Road Petition Is Being Circulated

SANDY, Oct. 5.—A petition is being circulated in this section asking the state highway commission to make some provision for possible roads up the mountains this winter, as the soft dirt on the highway will prohibit traffic as soon as the winter rains set in. The mail carrier and the people of Cherryville, Brightwood, Welches and Rhododendron are backing the petition.

The highway commission will re-advertise and re-let the remaining portion of the original Palmer contract, but it is too late in the season for a new man to begin operations now. It is expected the commission will plank the worst portion of the road, and it is thought the people up the mountains will be willing to assist in the undertaking. A. D. Kern has a camp started at Wild Cat creek, is putting up bunkers and expects to have that rocking plant in operation in about 10 days.

Everything was in readiness to begin hauling rock at Peterson's corner the first of the week, and with good weather this work will be pushed rapidly. People on the bluff road are anxious that this portion of the road be rocked to Sandy so part of the traffic will be diverted, and the bluff not become impassible.

Sandy Girl Bride Of W. Oren Ganger

SANDY, Sept. 30.—One of the biggest surprises of the year in this locality is the announcement of the marriage of Miss Josephine Dixon, daughter of Mr. and Mrs. J. W. Dixon of Sandy, and W. Oren Ganger, son of Wm. Ganger, of Bull Run. The wedding ceremony was performed by Rev. E. W. Williams, pastor of the Gladstone Christian church at the parsonage on Wednesday afternoon at 1 P. M. Miss Bernice Dixon, sister of the bride, and James Ogden, Jr., accompanied the happy couple to Gladstone.

Both Mr. and Mrs. Ganger are graduates of the Sandy union high school. Mrs. Ganger being a member of the class of '21. Mr. Ganger is employed by the P. R. L. and P. Co. at Bull Run, has purchased a home there and the newlyweds are already learning the intricacies of housekeeping. Both Mr. and Mrs. Ganger are very popular in this section and their many friends extend congratulations.

Re-Built Mail Will Start on October 15

SANDY, Sept. 30.—The Cameron and Hogue Lumber Co. of Aimes will open their new plant about October 15. The new mill is much larger than the one destroyed by fire some three months ago, and is being equipped with the best modern machinery. The capacity of the plant will be 100,000 feet per day, and there will be 60 men employed at the mill and camp. The machinery of the planing plant which is situated at the docks three miles from the mill, has all been overhauled. The lumber is flumed to the planer. No damage was done to the lumber docks when the mill burned. Guy Hogue is manager for the company.

School Budget For Coming Year Made

SANDY, Oct. 3.—A meeting of the grade school board, district No. 46, was held last night at the home of the clerk at which time the budget was made up for the coming school year. CONFERENCE ON TURK SITUATION LIMITS PARLEY

Only Military Matters To Be Discussed At Big Session At Mudania; Evacuation Of Thrace Will Be Subject.

CORRESPONDENTS OF PRESS TO BE BARRED

Demarcation of Neutral Zone And New Moslem Demands Are Up For Consideration.

CONSTANTINOPLE, Oct. 3.—Only military matters will be taken up at the conference of allied and Turkish Nationalist commanders at Mudania today, the political aspects of the situation being disposed of at a later meeting, according to Henri Franklin-Bouillon, whose recent trip to Smyrna, where he conversed with Mustafa Kemal Pasha was responsible for the summoning of today's conference.

The two most important questions to be discussed today, he said, were the demarcation of a new neutral zone on the Asiatic side of the Dardanelles and the evacuation of Thrace. He was confident that an agreement would be reached.

The conference will begin at 1 o'clock. Newspaper correspondents are to be excluded. Daily communiques on the result of the conference will be transmitted by wireless to Constantinople.

General Harington's consenting to meet Ismet Pasha, instead of Mustafa Kemal, is causing much comment; there is a vast difference in their ranks. General Harington, being commander in chief of the allied forces, while Ismet is only second in command of the Nationalist army.

Franklin Bouillon has secured Kemal's pledge to suspend military movements during the armistice conference, provided the allies accept the following conditions:

1. Formal guarantee concerning the evacuation of Thrace.
2. The establishment of allied garrisons in the larger towns of Thrace.
3. The occupation of Thrace by Turkish Nationalist gendarmes.
4. Transfer of civil administration of Thrace to Kemalist functionaries.
5. Evacuation of Thrace within eight days by the Greek army.
6. Occupation of the western line of the Maritza river by allied troops.

One of the British proposals it is reported, will be the establishment of a new neutral zone on the Asiatic side of the Dardanelles.

The Turkish cavalry has retired from its advanced positions in the Chanak are decreasing the danger of conflict there.

This withdrawal which is described in messages from the Dardanelles as "slight," was supposed here to be in consequence of word received by the Turks that the Mudania conference was in session. The Turks, however, were said to still be well within the neutral zone.

Mass Meeting Held By Oswego People

OSWEGO, Oct. 3.—A mass meeting was held recently in the Oswego city hall in regard to booming and rafting operations by a new concern known as the Oswego Boom and Log company, which had applied to the state for a franchise to conduct such operations. As a result of this announcement, together with the rumor that a large sawmill was to be established on the duck pond in Oswego. An engineer from the Oswego Boom and Log company was present and explained the intentions of his company, which was to unload logs from the Tillamook branch of the Southern Pacific, into Oswego Lake, and boom them down the lake to the dam, where they will be sent through a flume to the river, from which point they are to be rafted to the Portland mills.

He said that so far as the rumor of a sawmill was concerned, his company had no connection with any such industry and had nothing of the kind in mind, although it might secure a shingle mill for the lake section. A second meeting is announced for Tuesday night in the city hall, when the residents of Oswego will be given an opportunity to express their thoughts on the subject.

DEADLOCK IS REACHED IN RAIL WAGE DECISION

CHICAGO, Oct. 4.—A deadlock between the three groups of the railroad labor board has caused an indefinite delay of the board's decision on a wage increase for 400,000 maintenance of way men, it was indicated today. The three public members of the boards were understood to favor a 2-cent-an-hour increase for approximately 300,000 common laborers. This would add approximately \$16,000,000 to the yearly payroll of the railroads, it was estimated.

According to reliable information, the labor group and the railroad group refused to agree on this boost. The former held that the increase was too small; the latter was against any pay boost.
