Sandyites Attend Pendleton Roundup

SANDY, Sept. 26—A lot of Sandy folks climbed down to eat a bean at Pendleton last week for the biggest epic show of the whole U. S. was on. That something which is named the "spirit of the west" filled the air until "most everybody" wished they could ride a bucking cayuse, or at least play clown while the cow boys ball-dogged wild steers from Texas ranges.

But the Round Up is not a rough-neck show as a lot of us folk who had never been there, thought. Really it was as moral as a Portland Rose show in June, so far as we could see, 35,000 people in the bleachers, all thrilling at once and hoping that not even a wild steer would be hurt. The sight of this vast crowd with all the colors of the rainbow, and then some, glistening in the vast semi-circle, paid for the price of admission.

Pendleton, that little grown-up city, is trying to portray the same pioneer spirit that blazed the old Oregon trail right through our little town of Sandy and on to Oregon City which was the mecca for Oregon pioneers before Pendleton "was," or an Oregon cowboy puncher existed. And Pendleton's business men manage this great affair without salary.

Every folk in Sandy will be "itching" to step over next year and "eat another bean" with the hospitable people of Round Up fame.

District Tax Levy Increase Is Voted

SANDY, Sept. 27—The regular budget meeting for Union high school district No. 2 was held at the city hall here yesterday with a small attendance. It was voted to increase the tax levy of the district for 1923 by more than 6 per cent over the amount of such levy for the preceding year. The budget is estimated at \$110,936.56, which is almost as much as will be needed next year. This amount includes interest for two years and over half the tax will be used to meet district indebtedness. There were 31 votes endorsing the budget as submitted and 3 against.

It is expected the new building will be finished in November. 300 chairs have been bought for the auditorium. Miss Gertrude Walling has opened the commercial department in the U. S. H. with 14 pupils in typewriting, 5 in bookkeeping, 5 in shorthand and 4 in penmanship and spelling.

An attack of the flu last April left her in a run down condition, but she was seriously ill but a week. Tubercular meningitis of the brain is given as the cause of her death. She was both blind and unable to talk several days before her passing, and was confined to her bed but seven days. Beside the bereaved parents, Lucile leaves a brother, Howard Dixon and many other loving relatives to mourn her passing.

Dwyer Logging Co. Damaged by Fire

SANDY, Sept. 27—It was an exciting time the Dwyer Logging camp last Thursday when a fire broke out, which, it is said, came from another slash, and burned several hundred acres in the logging district along Deep Creek. The Dwyer crew with the help of a few adjoining neighbors succeeded in controlling the blaze after a loss of about \$10,000 was incurred. Two bridges were burned, the cables were brought in from the woods so were not damaged, but had to be moved out again and various repairs made so the plant had to close down for several days. Dwyer had every fire precaution possible at the plant, but there was a strong wind and it was impossible to stop the fire for three or four days.
