

CANBY AND SOUTHERN CLACKAMAS

'ONLY WOMEN' RULE ON CANBY ELECTION BOARD

Five are Named by Council; Budget Committee Chosen; Special Meeting Is Called.

CANBY, Oct. 3.—What is probably one of the first election boards ever appointed in the state to be entirely composed of women was named at the regular monthly session of the city council here.

Mrs. Louis Lent and Mrs. M. J. Lee are to serve as judges. Mrs. Boyd Moore, Mrs. H. M. Brown and Mrs. Ray Vineyard are to serve as clerks. The council also named the budget committee which will frame the financial policy of the city for the coming year. It is composed of L. H. Wang, J. R. Vineyard, J. C. Kauplich, W. W. A. Graham, F. A. Weygnadt, O. W. Krueger, R. C. Schmidt and E. W. Bates.

A special meeting of the council has been called for Thursday night when the matter of the purchase of the Molalla Electric company will be decided upon. The deal has been pending for more than a year following the decision of the city, incensed over the increase in rates, to build a plant for their own. An agreement was tentatively reached however, for the sale of the Molalla company equipment. The Molalla company has been operating without a franchise for the past year pending the completion of the negotiations concerning the transfer of the equipment.

Baseball Season At Canby Is Ended

CANBY, Or., Oct. 3.—The last baseball game to be played by the local nine was that of Sunday, when the Oswego nine came here and defeated the home boys. The score was 4 to 0. There was a large number of rooters from Oswego, while Canby was well represented.

Harvesting Prunes Around Canby Ends

CANBY, Or., Oct. 4.—This week will wind up the harvesting of the prune crop in this section. The last to have been brought in were from Albion Erickson's place located in Canby. These were exceptionally fine quality for this time of the year, most of the prunes being sound and good for shipping.

The prune crop this year fell short in the Canby section, while there were other growers who had most of their crop on their hands. There was little demand for this variety of fruit at the canneries this season, causing a slack in the market. Owing to the continued dry weather prunes this year were smaller than in former years.

The weather also caused the Evergreen berry crop to fall short, and this year's shipment was much less than that of last year.

Melvin Eid Takes Position In South

CANBY, Or., Oct. 4.—Melvin Eid, druggist, and son of John Eid, hardware merchant, has resigned his position with the Sheldon drug store in this city, and taken a similar position at Los Angeles, Calif.

Eid is an overseas man, and has resided in Canby for some time. He has had experience in the drug business in this city for some time and also at Newport, Oregon.

I. O. O. F. CONVENTION

CANBY, Or., Oct. 4.—The district convention of the I. O. O. F. Lodge will be held in Canby on Friday, October 15. The affair is to be held all day, and dinner and banquet are to be features.

A. H. Knight and W. H. Bair are chairman of the committee in charge of the day's program.

MISS JOHNSON ILL

CANBY, Or., Oct. 4.—Miss Jennie Johnson, 16-year-old daughter of Mr. and Mrs. John Johnson, prominent residents of Canby, is critically ill in the Oregon City hospital, where she was removed to on Sunday. Miss Johnson is suffering from spinal meningitis, and her condition is grave, and little hopes are entertained for her recovery.

HOPP PLACE SOLD

CANBY, Or., Oct. 4.—Charles Bates has sold the Frank Hopp place, consisting of two lots and a five-room modern house to Mrs. E. A. Waldron. Mrs. Waldron will make her home in this city, where she resided a number of years ago. Frank Hopp, who was in business in Canby for about two years, has moved to Oregon City, where he has entered business.

MOORE FOUND GUILTY ON STATUTORY CHARGE

Man Acquitted in April, Now Convicted in Circuit Court; Two Indictments Pending.

James Moore, indicted last March on four statutory counts, today convicted in Judge J. U. Campbell's court, upon the second charge, citing him for an offense against the person of Violet McKinnis, a girl under 16. The jury, which returned the verdict of guilty after exactly one hour's deliberation, recommended extreme leniency. The recommendation was not embodied in the verdict, but the plea was verbally from the floor by Robert Y. Appleby, foreman.

Moore was acquitted April 21 when tried on the first indictment, citing an offense against the same child. One of the remaining indictments names the same prosecuting witness and the fourth names her sister Florence.

Four witnesses were called by the state: Dr. Frank Mount, Violet McKinnis, Florence McKinnis and W. W. W. Smith.

Witnesses called by the defense were John Murphy, Charles Mahan, Claude Rittenhouse and the defendant. The date for the sentence has not been set by Judge Campbell.

The jury was composed of Charles L. Horstman, William E. Bonney, Adam Bell, Clara E. Armstrong, Fred Lins, Aurie Draper, Edgar C. Brown, S. P. Londergan, Lizzie Bonney, Wm. Boyd, and Robert Appleby.

BRITISH WILL PAY WAR DEBT STATES M'KENNA

NEW YORK, Oct. 4.—Great Britain is determining to pay in full her war debt of more than \$4,000,000,000 to the United States, Reginald McKenna, former British chancellor of the exchequer and a leading authority on international finance, declared in a speech here today to the convention of the American Bankers' association.

Other European nations have been able to pay only a part of their debts, which, with the British obligation, now total approximately \$11,000,000,000, the Britisher said. For these countries he urged a definite postponement of any debt payments.

Germany, he predicted, never will be able to pay the huge reparations assessment of \$32,000,000,000. Attempts of any allied powers to force Germany to pay this amount would wreck international trade, he urged.

McKenna's statements, although he said as was speaking personally, are regarded as significant in view of the fact that negotiations to refund the British debt to the United States are to be started soon with the American debt refunding commission.

Fire Department Is Called To Quench Two Flue Blazes

A fire alarm was sounded Tuesday evening, when a small house near Third and Washington streets was caught from a defective flue. The fire company responded to the call, but the flames had been extinguished by the occupants of the house and several neighbors, who gave assistance.

A still alarm was turned into the company on Sunday, when the flue of the Peerless Bakery burned out. Owing to the approaching winter, Fire Chief Priebe asks all to see that their flues have been thoroughly cleaned out for in most of the cases, where the small fires have occurred in this city, are from flues that have needed cleaning. He also requests that roofs be cleared of leaves, for when sparks drop in the dry leaves will endanger the house.

AUTOS DAMAGED

CANBY, Or., Oct. 4.—There were three automobile accidents on the highway between Canby and New Era on Sunday. All three machines were owned by Portland people, and were damaged to some extent, but none of the occupants were injured.

CANBY LOCALS

CANBY, Or., Oct. 4.—Mrs. E. B. Miller, who is for the present making her home at Jennings Lodge, arrived in Canby on Tuesday afternoon, and from here went to her farm to visit her son, Phil and Dewey Miller. Mrs. Miller has gone to her farm at Macksburg to assist in harvesting the grape crop. She is greatly improved from her illness. Mr. Miller is also residing at Jennings Lodge, where he has been ill, and is now improving.

George Kitzmiller, of Woodburn, was among those to transact business in Canby on Tuesday. Among the Canby visitors on Saturday were Zoe Houser and Joe Plac, whose homes are at Pendleton. Mr. and Mrs. S. M. Andrews and family, of Eugene, were Canby visitors on Friday and Saturday. William Huiras, who is visiting his parents, Mr. and Mrs. Huiras, and other relatives, will leave the latter part of the week for Tillamook county. There he will resume his work on the highway. John Eckerson, prominent resident

DEVIL'S CUT-OFF IMPROVEMENT IS ASKED OF COURT

Establishment of Market Road Requested by Delegation From Damascus, Boring; Short Route Said Object.

AID OF MULTNOMAH IN FINANCING SOUGHT

Distance to Portland Would be Reduced, Is Statement On Newly Proposed Highway.

Petitioning for the creation of a new Market road, over what is known as the "Devil's Cut-off" a large delegation from the Damascus and Boring districts, appeared at the County Court, Tuesday. Improvement of the road from the present Foster road crossing to Bring, a distance of five and one-half miles is asked. This routing, it was pointed out, would reduce by six miles the present line between Portland and Estacada, Boring and Sandy.

Members of the delegation stated that if the county court will arrange for the establishment of the cut-off as a market road, the Multnomah county commission will give financial aid to the improvement, and it is expected, they declare, that Multnomah county will finance as much as \$20,000 of the improvement. This feature is to be investigated by the county court, which took the entire matter under advisement.

Approximately one mile of the road is graded to the established line at present, but the remainder is not substantially improved. No estimates upon the total cost of the improvement are at hand, the court pointed out, in sufficient detail to warrant an immediate decision.

Change in the name of the road to the "Hood Cut-off" is also asked.

Funeral Service Of James A. Smith Held

James Andrew Smith, prominent resident of Clackamas county, whose death occurred at the home of his brother, W. T. Smith, on September 27th, was born near Georgetown, Delaware.

Andrew Smith married Susan Mary Carothers on February 28, 1876, and to this union were born twelve children, two of whom died in infancy. Four of the children were at his bedside when he passed away, another arriving later.

Deceased arrived in Missouri in 1883, where he made his home until the fall of 1920, when he and his wife came to Clackamas county, taking their residence near Estacada. Mrs. Smith died a year later, her death occurring October 4, 1921.

Andrew Smith united with the Methodist church in early childhood, and took an active part in church work. He was stricken with paralysis seventeen days ago.

Surviving are ten children, Jerome, of Robinette, Oregon; Roy, of Arlington, Wash.; Edgar, of New York; Army, of Estacada; Mrs. Dolle Fisher, of Centralia, Mo.; Mrs. Annie Miller, of Rockville, Iowa; Mrs. Lucy Winn, of Hardin, Mont.; Mrs. Nora Way, of Shelbina, Mo.; Mrs. Maude Morrison, of Gresham, Oregon; Mrs. Leona Phillips, of Oregon City. He also leaves three brothers, W. T. Smith, of Estacada two of whom reside in Delaware, and also leaves 17 grandchildren and many friends.

The funeral services were held in this city, and the remains laid to rest beside those of his wife. Many friends attended the service.

The floral tributes were beautiful and in profusion. With the death of Mr. Smith, makes the third death in his family, a daughter, Mrs. Lucy Winn, losing her husband in June.

Common User Plan At Oswego Lake Is Seeking Approval

Indorsement of the Oswego lake common user boom project is being sought from the Chamber of Commerce by D. H. Haley & Co., engineers for the project. A letter and plans for the boom were submitted to the organization yesterday. Drawings show that the sorting booms would occupy a portion of the lower end of the lake and that a flume would be run from the lower end of the lake down Green street to a receiving boom in the Willamette river.

This is the project being vigorously opposed by the residents of the lakefront colony on the ground that it would destroy the scenic charm and residential desirability of the lake.

O. D. Eby Files For Attorney; Schuebel Not To Enter Race

O. D. Eby, city attorney, Wednesday filed with the recorder his petitions of candidacy for reelection this November. Eby is the only one who has filed for the office to date.

Chris Schuebel, former city attorney, who has been mentioned for the petition, stated Wednesday that he was not considering the race and would not run unless he had "a complete change of heart." Schuebel's statement leaves the probability of any contest over the position as problematical.

AID FOR STATE FAIR IS HED NEED OF COUNTY

Exhibit, Considering Handicap Was Excellent, Says Head Of Farm Bureau Federation.

Clackamas county is in need of both more funds and better organization to take care of the state fair exhibits, in the opinion of O. R. Daugherty, chairman of the executive committee of the county farm bureau.

Daugherty arded in the placing of the Clackamas county exhibit and found that in consideration of the material on hand and the amount of time allowed, the record made by this county was a very creditable one.

Clackamas county scored 875 out of a possible 1100 points. Practically the entire exhibit was taken from the county fair. The shortness of the intervening time between the two fairs made the moving of the exhibits to Salem a difficult one and hindered the proper placing of them in the booths.

Daugherty suggests that sufficient funds be provided to enable a man to collect the exhibits over the county in ample time for the state fair, pointing to the fact that in order to fill several of the classifications, hurried trips to farms nearby were made before leaving the county.

The excellence of the products of the county is demonstrated, Daugherty points out by the fact that all of the agricultural exhibits took first place. Rollins Suddsen scored first on a half bushel of potatoes. Dave Long scored first in both cabbages and cauliflower and Daugherty himself scored three firsts in tomatoes, his exhibits being of such fine quality that no seconds or thirds were awarded in competition with them. Theodore Reusch scored first in two classifications of club work. A number of other high individual scores were made including a first in the sweepstakes cattle competition.

Clackamas county, Daugherty believes, could place an exhibit for \$500 to \$600 that would rival any in the state despite the fact that other counties appropriate from \$1,000 to \$2,000 in many instances.

HOUSE SET ON FIRE BY ELECTRIC STORM BOLT

Harry Bond Home at Meldrum Damaged; Girl of 3 Sounds Alarm; Neighbor Gives Aid.

During the terrific electrical storm on Tuesday evening at 6 o'clock, a bolt of lightning struck the top of a tree where a radio antenna had been arranged at the home of Mr. and Mrs. Harry Bond, of Meldrum. A short circuit caused from the antenna and the electric wires crossing set fire to the Bond home. Mrs. Bond, who was in a rear room was summoned to her living room by her three-year-old daughter, Kosetta, and where she found the shades and curtains ablaze. Snatching the curtains and shades, she managed to extinguish the flames, but not until the wall were badly damaged.

The home of Mr. and Mrs. Mort Parks close by, also had a narrow escape, and the crossed wires play havoc in their home.

The first man to appear in the neighborhood after the lightning was Louis Doolittle, who set to work and soon had the lighting system in order by installing new fuses.

This is the first time that electricity has struck Meldrum, but a heavy bolt struck Gladstones park a number of years ago, shattering several large trees that were near the big auditorium.

The heavy bolts of lightning of Tuesday night were experienced throughout Clackamas county, with little damages.

ED DAVIS IS GIVEN FOUR YEARS IN PENITENTIARY

Ed Davis, convicted in the circuit court here Tuesday of the robbery of the J. W. Bowland home two months ago, was Wednesday sentenced to four years in the state penitentiary by Judge J. U. Campbell. Davis was taken to Salem by Deputies Long and Hughes of the sheriff's office.

Davis was arrested in Salem September 9 with Dick Morgan and John Augustine, Morgan, pleading guilty, is now serving a two year term in the penitentiary for the crime. Augustine was held as a witness by the state.

Husband Named As Executor Of Will

The will of the late Dorilla Loughary, who died in Oregon City September 23, was admitted to probate Wednesday. The estate valued at \$3000 was left to her immediate family. Letters of executorship were issued to the husband, William D. Loughary.

The "slowest" crop in the world is the giant bamboo of India. It blossoms only when it reaches its thirtieth year, and then dies. In the meantime it bears an enormous quantity of seed, which is gathered and used as grain by the natives.

Ant colonies are frequently founded by a single female.

COUNCIL CHOOSES CITY HALL SITES TO GO ON BALLOT

Present Main Street Location And Caufield Property At Corner of Seventh Street And J. Adams, Selected.

FUND TO PURCHASE LOCATION PROVIDED

Decision Is Marked by Little Discussion; Light Interest In Problem Is Manifested.

The two tentative sites for the proposed city hall which will be placed upon the November 7 ballot, to allow the people to decide which will be used for the municipal building, were picked by the city council Wednesday night.

The sites are: The present city hall property on Main street, between Eighth and Seventh streets, adjoining the alley in the middle of the block. (North 35 feet of lot 6, Block 24.)

The two half blocks owned by Raymond Caufield at the corner of Seventh and John Adams streets. (East halves of lots 1 and 2 block 63.)

The former site is owned by the city at present. The charter amendment to locate the city hall on the Caufield property provides an appropriation of \$5,000 out of the existing property funds, for the purchase of the site.

Final Date Set. Final action upon the ordinances to place the issues on the ballot is set for October 14 at a special session.

The discussion over the location evoked but little interest. Jaded by the past two years' haggling over the matter the council became phlegmatic. F. H. Cross suggested the purchase of the old Caufield property, and after some discussion, Carl Green suggested the placing of a measure on the ballot only deciding between a down town and up hill location and leaving the actual selection to the council later. L. A. Henderson favored the picking of definite sites so that the vote would go to the actual selection and leave no doubt. The discussion evolved to general cross talk banter which was stopped when Krasias put a motion for the selection of the Raymond Caufield property, and the present city hall locations as the two issues. Seconded by Metzner, the motion carried and the two necessary ordinances passed on first reading.

Salaries Slashed. The salary of two regular firemen was reduced to the charter rate. Three months ago, a petition for an increase was allowed from \$110 to \$115 but due to the fact that the charter provided the former figure as a salary, the extra amount was allowed the regular men as for call men's services. Councilman Mount drew attention to the condition, and moved for the refusal of the extra claim. The motion was seconded by Jack. After some discussion it was placed to a vote, and carried by Mount and Jack's vote, as none of the other councilmen voted.

The economical streak extended to the refusal to vote \$186.46 requested by the park committee to meet a deficit of that amount above the \$600 appropriation made by the city for the auto park.

Bonds Are Sold. Bonds in the sum of \$9,000 were ordered sold to the Western Bond and Mortgage company at par. accrued interest and \$164 premium. These cover improvements under the Bancroft bonding act.

The ordinance providing for the submission to the people of the increase in the fire levy from two to three mills was passed on final reading.

An ordinance providing for the improvement of Third street from Center to Washington by 40 foot macadam was passed on first reading.

Three Contracts Booked. The contracts held by the Oregon City and the Gravel company for the improvement of Division, Harrison and Fifteenth streets were ordered revoked and the city engineer instructed to proceed and make the improvements, charging any excess to the contractor's bondsmen. No work of material nature has been done on their improvements, despite promises by the contractor, councilman Metzner averred, and property owners appearing objected to the fact that the streets were still impassable.

The much touted jay walking ordinance met sorry fate upon its introduction. After a lively discussion over whether the law to prohibit pedestrians from cutting corners would include only Main and Seventh streets or the whole town, it was killed by a four to three vote.

The "slowest" crop in the world is the giant bamboo of India. It blossoms only when it reaches its thirtieth year, and then dies. In the meantime it bears an enormous quantity of seed, which is gathered and used as grain by the natives.

Ant colonies are frequently founded by a single female.
