday until about 4:15. It was just the start of an Oregon Mist, but it was rain, the first which the city has seen since the commencing of a drought which had lasted for more than two months.

Predictions continue to point to showers. The exceptionally light drizzle yesterday afternoon is regarded as an indication that after all, the weather man may be right.

Divorces Granted By Circuit Judge

Judge J. U. Campbell granted the following decrees of divorce Monday: Lauretta Whitley from Claudius F. Whitley with plaintiff restored her maiden name of Lauretta Maunder; Yette Dunsmore from Clifford J. Dunsmore with plaintiff awarded \$40 per month for the support of two minor children; Earl George Wright from Helen Gold Wright; Blanche W. Smythe from James F. Smythe; Virginia Gertrude Armstrong from Albert G. Armstrong.
