COUNTY UNIT PLAN NEW AIR SPEED RECORD J. W. LEONHARDT

216.1 Miles An Hour, Fastest Time Known Is Attained In Race for Pulitzer Trophy.

MOUNT CLEMENS, Mich., Oct. 14. -Unconscious at times, due to the terrific speed at which he rushed through the heavens, and during his conscious moments haunted by fears for the condition of his wife, who momentarily expects to become a mother, Lieutenant R. L. Maughan, army aviator, flying an armyplane won the Pulitzer trophy aerial race here today. He traveted the 160-mile course at an average speed of 206 mils an hour.

The race, run in three flights and replete with sensational achievements on the part of the entrants that promise to become aerial tradition, resulted in the smashing of world records, both official and unofficial, for 50, 100 and 200-kilometer courses.

Lieutenant L. J. Maitland, piloting sister ship to that of Maughan, was second in the Pulitzer competition. but his honors in that respect were overshadowed by the terriffic speed he attained on one lap of 50 kilometers. He covered the distance at the rate of 216.1 miles an hour-faster than anyone ever flew in a race.

For the 100-kilometer course during the race he averaged 207.3 miles an hour, another world record. Maughan's plane is the one that made a world's record of 220 miles over a one-kilometer course at Garden City, Long Island, recently.

Seven fliers, two of them United States navy entries, the remainder representatives of the army, shattered the world's record for 200 kilometers or more when they exceeded 178.7 miles an hour, the mark established September 24 in France by

PORTLAND, Oct. 16.-Crazed because the girl of his heart, pretty Helen Stackhouse, broke their engagement. A. T. Reed. dangerously wounded her and killed himself at the Stackhouse home, No. 111 East 70th street north, Sunday afternoon.

Miss Stackhouse is in Good Samaritan hospital, a wound through her left side near the heart, and Reed's body is at the county morgue. The girl's condition today was reported favorable to a speedy recovery.

The shooting took place in the basement of the Stackhouse home, where Reed apparently induced the girl to go that he might carry out his plan. Helen's mother was in the living room on the first floor of the home when the attempted murder and suicide took place, and was the only other J. W. Love Comes Speedily. Miss Stackhouse and Reed met a year ago and their infatuation became mutual almost at first sight. He was 23 years old and she is 18. He formerly was a student at Oregon Agricultural college and was a draftsman for the Pacific Telephone and Telegraph company. Helen has been a cashier in a department store for several months.

After four months of ardent courtship, Helen consented to marry Reed, the wedding to take place February 22 of next year. Then Helen broke the engagement. Sunday Reed called as usual. After talking for some time he handed her a letter.

"This is for you," he said. She took the letter and read its contents hurridly. Then he handed her one for her parents, Mr. and Mrs. S. T. Stackhouse, and another to his brother, Ralph, who is an employe in the Northwestern National bank. Forgiveness Is Asked.

"No one will know how I have suffered for the last three days," the letter to Helen said. "I have loved Helen always and I always will. Please
