CANBY, Or., Oct. 25—The fourth semi-annual Clackamas County I. O. O. F. district convention held in Canby on Saturday brought out members of the orders of twelve county organizations. The only one not being represented was Oswego. Others in attendance were from Oregon City, Clackamas, Graham, Canby, Sandy, Wilsonville, Boring, Milwaukie, Needy, Gladstone, Molalla and Estacada.

The affair was held during the day and evening, with lunch and dinner being served by the Ladies' Aid Society of the M. E. church. The address of welcome was made by C. H. Sheldon, of Canby, representing Canby Lodge No. 156. The response was made by Judge Thomas F. Ryan, of Oregon City, who is past grandmaster.

Shannon is Named
The morning session, which began at 10 o'clock, was taken up with business of the order, and also election of officers. O. O. F. of Oregon of either the Pacific Odd Fellows or some similar publication, and that a copy of same be sent to every Odd Fellow in good standing in the jurisdiction of Oregon."

Another resolution brought up was "Whereas: It is the belief of many of the members of the order in Clackamas county that it would be for the best interests of Odd Fellowship should be served by having the county divided into districts, whereby a district deputy grand master could be appointed for several lodges in a district instead of each subordinate lodge as at present, therefore be it

Resolved, That there be appointed a committee to this constitution to take the matter of districting the lodges of the county, so that a district deputy grand master may be appointed for a combination of lodges, rather than for individual lodges.

The appointed officers at this meeting were: George Fraser, of Molalla, warden; Mr. Aden, of Wilsonville, conductor; L. E. Sickler, Gladstone, I. G.; O. G. Boansworth, O. G.; H. Spies, chaplain.

OREGON CITY BLAZE IS SAID INCENDIARY

Probe Follows Outbreak At Welch Lumber Yard; One Clue To Case Discovered.

MOLALLA, Ore., Oct. 25—Fire of undetermined origin destroyed the A. G. Lais sawmill seven miles south of here yesterday, while the owner and his sons, Bert and Ralph, were in the mountains hunting deer. A loss of \$10,000 was suffered. No information regarding insurance was available. Lais had recently installed considerable new machinery. This and some lumber were destroyed with the mill.

Has the fire bug transferred his activities to the upper hill section? Evidence, regarded as practically conclusive that the fire which Sunday night threatened the Welch Lumber Yard at Mountain View, was of incendiary origin, has been discovered by the officials. An investigation of the fire had started in the middle of the blaze which was conducted by a mill building near the office. Wood from shingle wraps was found where the fire had started. According to employees of the yard, none of that material had been near the office for a considerable period of time. The fire chief believes that it was placed there by an incendiary, as there were no possibilities found for the blaze's starting in any other manner.

There has been no fire in the stove for several days and there were no electrical wires near where the fire started.

The blaze broke out at 2:45 o'clock Sunday morning. The roof of the building was burned, the damage totaling about \$200. Prompt action by the fire department saved the remainder of the yard.

Chief Priebe yesterday scored the turning in of the false alarm from Fourth and Main streets, the second from this box during the past six months. Pointing out the danger in bringing the engine down the hill on a fast run and the fact that a false alarm brings the fire department out of touch with headquarters in case a fire should break out, he advocated the infliction of the maximum \$500 fine when the miscreants are caught.
