SAY IT WITH TOOLS

Mr. Husband, if you love your wife and would make her a lot happier, make it easier. Smooth the path of her marriage with machinery—labor saving machinery.

It isn't that the men do not want us to have the conveniences of house-keeping that they do not get them for us. It is often that we ourselves have failed to desire them enough. Perhaps penurious ourselves to purchase them, penny wise and pound foolish. Or possibly, if we want them very much, we have been too mild to expressing our wants to our husbands and have not made them realize that we need such things. Most husbands are willing to get labor saving devices for the women workers, if they ever come to think of it—knock them down with a daily hint.

Men have the tools they need to carry on their business, the auto, the mowing machine, the binder—but they do not realize how much modern machinery would lighten women's work. The fact that we have always gotten on without these things before is no reason we should continue to get along without them. Our fathers got on very well with the sickle and the scythe but no man would consider that now. Neither should his wife carry in water from a well outside the house and carry the slop out.

Many people do not realize how possible it would be to lighten the work in the farm and country home as well as in the city. Today many farm houses are equipped with electric washing machines and electric irons, the same power that pumps the water and vacuum cleaners. Power machines of some kind can be operated by and many farmers have an engine for this. Running water and a drain is the first and easiest improvement to be made, and there is nothing which so relieves the wife of hard work and adds so much to family comfort.

Think it over and figure. Times are growing better and you will find it more possible than you believe.

100,000 Menaced With Starvation In District of Smyrna

LONDON, Sept. 15.—One hundred thousand persons are menaced with death from starvation in Smyrna, said dispatch to the Evening News today. More than 1000 Christians are reported to have been massacred by Turks.

Fourteen Americans are reported missing at Smyrna. The Turks are alleged to have carried off pupils of the American girl's college. Part of Smyrna has been destroyed by fire and the conflagration was spreading at latest reports. The whole city is threatened with destruction.

The situation in the entire region of Smyrna is described as serious.

It is reported that Great Britain is sounding the other allied powers to determine whether they would consent to a Near East peace conference in a fortnight.

A note has been received from Italy, but it is noncommittal in tone, merely expressing the hope that the allies will carry out the original program for the Venice conference. Indications from Paris are that France and Great Britain will act in unity.

The British foreign office has been advised that the Turks deliberately rounded up and shot many Armenians in Smyrna.

NEW CLUE IS FOUND IN MURDER AT SOMERSET

NEW BRUNSWICK, N. J., Sept. 15.—The Somerset county authorities today were trying to trace a mysterious telephone call which is believed to have lured to their violent death Rev. Edward W. Hall, wealthy rector of the church of St. John the Evangelist, and Mrs. James Mills, leader of the choir.

It is known that the woman received a call on the telephone late Thursday night, and it is believed that the clergyman received a similar summons.

Mrs. Hall, wife of the clergyman, under examination by the county authorities, admitted that she was the "mystery woman" who was seen entering her home early Friday morning.

Despite the result of the investigation, conducted jointly by the New Brunswick police and the county authorities, insufficient evidence had been found today which to make an arrest.

It was rumored, however, that one arrest and perhaps two might be made within 25 hours, but County Detective Totten refused to discuss the report.

The funeral services for Dr. Hall were conducted today by Bishop Albin W. McClinton of Trenton. The funeral of Mrs. Mills will take place tomorrow.

Mrs. Hall admitted that she had gone to the church early Friday morning because her husband was missing and she was alarmed. She wanted to ascertain, she said, if he had been detained at the church by church affairs.

At the same time, Mills, husband of the slain woman, admitted that he, too, had visited the church. He said he was anxious over the non-return of his wife. He visited the church to find out if she had been detained by church choir work.

Taking as a clue the cryptic phrase "Charlotte talks" in one of the torn letters scattered about the bodies, the police called Charlotte Mills, 16-year-old daughter of Mrs. Mills, to find out what she talked about.

James Mills, a pale nervous little man, apparently younger than his wife, who was 35, was questioned by the detectives and proved a complete alibi. He trusted his wife implicitly.

Mrs. Hall, who is a member of the Stevens family, said to be part owners of the chemical firm of Johnson & Johnson, is reputed to be worth \$1,500,000. She was said today to be in a state bordering on collapse as the result of the tragedy and to be unable to offer any suggestion as to the identity of the murderer or the motive for the crime.

VIOLATION OF U. S. ORDER BY JEWELL IS ALLEGED

CHICAGO, Sept. 15.—An affidavit alleging that Bert M. Jewell, president of the striking shopmen, had possibly violated the federal restraining order, was read in federal court here today by Blackburn Estrelino, government attorney.

"This presents a very serious situation," Judge Wilkerson declared, and asked if the government had any further evidence that the injunction had been violated.

The affidavit was signed by I. C. Beldon, Aurora, Ill., attorney.

Beldon stated that he read in a Chicago newspaper on September 4, an alleged statement from Jewell urging his men to "hold fast." This date was after the restraining order was issued.

The statement credited to Jewell said, in part:

"Everything is now assured. We have reached the point where the country and the government admit the power of the strike. Our job now is to realize our strength and hold fast to gain a greater victory than that won by the union miners."

Estrelino told the court that he had reports indicating that violence had greatly decreased since the injunction order was issued.

Attorneys for the strikers declared there had been no injunction violations.

WOMAN-ITORIALS

The Indiana League of Women Voters is working to have the Mother's Pension System reestablished so that mothers may be enabled to keep their children in their homes instead of having them placed in institutions.

This is the home and community program of the American Farm Bureau:

"To foster and develop all those lines of endeavor which make for better homes, better social and religious life, better health and better rural living in every sense."

Riots Break Out as 1,000 Shop Men go Back To Yard Jobs

CLINTON, Iowa, Sept. 15.—A riot broke out here at the Northwestern shops this morning, when 1000 shopmen returned to work.

Replacement men at the plant of the Chicago & Northwestern here were driven from the shops by returning strikers who resumed their duties this morning, pending final adjustment of the strike.

CHICAGO, Sept. 15.—More than forty thousand striking shopmen were expected to return to their jobs on eastern roads today.

At the same time negotiations were launched to send thousands of additional men back.

Bert M. Jewell, president of the strikers, left here last night for New York when it was reported that peace settlements with the New York Central and the Southern Railroad were called off at the last minute.

Jewell refused to discuss the failure to reach an agreement with the New York Central, but intimated that the difficulty was a minor one and that an adjustment would be effected.

A similar situation existed on the Southern.

WOMAN-ITORIALS

To Make Their Dreams Come True

Legislative Councils of Women are organized in many of the states, to look after the progress of such laws as appeal to women. These councils are composed of representatives from many state organizations of women. It has often happened that women, interested in some law, have come to the state capital to see about it, and by their hazy ideas of what they want and how their more hazy ideas of how to go about getting it, have annoyed their friendly representative, and take too much of his time and have hurt rather than helped, the measure they espoused. The Councils will prevent this. By advice, direction and watchfulness they will prevent duplication of effort and make women's influence count just where and when she wants it to count.

Five Are Injured In Crash Upon Curve At Medford Races

MEDFORD, Ore., Sept. 15.—Five persons were injured, two seriously, in the first accident of the Jackson county fair Sunday afternoon when an Essex special, driven by Earl Q. Joplin, of San Francisco, left the track on the southeast turn, crashed through a wire fence and knocked the underpinning from a thirty-foot water tank tower upon which six spectators were seated.

The car left the track in a cloud of dust, hurtled several feet in the air as it struck the fence and plowed through the base of the tower, which fell as though it had been dynamited. The tank was empty.

D. M. Lowe, owner of the tank, made a futile effort to save two boys sitting near him when he saw the car start from the track. He was pinned beneath the wreckage and was seriously injured internally and his left arm and shoulder badly bruised.

JAPAN SAID NOW READY TO RECOGNIZE SOVIET

TOKIO, Sept. 14.—Only formal diplomatic announcement of Japan's de facto recognition of the Moscow government of Russia remained today to complete such recognition, it was believed here.

Negotiations at Chang Chun between Japan and Russia already have advanced to a point where, it was believed, such recognition already virtually had been accomplished.

A general Russo-Japanese agreement was considered an immediate probability.

Japan has officially instructed her delegates at Chang Chun to agree to the discussion of all matters pertaining to Russian affairs if the Moscow delegates will first agree to discuss other Far Eastern questions. This offer is looked upon as a liberal overture by Japan to Moscow.

Changes In Burial Restrictions Made

PORTLAND, Sept. 14.—The House of Bishops, of the Episcopal General Convention by a vote of 47 to 45, went on record this morning in favor of striking out the rubric in the common prayer book which denied church burial to certain persons. The rubric provided that burial service shall not be used "for any unbaptized adult, any who died ex-communicate or any who laid violent hands upon themselves." The amendment now goes to the House of Deputies for consideration. Bishop Frederick W. Keator, Bishop Edwin S. Lines and Bishop William Lawrence led the debate favoring the revision.

Fourteen Injured By Explosion of Pittsburgh Bomb

PITTSBURGH, Pa., Sept. 14.—Fourteen negro and Italian men and women were injured today when a powerful bomb was exploded under the veranda of a house in Braddock, a suburb. The force of the explosion caused in the sides of the building and blew bits of the plaster onto the sleepers. Some dropped down on the heads of other occupants. Between the noise of the explosion and the subsequent crashes of falling debris the negroes were greatly alarmed. Nobody was fatally hurt, however.

"OBEY" IS TAKEN FROM EPISCOPAL'S SERVICE

PORTLAND, Sept. 15.—The bride's vow to "obey" and the groom's promise to endow her with all his worldly goods were definitely stricken from the marriage ceremony by the Episcopal convention yesterday, when the House of Deputies confirmed the action of the House of Bishops upon this portion of the prayer book.

Confirmation of the action of the convention will have to be made at the next convention three years hence to make the change permanent.

Announcement was received yesterday in the upper house that the Right Rev. Rennie MacInnes, bishop of the Church of England in Jerusalem, will arrive in Portland tomorrow with a message from the Archbishop of Canterbury. A joint session will be held to welcome him, and his message is expected to carry something of importance bearing upon the movement toward unity of churches.

COMMITTEE WILL SCAN IMPEACHMENT CHARGE

WASHINGTON, Sept. 15.—Impeachment charges against Attorney General Daugherty as the result of his petition for an injunction in the cases of striking railroad employes, as presented to the house Monday by Representative Keller, Republican, Minnesota, will be considered by the judicial committee at a meeting tomorrow at which Mr. Keller will be heard.

Clergyman Is Said Father of Child Of 11 Year Old Girl

SIDNEY, Ohio, Sept. 14.—Preliminary hearing in the case of Rev. S. W. Irwin, pastor of a Methodist Episcopal church at Amelia, Clearmont county, charged with being the father of the baby son of his stepdaughter, Elizabeth Ladd, aged 11, was put over until tomorrow when called to mayor's court today.

Irwin, arrested at his home in the little village where he presides over the spiritual destinies of one half the inhabitants, late yesterday, after the child mother had charged him with being the father of her baby, strongly protested his innocence. He was brought here and placed in jail.

The girl, who until yesterday had declared she did not know who could have been the father of the baby boy, broke down under repeated grilling and said she had been intimate with her stepfather for more than a year.
