CANBY, Sept. 20.—(Special)—Pioneers of Clackamas county held full sway at the fair grounds today. This was the day set for their program, which was in charge of David Caufield, Oregon City, one of the early Clackamas equity pioneers. There were about 3500 people on the grounds.

The Motavia band gave a concert during the morning, after which the pioneers enjoyed a big feast served on long tables in the grove. Everything from fried chicken to delicious Canby melons were served. Oregon City was well represented at the dinner, as well as other parts of the county.

The dinner was followed by a program given under the direction of the Pioneers' Association, an organization recently formed in Oregon City.

NEW SCHOOL ELECTION FOR CANBY HIGH VOTED

CANBY, Sept. 15.—At a meeting here last night of school patrons interested in the formation of a union high school district with Canby as its center, it was unanimously voted to issue a call for another election as soon as possible. An election held early this month, at which the union high school district was voted, was declared invalid by Circuit Judge Campbell on technical grounds.

The next election will provide for a union high school district for not only the eleven districts included in the former plan, but also include the Elliott Prairie, Needy, Meridian and Union Hill districts, and also that part of the Whisky Hill and Aurora districts lying within Clackamas county.

At last night's meeting an executive committee of five was named to complete arrangements for the election, the members being Messrs. Marsh, Weber, Randall, Cole and Kraxburger, who were elected as school directors for the former district.

Boy Is Injured in Automobile Mishap On Canby Highway

CANBY, Sept. 19.—Carl Albright, a lad about 14 years of age, was struck by an automobile driven by C. B. Unzicker, of Salem, this evening, when the lad was leaving the Clackamas county fair grounds. The accident occurred on the main highway, and the witnesses to the accident claim that the boy was dodging another machine that was going south, when he stepped in front of the car driven by Unzicker. Unzicker brought his car to a stop, when the boy was struck, causing it to skid on the opposite side of the road.

The boy was knocked to the pavement, and was given attention by the driver of the machine and others who witnessed the accident. The boy was in company with a number of friends, who had been visiting the fair. His injuries were slight and was able to proceed to his home.

No blame was attached to the driver of the machine.

British Trades Union To Oppose War With Eastern Kemalists

LONDON, Sept. 20.—Stop the war! was the slogan of representatives of six million British laborers as the labor council of the Trades Union Congress met here today.

Leaders of the congress stated their constituents were deeply opposed to military action against the Kemalists in the Near East.

It was anticipated that a scathing manifesto to the government against Near-Eastern intervention would be issued by the congress.

Action is to be taken on the resolution of Arthur Henderson which calls for organization of war protest meetings all over the United Kingdom.

The national joint council representing the entire organized labor movement and laborite members of parliament is to meet tonight.

Congress Near End Of Work; Return In November Planned

WASHINGTON, Sept. 20.—While congressional leaders were preparing to wind up the legislative business of the present session preliminary to an adjournment before the end of the week, a tentative agreement was reached at the White House today between President Harding and Representative Mondell, the house Republican leader, to have the congress back in Washington by the middle of November to take up the administration's ship subsidy bill.

## BRITISH FORCES ARE MOBILIZING TO BATTLE TURK

Land Troops, Air Division and Navy Are Called Out to Protect Interest of English in Near East; Order Given.

ATTACK FOR CONTROL OF FORTS EXPECTED

Kemal Pasha Believed Ready To Fight for Dardanelles; Dictatorship Is Extended.

CONSTANTINOPLE, Sept. 20.—The British are mobilizing every available war ship, man, horse, automobile, cannon and rifle within reach of the troubled zone. They are preparing to deal a tremendous blow by land, sea and air if provoked by the Kemalists army, which, according to the latest reports, is concentrating feverishly around Iqimq and Chanak.

CONSTANTINOPLE, Sept. 20.—The Turkish National assembly in Ankara by an overwhelming majority has extended the dictatorship of Mustafa Kemal Pasha and has authorized him to continue the war until all the conditions prescribed in the national pact have been fully achieved.

Information that Mustafa Kemal Pasha is preparing to launch an attack for the possession of the Dardanelles in spite of the exhortations of General Pelle, French high commissioner, is causing undisguised anxiety in allied military circles in the capital.

It is not improbable that such an attack will be made before the end of the present week, it is stated, the Turks taking advantage of the fact that the British have not concentrated all their forces.

The British, however, are declared to be determined to hold the straits at all costs.

One of the best evidences of this is the fact that many British subjects including the families of officers, are leaving the city.

It is understood here that the French cabinet warned the Ankara government of the inadvisability of an assault on the neutral zone but the nationalists are believed to have replied that the proposed attack is in the nature of a defensive and protective movement in view of Great Britain's military preparations in support of her alleged policy of depriving Turkey of Thrace.

The Kemalists are in dangerous proximity to the neutral zone.

WASHINGTON, D. C., Sept. 20.—The soldiers' bonus bill failed of enactment late today, the senate sustaining President Harding's veto. Previously the house had overridden the veto by a large margin.

The senate rollcall showed 44 yeas to 28 nays, or four less than the two-thirds majority necessary to enact the measure without the president's approval.

WASHINGTON, Sept. 20.—Undeterred by President Harding's vigorous disapproval, expressed in his veto message, the house of representatives this afternoon passed the soldiers' bonus bill over his veto. The vote was 258 to 54.

The action of the house, however, was regarded as constituting little more than an empty hope, as the bill now goes to the senate where the enemies of the bonus are stronger and where the president's veto will be sustained—thus effectually killing the bill so far as the present session of congress is concerned.

The house moved swiftly in expressing its approval of the soldier's bonus despite President Harding's veto. Republican leaders had decided that 40 minutes should be allotted for a discussion of the veto message and the bill before taking a vote, but as soon as Speaker Gillett formerly laid the president's message before the house an immediate veto without discussion was ordered.

Constitutionality Of Gasoline Taxes Assailed In Suits

SALEM, Sept. 20.—The constitutionality of the state tax on gasoline sold for use in automobile traffic was attacked this morning by the city of Portland in a suit filed against Secretary of State Kozler and the Associated Oil company. The city asks that Kozler and the company be restrained from collecting the tax from the city.

Allegation that the clause of the law exempting purchasers of gasoline not intended for use in vehicles making use of the state highways makes the measure class legislation is that basis of the attack. The city asserts that vehicles operated by the city and using gasoline on which the tax is collected do not make use of state highways and should not be compelled to pay the tax.

Schooner Olga Lies Wrecked on Beach Near Port Safety

NOME, Alaska, Sept. 20.—The coastwise schooner Olga is a total wreck on the beach near Port Safety, two miles east of Nome.

Olga was driven ashore by the southerly gale which has swept Norton sound and Bering sea for the last several days. So heavy has the passenger steamer Victoria, which left for Seattle for Nome September 1, has been unable to unload and is lying to seven miles off shore awaiting moderation of the storm.

The steamer Valdez at Kotzebue has also been unable to unload and is lying to.

The Olga is a small power schooner, formerly in the Siberian trade, but which has recently been used in the run between Teller, St. Michael, Kotzebue, Nome and Norton sound points.

## ATTEMPTED JAIL BREAK IS BLOCKED BY DEPUTY

Yeggmen Make Effort to Pick Lock on Rear Grating Of Clackamas County Bastile.

An attempted jail break at the county jail, plans for which had probably been in progress among the prisoners for several days, was nipped shortly after five o'clock yesterday afternoon.

The discovery of an effort to pick the lock to the grating in the back of the corridor was made by Special Deputy F. C. Burke. Burke and Sheriff Wilson went down the back way to open the rear doors and place a few days' coal supply in the jail proper.

Burke, on trying the Yale padlock, found that the key would not go in. The sheriff also was unable to make the lock work, and it was not until a bit of metal was extracted with aid of a pocket knife that the lock was opened.

The back door had not been used for four or five days, according to Burke. In the jail was Ed Davis, taken with Dick Morgan for the recent Bowland robbery. Morgan and Davis are both considered expert yeggmen by the authorities. Charlie Straight, Matt Walkirch and Lawrence Thompson, serving bootleg sentences, are confined there and John Augustine, held as a witness against Davis.

All men have free access to the rear door. They had, it is believed, planned to pick the rear lock during the day time, open the grating, and spring the steel outer door sufficiently far to permit them to escape.

The numerous breaks from the county jail recently have led to the employment of Burke as a special guard during the night hours.

SENATE BONUS ACTION UPHOLDS HARDING VETO

WASHINGTON, D. C., Sept. 20.—The soldiers' bonus bill failed of enactment late today, the senate sustaining President Harding's veto. Previously the house had overridden the veto by a large margin.

The senate rollcall showed 44 yeas to 28 nays, or four less than the two-thirds majority necessary to enact the measure without the president's approval.

## INITIATIVE BILL NOT TO BE PUT ON NEXT BALLOT

MOVE TO REPUDIATE \$35,000 HALL FUND IS HELD UP BY COUNCIL; FILING FOUND TOO LATE TO PUT ACT TO VOTE IN NOVEMBER; O. D. EBY MAKES REPORT; DATE QUESTION IS RAISED.

The recall of the \$35,000 city hall bond issue will not go on the November ballot.

A technicality unearthed in the checking up of the law preparatory to the drafting of a ballot title places the entire matter in the hands of the council, and the council, in special session last night, refused to consider its former stand taken against the recall measure.

The city charter, according to the report made to the council by City Attorney O. D. Eby, requires that the initiative ordinance be placed on the ballot at the "next ensuing election, not less than 90 days after it is presented to the council."

The recall measure was filed September 1. It came before the council September 6. This leaves only two months time, and prevents the placing of the issue upon the November 7, ballot.

Attorney Explains Charter

The law, the city attorney explains, provides that the initiative measure shall be taken before the council, and in the event that it is either rejected or no action taken, shall be placed on the ballot at the next election after 90 days. The council at its September 6 session rejected the measure, but because there is insufficient time under the law, reconsideration and adoption of the measure for submission to the people would be the only way to place it on the ballot.

At the session where this action was taken five councilmen were present. Three voted for the rejection, and these three, Van Auker, Bridges and Cross, refused reconsideration, thought Mount, and Metzner, who voted against it urged them to reconsider, place the measure on the ballot and clear up a matter which would finally come to a vote anyhow. The other members of the council, not having been present at the previous session, had no voice in the reconsideration.

Date Legality Questioned

The question of dating of the petition was then raised. The petition calls for its being placed on the ballot this November. If held off the ballot, the question of its legality at a subsequent election would have to be settled by the courts, the city attorney pointed out.

Mayor Shannon stated that if the vote on the recall were held up by the council's action for two years, the selection of a new site could be consummated by the voters, the bonds sold and the hall built by the time the recall period arrived.

Metzner and Mount, upon the assurance that the action of the council in ignoring petition to keep it off the ballot, would probably kill it rather than delay it and cause the expense of a special election, withdrew their objections. Councilman Cross moved for the consideration of the next order of business and the matter was dropped.

This action, because of the lack of time under the city charter which governs the procedure, will keep the petition in the files of the recorder's office until its illegality at a subsequent election is either proven or taken into court.
