

CANBY AND SOUTHERN CLACKAMAS

Plans Are Made for High School Work

CANBY, Or., Sept. 6.—At a meeting of the union high school board held on Tuesday evening, Miss Lucille Cozwell, of Portland, was elected teacher of mathematics and in charge of the physical culture for girls.

Miss Cozwell is the second teacher of the union high school having been elected principal, Roma G. White, of Portland, having been elected a few days ago. As there will be eight teachers in the union high school, including the principal, the other teachers will be chosen on Friday evening.

Arrangements were made for advertising for bids for a bus to call and return students to the high school building, and as there will be a special election for change for expense of this line, the election date will be arranged by County School Superintendent Brenton Vedder, of Oregon City.

E. E. Elliott, of the state board at Salem, will be here on Friday to meet with the union high school board to draft out plans for the work to be carried out by the local board for the coming school year.

As there will be much equipment to be purchased for the domestic science and manual training department this will be one of the subjects to be discussed at the meeting.

From indications there will be many students from the outlying districts to attend the union high school this year.

The districts included in the union high school district are Canby, Mark's Prairie, Central Point, New Era, Barlow, Lone Elder, Mackburg, Mundorf, Union Hill, Ninety-One, and Oak Lawn.

A ruling was made at the meeting of the board of directors to the effect that all teachers employed in the Canby schools this year must either board in that city or make their home there during the school year. This applies to both grammar and high schools.

Grammar Schools to Open September 11

CANBY, Or., Sept. 6.—The Canby grammar school will open on Monday morning, September 11, with a large enrollment. Howard H. Eccles, who has taught in Canby for many years, will resume his duties as principal and eighth grade teacher. Other teachers are Mrs. Clarence Eld, seventh grade; Miss Alta Ramsby, of Molalla, sixth grade; Miss Arlene Buhman, of Canby, fifth grade; Miss L. Maude Batty, fourth grade; Mrs. Del G. Clark, second and third; Mrs. Emma St. Clair, primary. All teachers taught last year in the grammar school, except Miss Buhman, having filled the vacancy caused by a resignation.

The Canby union high school will not begin until about September 18. It will be necessary to make room for union high school pupils to come from outside of Canby, and plans are under way to construct a two-room building adjoining the present grammar school building, when two grades of the grammar school will be transferred to this, and union high school pupils occupy the rooms vacated in the present building.

This subject is now in the hands of the grammar school board of directors, composed of the following: Frank Dodge, chairman; Dr. H. A. Dedman, J. R. Vinyard and Mrs. Ida Knight, clerk.

Decision Made to Buy Electric Plant

CANBY, Or., Sept. 6.—At a meeting of the city council held on Tuesday evening, it was decided to take over the electric light equipment of the Molalla Electric Company by October 1.

This has been a discussion at the council meetings for some time, and the purchase is the result of rates established about a year ago, many people objecting to the higher rates, and necessitated the purchasing of the interests of the Molalla Electric company or installation of a new plant to supply Canby with electricity.

At a meeting of the city council held the first of May it was decided to take over the equipment, provided the company would come to the city of Canby's terms.

A later meeting was held on August 7, at which time it was agreed to offer the Molalla Electric Power Company \$7787 as the purchase price for its holdings in the city of Canby's light equipment. This was accepted by F. G. Robinson, manager, provided \$1250 be eliminated, which the city of Canby has claimed as an equity in the plant. It was then decided to eliminate this.

Mr. Robinson has been manager of

Canby Girls Will Teach In Hawaii

CANBY, Or., Sept. 6.—Mrs. Gardner Whipple, Sr., accompanied by her daughters, the Misses Olive and Eva, of this city, will leave on Friday of this week for the Hawaiian islands, where the Misses Whipple are to teach the coming school term in the public schools at Hawaii, Miss Olive having taught there last year.

The Whipple family have resided in Canby for many years, Mrs. Whipple being a pioneer resident of this section. She is accompanying her daughters to the Hawaiian Islands to remain there until the close of school, expecting to return here next summer.

Mrs. Kell, another daughter, will reside on the Whipple farm during the absence of her mother and her sisters.

Large Crowd Out To See Canby Carnival Given By Ford Cars

CANBY, Aug. 28.—One of the largest crowds that has assembled at Canby was on Saturday, August 26, when the demonstration of the Ford automobiles and Fordson tractors was an attraction. Farmers came for miles with gaily decorated automobiles, some of which were covered with corn stalks with various kinds of vegetables arranged at all sides, while others were in evergreens and flowers.

Here were over a hundred cars in the big parade that started at 10:30, which was formed at the White garage. Many prizes were awarded.

The afternoon was devoted to demonstration of cars and tractors and in the evening radio concert given in front of the White garage.

H. B. Evans, cashier of the First National Bank, gave the address of welcome and led the parade, acting as master of ceremonies. Several thousand people attended the affair. Main street was blocked with machines and motorists had difficulty in wedging through.

Man Is Shot in Leg While Cleaning Gun

CANBY, Ore., Sept. 4.—Chester Cox, son of Mrs. Mary Cox, of this city, accidentally shot himself in the leg on Saturday afternoon, when a rifle he was cleaning discharged. The bullet entered the calf of the leg.

Cox, in company with his wife, recently arrived in Canby from New York, having made the trip by automobile.

HOSPITAL ESTABLISHED

CANBY, Or., Sept. 6.—An emergency hospital has been established in Canby, to be operated by Mr. and Mrs. John Neiland at their home in the southern part of the city. In connection with the treatment of the sick Mrs. Neiland is also caring for county charges, five of whom are now at the institution.

Mr. and Mrs. Neiland and family have resided in Canby for the past six years, Mrs. Neiland operating a restaurant for a number of years.

HUNTERS RETURN

CANBY, Or., Sept. 6.—Howard and Ralph Hein, of this city, who have been on a hunting trip, returned the first of the week. The boys brought home a deer, one of the first to have been brought to Canby this season. The Hein boys went into the Southern Oregon country, and report deer scarce.

CANBY LOCALS

CANBY, Or., Sept. 6.—Mrs. L. J. Demoe and children, Charles, Victor and Lorraine, of Oregon City, were in this city on Tuesday, where they were guests of Mrs. Demoe's parents, Mr. and Mrs. Neiland. They were on their way home from Salem, where Mrs. Demoe had been hop picking. Accompanying them to that place were Mrs. Demoe's brother, Ivo Neiland, and Leonard Newstrom, of this city. Mrs. John Hall and children, of Portland, have also been visitors at the Neiland home. Mrs. Neiland is Mrs. Hall's niece.

Mrs. Delbert Hutchinson and baby have returned to their home at Molalla. The babe was born at the Neiland hospital about two weeks ago, and her name is Clara Fay.

Mr. and Mrs. C. N. Wait, who have been spending the past month in their cottage at Newport, have returned to their home. Postmaster Wait has resumed his duties.

Rev. Skillbred has gone to Tacoma, Wash., to attend a meeting of Lutheran pastors.

Miss Lorraine Lee, who has been at Rhododendron, where she accompanied a party of friends, has returned to her home in this city, after a most delightful time. Owing to the heavy rain of Saturday night the roads in many places were almost impassable and as the party made the trip to Rhododendron in three automobiles, it was necessary for the drivers to give each one a lift when stalled. Miss Lee will leave next week for North Beach, Wash., where she will be a guest of friends.

Mr. and Mrs. Goodwin and family have gone to Texas for the benefit of Mrs. Goodwin's health.

Rev. and Mrs. Boyd Moore have gone to Salem to attend the M. E. convention convening there this week.

Mr. and Mrs. Delbert Hutchinson have moved to Canby, coming from Molalla.

PETITIONS TANGLE CITY HALL FRACAS AT COUNCIL MEET

Measure Must Be Voted On at Fall Election Relative To Recalling \$35,000 Bonds; Location To Be Decided.

FOUR MEN TO BE KEPT BY FIRE DEPARTMENT

Ordinance for Improvement of Depot Laid on Table Because of Remonstrances.

Free For All Fight Result of Accident

CANBY, Or., Sept. 5.—In an automobile accident that occurred near Barlow on Saturday evening, about 6 o'clock, two women, a child were badly cut by flying glass, caused from broken wind shields, one of the women also suffering from a nervous attack. Also resulted in two badly damaged automobiles. The accident occurred on a hill above Barlow and was witnessed by a number of people, among these being Dr. and Mrs. George Hoese, of Oregon City.

One of the cars, a Ford, was traveling towards Portland, and the other going south carrying tourists. The driver of the Ford, in attempting to pass another car collided with the south-bound car, throwing the latter into a ditch, and knocking two of the wheels from the latter, while the Ford lost one of its front wheels. The Ford contained a man, his wife and baby, while the big car contained the same number of passengers.

As the women were being given first aid attention by several who witnessed the accident, one of the women in the accident suffered from collapse and was hysterical. Her husband called out "Laugh for it could have been worse and the accident could not have been helped."

Automobiles by the dozen arrived until traffic was fairly paralyzed. There were about 40 machines stalled here, and when one of the drivers asked another to move on or let him pass, he was informed "nothing doing until the road was clear." This answer did not meet with approval of the former man, and he used an oath and in this both climbed out of their machines and started into beating each other with fists. About 40 motorists, in attempting to separate the men, received blows from the flying fists, and the women believing it a "free-for-all" fight became hysterical. One of the women said all she could see were legs and arms in the air. A speed cop appeared on the scene and took active part by assisting in separating the combatants, threatening to arrest the two men unless they ceased the fight. They ceased, and the road was cleared for traffic, but needed the officer to clear the road in order to allow the machines to continue on their way. The injured women and the two men with broken machines were forgotten in the melee.

Economical Rug Is Made In Portland

Taking any old worn out carpet and weaving it into a rug that is only surpassed by the Persian rug and producing an article that will outwear a carpet two to one is the business engaged in by the Western Fluff Rug company, 64-56 Union Avenue, North, Portland.

Jas. H. Billo, proprietor of this rug company, absolutely guarantees the work and everything turned out is delivered on the approval of the customer. "The Fluff Rug is an economical proposition, when service is taken into consideration. It is my honest opinion that a Fluff Rug made right is equal to any other kind of rug costing twice the price of a Fluff Rug. This opinion is based on the information obtained from users giving the rug the hardest kind of wear.

For instance, we find hotels using them in front of elevators and at stair landings, where the traffic is the hardest, to protect the other carpet. Have talked with a number of proprietors of rooming houses, etc., who admit that there is nothing that will stand the hard usage they give their carpets, as well as a good Fluff Rug.

"We are making a special effort to produce only the best grade of Fluff Rugs. Can make them any size up to 12 ft. wide without seams."

SLAYER IS MOVED FROM HOSPITAL TO JAIL CELL

DA' LLAS, Sept. 5.—Philip Warren, the Grand Ronde Indian who Sunday morning killed Prohibition Agents Glenn H. Price and Grover C. Todd at the town of New Grand Ronde in the northwestern part of Polk county, was taken from the Dallas hospital yesterday and lodged in the county jail.

Drunkenness Costs West Linn Man \$10

William Boylen, West Linn, who was arrested Saturday on a charge of drunkenness, was fined \$10 by Judge C. W. Kelly, in the municipal court yesterday.

da street. A gravel surface is asked for, but the plan was opposed by Ed Van Auken, a councilman, who owns property affected, and who insists that the improvement shall be a permanent surface on the street, with regular curbing and sidewalks. According to Barker, his neighbors cannot afford the permanent improvement at this time. The matter was referred to the street committee.

J. R. Bowland, residing on 12th street, urged the city to repair the sidewalk in the vicinity of his home, declaring they were a menace to safety. City property at 12th and Washington was cited as being bordered with walks in bad repair. J. E. Hedgcock, speaking for property owners on Fifth street, asked the city to get immediate action on repairing board walks in that vicinity. He also induced the council to order the chief of police to proceed with cleaning up the site of the recent Williams barn fire. Henry Templeton spoke on the same topic, and declared the debris remaining on the plot is a nuisance. Jack Cameron, of Division street, asked for speedy action on graving his street from Harrison to Molalla avenue, which has been graded and curbed. He pointed out that the street had been ready for surfacing for a month, and that with rains starting and school commencing, the street would be impassable unless the work was completed. City Engineer Roy Stafford reported that the fault was with the Oregon City Sand and Gravel Company, who had the contract for supplying the gravel.

Fire Chief Friebe pointed out the danger that comes with parking cars near the intersection of Seventh and Main, when the fire truck is forced to pass street cars at that point. He said that on two instances accidents had been narrowly averted, and he asked for the establishment of a safety-zone prohibiting cars from parking on the west side of Main street for a distance of fifty feet north of the intersection.

Complications in the tangle also arise from the fact that the council a few weeks ago voted to submit the matter of a location to the voters at the general election. This action was not nullified, so the mystified public will be asked in November to vote for or against the bonds, and for either an up-hill or down-town site for the city hall. In event the issue is recalled and a site chosen, the action is nullified, and in event no site is selected, and the bonds not recalled, then the same condition that now exists will continue.

A motion made at the council meeting by Councilman Cross, seconded by Bridges, to instruct the finance committee to purchase the Caulfield property on upper Seventh street, was withdrawn after it was shown that the terms of the petition must be carried out, and in view of the former action of the body in putting the selection of a site back into the voters' hands. Mr. Cross was one of the signers of the bond recall petition. His proposition to purchase the Caulfield property was bolstered up with the statement that the circulation of the recall petitions would agree to withdraw their fight against the bonds provided the location was immediately bought. The city attorney and city recorder pointed out that the recall petitions could not now be withdrawn. It was also shown that so long as the litigation is hanging that none of the bonds may be sold. The petitions to recall the city hall bonds were rejected by the council on vote, but their action does not affect the status of the measure to be voted on.

The petitions from the business men of the city urging the city to maintain a paid fire department consisting of four men, was presented to the council and action was taken to comply with the business men's request. It was ordered that a force of four paid regular firemen be maintained until the end of the year, and that a measure be drawn up to be placed on the November ballots requesting the taxpayers of Oregon City to consent to an additional tax levy of one-half mill in order to maintain the department at this strength in the future.

The proposed ordinance which was intended to give to the Southern Pacific company the right to extend the depot along Railroad avenue and into the intersection of Sixth street was unanimously ordered laid on the table by the council. H. C. Stevens is said to have threatened to enjoin any action on the part of the city to grant this privilege to the railroad company.

The council was informed by John Bittner that a building is being erected in the street at the south end of South First street by Eason. Each The matter was referred to the street committee for investigation.

Owners of property adjacent to the alley between Jackson and Madison streets, running from 15th to 16th street, petitioned to have rock spread in the alley for a roadway. No action was taken.

The chief of police reported eight arrests during the month of August and \$40 taken in fines.

The pavement on Molalla avenue from Duane street to the city limits was reported completed by the Oregon Construction company, and the ordinance authorizing the city to pay \$8,925.74 for the contract was read by the city attorney. The company has offered to have the city retain ten per cent of the amount for thirty days until the road is accepted.

The pavement on Eighth street from Main street to the Bluff was reported completed, he meeting of the council had been set as the time for the hearing of objections; none were reported. Notice of assessment must be made to the property owners before the warrants for the work can be issued.

Street and side-walk improvement came in for considerable discussion, with many sections asking for action in various manners. T. C. Barker, representing a number of property owners in Mountain View, spoke in favor of a petition which was presented asking for the improvement of Hill-

Desertion Charged; Divorce is Granted

Evalynne R. Coker was granted a divorce from John M. Coker, on a charge of desertion and non-support, by Judge J. U. Campbell today. The couple were married in Tacoma June 20, 1919. The plaintiff will resume her maiden name of Evalynne R. Todd.

Good Eyesight a Necessity

If your children are to get ahead in school and keep up with their studies they must have good eyesight.

In many instances Glasses are unnecessary—in others the child is unable to progress at all because of poor sight. I examine very carefully, recommending Glasses only when they will benefit your child.

19 years experience at your service.

PROCEEDINGS STARTED TO IMPEACH DAUGHERTY

Removal of Judge Wilkerson Who Sanctioned Injunction Also Asked By Labor Head

NEW YORK, Sept. 6.—Initiation of proceedings for the impeachment of Attorney General Daugherty and Federal Judge Wilkerson of Chicago on the ground that the strike injunction granted by the latter at the former's request was in violation of the constitution, was urged on Senator Borah in a telegram dispatched today by John J. Dowd, chairman of the general strike committee of the Eastern railroad shippers.

The message addressed to Senator Borah, as chairman of the senate committee on education and labor follows:

On behalf of 25,000 railroad shopmen on strike in the New York metropolitan district, we urge upon you the immediate necessity for the impeachment of Attorney General Daugherty and Federal Judge Wilkerson.

The injunction against the striking railroad shopmen requested by the attorney general and issued by Judge Wilkerson constitutes a violation by high government officials of the constitutional guarantees of American freedom and of specific federal statutes without precedent in the history of the nation.

Soft words of interpretation spoken in "high official quarters" after the issuance of the injunction can not mitigate the plain language and intent of the document. Nor can they wipe out the astounding admission by the attorney general reported in the press the day the order was issued that he would use the power of the government to maintain the open shops.

OFFICERS ARE ELECTED BY LEAGUE OF NATIONS

GENEVA, Sept. 6.—The League of Nations assembly today elected as its six vice presidents, the Earl of Balfour, England; Gabriel Hanotaux, France; Senhor Gomez, Portugal; Hjalmar Branting, Sweden; Amalio Nibicho, Jugo-Slavia.

The six vice presidents with six other members elected by the assembly committee will make up the steering committee to organize the business of the assembly under the rules, along with the president. The debate on the work of the league was reopened by Lord Robert Cecil of England, representing South Africa. He approved of the work of the council during the last year, but expressed the fear that it was in danger of being overwhelmed by a mass of detail, leading public opinion to underrate the really important work.

MARRIED BUDDIES WILL HAVE SELECT DISTRICT

NEW ORLEANS, La., Sept. 6.—The old sign "officers only," which is said to have caused more A. E. F. "buck" privates to lose their patience than the entire German army, will have a new peace counterpart at the annual convention of the American Legion to be held here October 15 to 20.

"Married Buddies Only" will be the new order, word having gone out that only veterans accompanied by their wives will be housed in the residential districts of New Orleans. The remainder of the 150,000 visitors expected are to be billeted in buildings, hotels and other quarters.

THREE KILLED, ONE HURT IN FIGHT OVER POLITICS

HOUSTON, Texas, Sept. 6.—A spectacular shooting in which three were killed, one was dangerously shot and another seriously stabbed, took place last night at Sealy, Austin county, Texas.

A feud between two families, the cause being politics, is said to have precipitated the deadliest pistol battle Texas has known in many years. The feud was fought on the main street.

DRIFT IS FOUND CLOSED; RESCUERS GIVE UP HOPE

JACKSON, Cal., Sept. 6.—High hopes have been dashed almost to despair again in the fight to rescue the forty-seven entombed Argonaut miners. After breaking through sixty feet of hard green stone formation in an effort to circle a clogged drift on the 3600 foot level, rescue workers have emerged into the main drift again only to find their way still blocked.

It may be five days before the men can be reached.

Indications are that the 353 feet of drift, which mine officials had expected to find open, is closed throughout its length. If so, every foot of the way will have to be shoveled and perhaps timbered. The rescue crew broke through into the main drift last evening.

When the night crew came off duty this morning they reported that they had been able to clear only ten feet of the main drift.

COMMITTEE OF 90 UNION LEADERS TO MEET IN CHICAGO

Immediate Gathering Called By A. F. of L. Secretary; Plans May Be Considered On Separate Settlements.

PEACE TALK IS SAID TO BE PREMATURE

Government To Decide What Action to Take Against Incendiary Speech Makers.

CHICAGO, Sept. 6.—A call for an immediate meeting of the policy committee of 90 in Chicago, probably on Monday, was sent out tonight by John Scott, secretary of the railway employees' department of the American Federation of Labor, announced today.

The meeting was called, it was intimated, to consider plans for a settlement of the strike on separate roads representing about one-third of the country's mileage. It followed reports of conferences between B. M. Jewell, head of the strikers, and rail executives in the east.

Despite the unwillingness of western railroad leaders and union officials to discuss the rumors, Mr. Scott said that "there have been some conferences but just what I do not know." He refused to discuss the whereabouts of Mr. Jewell, who has been missing since the government obtained a temporary injunction against the strikers last Friday.

WASHINGTON, Sept. 6.—Formal announcement by Attorney-General Daugherty that the government would "consider in due time what proceedings shall be taken against the few misguided labor leaders who have made incendiary speeches" in connection with the industrial situation, and persistent reports that secret conferences are in progress looking to some sort of separate settlement with individual railroads, stood out in today's developments in the strike of the railway shop crafts.

New School Will Be Dedicated at Bolton

The new school building at Bolton (West Linn district) will be dedicated on Friday evening, September 8th. The principal speaker is to be Judge Grant B. Dimick. Addresses will be made by J. L. Gary, superintendent of the West Linn union high school, and Brenton Vedder, county school superintendent.

A program is to be given during the evening and among those to appear will be Andrew Adrian, violinist of West Linn; Miss Mildred McKillop, who will give a reading.

The new school building is of hollow tile, and erected by the Inman Construction Company of Portland, with C. A. Sweeney in charge of the work. The architects were Clausen & Clausen, of Portland. This is one of the most attractive school buildings in the county, and is built similar to the Sunset school building, except that it is of tile structure, and has a full cement basement.

Coming to Portland

Dr. Mellenthin

SPECIALIST in Internal Medicine for the past eleven years.

DOES NOT OPERATE

Will be at BENSON HOTEL Wednesday, Thursday, Friday September 27th, 28th and 29th

Office Hours: 10 a. m. to 4 p. m. THREE DAYS ONLY

No charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block, Minneapolis, Minn.
