

MORNING ENTERPRISE

VOL. 1—No. 6

OREGON CITY, OREGON, SATURDAY, JANUARY 14, 1911.

PER WEEK, 10 CENTS

POPULAR CHOICE OF U. S. SENATORS

SEEMS CERTAIN TO COME AT THE PRESENT SESSION OF CONGRESS.

ORAH ENCOUNTERS MILD OPPOSITION

Resolution Made That the Bill Will Pass Senate Within Thirty Days. And House This Session.

WASHINGTON, Jan. 13.—(Spl.)—There is little doubt since the action of the Senate today that the bill providing for the election of United States Senators by direct vote of the people will be put to vote some time during this session. One Senator had objection to it being put upon a calendar but on request withdrew objection and the bill is now in for consideration.

The amendment provides for election of Senators by popular vote, and Senator Borah, who is in charge of the bill, predicts it will pass the Senate within 30 days and the House before the 4th.

PRESIDENT TAFT PAYS LITTLE ATTENTION

SENATORS BOURNE AND CHAMBERLAIN ARE PUSHED ASIDE IN THESE NOMINATIONS.

WASHINGTON, Jan. 13.—(Spl.)—Name of Philip S. Malcolm was brought to the Senate today by President Taft as collector of customs at Portland. Report says that Senator Bourne will object to his confirmation, and that the objection will be on purely political grounds.

FRIENDS HUNTING LOST RELATIVES

MOTHER LEAVES THIS COUNTRY SIX YEARS AGO FOR TRIP TO AUSTRALIA.

SIGHT OF REST OF FAMILY

Mother Wishes Data As to whereabouts of Granddaughters—Home Offered Them if Needing One.

We Don't Like To Dance

anybody's piping. We don't care about the regular price of any article, we are determined to clean up the stock, and during our Clean Up Sale which is a money saving event it is looked forward to by all wearers of good wearables, we are offering these at deft competition both in quality and price. Get busy; get in the band wagon and come in.

Price Brothers

EXCLUSIVE CLOTHIERS Not Like Others 5th and Main Sts.

PRESIDENT TAFT ANXIOUS.

Wants Republicans to Get Together in Matter of Tariff.

WASHINGTON, Jan. 13.—(Spl.)—President Taft today made a strong plea for the creation of a permanent tariff commission. At a banquet before the National Tariff Commission Association he publicly endorsed the Longworth bill, and today he summoned the members of the ways and means committee of the House to the White House and asked them to get together in the matter.

FRATERNAL BROTHERHOOD

Installs Officers Friday Night, With Social Hour Following.

Oregon City Lodge No. 302, Fraternal Brotherhood, installed its officers Friday night, as follows: President, R. W. Baker; vice president, Arthur Barnes; secretary, A. M. Sinnott; treasurer, Mrs. Pauline Swartz; physician, Dr. C. A. Stuart; chaplain, Mrs. Lena Berles; sergeant at arms, Frank Rose; mistress at arms, Miss Lena Strobel; inside doorkeeper, Enoch Burke; outside doorkeeper, Chas. Becker; past president, H. W. Strobel; State president, M. C. O'Mally, who acted as installing officer. After the installation proper there were refreshments and a pleasant social hour.

WANTS STANDARD DISSOLVED.

Government Lawyer Thinks Company Has No Conscience.

NEW YORK, Jan. 13.—(Spl.)—Frank H. Kelliege, special counsel in the prosecution of the Standard Oil Co., made a strong plea today for the dissolution of the Standard Oil Co. of New Jersey, citing the fact that the company was a flagrant violator of the Sherman anti-trust law. He said that but for the fear of law the Standard would put the country under tribute to this gigantic trust.

CHICAGO BALL PLAYER WILL LOCATE HERE

HE HAS PURCHASED OREGON LANDS AND WILL SETTLE WHEN CAREER IS ENDED.

PORTLAND, Or., Jan. 13.—(Spl.)—Joe Tinker, the Chicago Cub shortstop, has bought an Oregon farm and expects to become a fruit grower when he quits the diamond. He has just completed a short visit to Portland and before leaving he bought an 18-acre tract of fine farming land near Newberg. He expects to install the Tinker family on the farm next fall at the close of the baseball season.

Two acres in an East Side suburb were also bought by the Tinkers and an option taken on two adjoining acres. This tract is held chiefly as an investment, it being the expectation of the star National League infielder to live on his farm rather than in the outskirts of Portland. The ranch has all the trimmings in the way of farm buildings and it is within a short distance of the ranch owned by Billy Sullivan of the Chicago White Sox and of the land upon which Clark Griffith of the Cincinnati Nationals holds an option. Fielder Jones, now a resident of Portland, looking after Tinker's interests in the property for the time being.

CENSUS BUREAU IS OFF ITS "TROLLEY"

POSTOFFICE RECEIPTS SHOW WHAT A FARCE THE ENUMERATION MUST HAVE BEEN.

POSTMASTER'S FIGURES WON'T LIE

Congressman Hawley Promises, in a Message to Postmaster Randall, to Try to Get a Re-count.

The tremendous growth of Oregon City in recent years is clearly set forth by the receipts of the local postoffice, which were \$26,276 in 1900 and in 1909 had leaped to \$142,841.61. The office receipts last year were \$17,746.26. None the less marvelous is the showing of the money order department. In 1909 there were 11412 orders issued, amounting to \$85,243.59, and 7419 orders were paid, amounting to \$86,041.64. Last year 17009 orders were issued, amounting to \$92,149.56, and 7905 money orders were paid, amounting to \$87,193.04. In view of the great increase in receipts in 12 years, the figures of 1910 being more than double those of 1900, the recent report of the government census bureau, giving Oregon City an increase in population of about 700 in 10 years is considered ridiculous. It is very apparent that the population of the city has very nearly doubled in the last decade. Congressman Hawley has wired the Commercial Club that he will attempt to secure a re-count for Oregon City. The business men are indignant over the report of the bureau.

THE CHURCH SITE IS AN IDEAL ONE

OREGON CITY FRUIT AND PRODUCE UNION NEEDS CENTRAL LOCATION ON S. P. RY.

HEART OF CITY AND ON RAILWAY

Congregational Church People Willing to Sell and Build on Site Secured By Them Upon the Hill Months Ago.

The Oregon City Fruit and Produce Union, the new farmers' co-operative company incorporated for the sale of the products of Clackamas county farmers, has been casting about for a warehouse at a point in the city where good shipping facilities may be had.

The Congregational church, which has a fine property on Main street, finds that with the railway tracks and the electric cars and wagons that its present site is too noisy. The church, therefore, has purchased a site on the hill and hopes some day to build a new church home.

When questioned in the matter of the site, the church people were of opinion that no other site could be found so ready at hand to the Union as the one they hold. And it is the desire to see developments that will enable the church to sell at a good figure and re-establish itself in a part of the city more conducive to a quiet observance of the solemnity of the day.

The Congregational property is one of the best and most desirable in the city. People in the part of the city are glad to see the trend in that direction. And the fact that there is little opportunity to expand on the river bank level except to the north makes it almost certain that if the Union wishes an available site it must soon treat with this church organization.

STATE UNIVERSITY WORTHY OUR AID

A HIGHER STANDARD OF EDUCATION MEANS A HIGHER STANDARD OF CITIZENSHIP.

NEEDS OF UNIVERSITY ARE URGENT

People Willing to Foot the Bill Where the Need is Legitimate and Money Spent Wisely.

OREGON CITY, Or., Jan. 13.—Editor Enterprise: It is an established fact that the greatest duty of a people to itself is for the establishment and maintenance of schools for the education of the young. No greater service can be rendered to the state of which we are citizens than by raising the standard of citizenship in that state. No community or state which is slow in building up an educational system can hope to make any great progress along industrial, social, economic or moral lines. People must be educated in order to make progress.

The schools of Oregon City are at last coming to take their place with other schools of the state. Our new high school building, with the improved course of study now pursued, is a credit to any community. Can we not go a step further in this direction and see that our State University gets the appropriation for which it makes this present session of legislature?

Our legislators are all public-spirited men and if they believe that their constituents want the appropriation bill passed, they will vote for it. So it is up to the people to let Senator Dimick and Representatives Jones, Carter and Magone know that their hearty support of the bill is expected. Four years ago an appropriation of \$125,000 was secured. Since then the attendance has nearly doubled, requiring more instructors and buildings for the accommodation of the greater Student Body. Although nearly \$100,000 per year is required for University salaries, the instructors are not paid as well as they are in other schools of the same rank, yet every one of them is working up to the limit of time and endurance. The incidental expenses connected with the University, in addition to the annual expenditure of \$103,000 for books for the library, easily consume the balance of the appropriation and leave no margin for building purposes. The urgent need for new buildings is apparent to all familiar with the growth of the University. Every inch Continued on page two.

INJURED WHILE COASTING.

Miss Freda Martin and Naomi Armstrong Given Severe Jolt.

A second coasting accident, and this one quite serious, occurred Friday evening about 8 o'clock. Miss Freda Martin, daughter of Mr. and Mrs. H. L. Martin, was thrown from her sled, her shoulder was badly bruised and it is feared fractured, and her companion given a severe jolt.

Freda Martin and Naomi Armstrong were coasting down the Twelfth street hill, going at express train speed, and when opposite the Barclay school the sled went over a bad "jolt" in the street. The jump given to the sled at that point unsettled Miss Martin, who was guiding the sled, causing her to lose control. As a result the sled veered and ran into a pole at the street corner near the school house, throwing both girls off and severely injuring Miss Martin. Her shoulder was badly bruised and probably fractured and she was knocked senseless. Friends carried her home, where medical attention was given. Miss Armstrong was slightly injured, but sitting to the rear of Miss Martin her injuries were very slight.

TEST RIDE TO BE HAD.

PORTLAND, Or., Jan. 13.—(Spl.)—A test ride of 80 miles on horseback for four majors and a lieutenant colonel has just been ordered by General Marion P. Maus, commander of the Department of the Columbia. The ride will be held from the Vancouver Barracks to Sandy, Or., and three days, January 12, 13 and 14 are allowed to complete the 80 miles.

Slips on Icy Porch.

W. H. McCellan met with a painful accident Wednesday at the home of his daughter Mrs. R. R. Aldredge, who resides at 815 Pierce street, which will confine him to his room for several weeks. Mr. McCellan while walking along the porch slipped on the ice and snow and fell, striking his back and side against the steps. He is injured internally.

OREGON CITY FRUIT AND PRODUCE UNION

MANAGER CHOSEN IN PERSON OF O. E. FREYTAG AT MEETING WEDNESDAY AFTERNOON

The directors of the Oregon City Fruit and Produce Union met Wednesday afternoon in the rooms of the Commercial Club to consider the question of a site and the choice of a manager for the corporation. All the directors were present, but one, as follows: Geo. W. Waldron, O. D. Eby, B. Kuppenbender, A. J. Lewis, C. W. Swallow, W. F. Harris, M. J. Lazelle, and Geo. DeBok—J. S. Yoder being the only one absent.

O. E. Freytag was chosen manager and the lease effected on the room to the rear of Freytag & Swafford's office on Seventh street, just opposite the alley from the S. P. depot. It is the general expression of the Union has secured a good man for the place. Some of the best business men in the community are members of the Union—Dr. T. E. Beard, J. P. Deegan, J. C. M. Doods, J. S. Yoder, W. F. Harris, Dr. L. A. Morris and A. J. Lewis being among the number.

The Union is to be run for the benefit of its members only. It is the purpose of the organization to get all it can for the produce of its members and to buy things needed at as low a figure as possible, but unless one is a member there will be no effort put forth for their good. One of the questions threshed out at the meeting was the decision to act only for members; some wanted to charge 5 per cent to handle produce of members and 10 per cent for outsiders. This was voted down and it was decided to do only for those enrolled.

At the outset an effort will be put forth to handle in both buying and selling in car lots. At the meeting it was demonstrated that the Union can in its present state of organization buy spraying materials for 9 cents as against 18 cents where purchased by the individual—a saving of half. The Union has been incorporated and is in working order now, don't forget that fact. It is not as large as it will be later, but it is now open for business and doing business. Every farmer and fruit raiser is invited to join, and at once. Particulars will be given those interested.

FUNERAL SUNDAY OF MRS. GORDON

THE CORONER'S INQUEST BRINGS OUT FEW NEW FACTS—DEATH WAS INSTANTANEOUS.

PLACE OF ACCIDENT DANGEROUS ONE

Mrs. Gordon Will Be Buried From Congregational Church Sunday Afternoon—Has Host of Friends in Oregon City.

There are few new facts in connection with the death of Mrs. W. J. Gordon at Canby other than printed in Friday's Morning Enterprise. Further inquiry reveals the fact that Mrs. Gordon was walking by the side of the track when struck, that she evidently was mistaken as to the nature of the track near which she was walking—thinking it was a sidetrack while in fact it was the main line—that she was taking all necessary precaution had it been on the sidetrack, as she supposed, and that her danger came in its being the main line.

The further fact was elicited that Mrs. Gordon was bundled up more than usual on account of the cold and did not likely hear quite as distinctly as had the circumstances been different.

The engineer testified at the inquest, held Friday afternoon, that Mrs. Gordon was on the railway at a point where there are two tracks, that she crossed the switch at one point and by subsequent actions he was of opinion that she mistook it for the main line on which was bearing down at rapid speed the limited. As she proceeded, in full view by him, she stepped out to avoid a box car—doing so in a way that indicated to him that she was mistaken as to her position on the line as well as to her danger in the situation.

The coroner's jury, sitting in the case Friday afternoon at Canby, rendered the following verdict: "We find that Mrs. W. J. Gordon, 50 years of age, came to her death at Canby, January 12, 1911, being struck by an engine of the Southern Pacific Railway." The jury recommended in future more care be taken at Canby station to fortify the public against the re-occurrence of such accidents, present precautions not being as they should be.

Drs. Fox and Mout were in attendance at the inquest as was Judge Dimick and Attorney Gilbert L. Hedges. Clarence Eaton, of Portland, represented the S. P. Co.

The evidence submitted to the coroner's jury elicited the fact that there are three tracks at the place of the accident and that anyone is liable to become mystified as to actual conditions. Mrs. Gordon will be brought to Oregon City for burial, the funeral being announced for Sunday afternoon at 2:30 o'clock. The remains will be brought to the city Saturday, and taken to the home of her sister, Mr. and Mrs. L. J. Lageson, on Main street near Twelfth street. The services Sunday will be conducted by Rev. W. M. Proctor, pastor of the Congregational church, from which church she will be buried. Rev. C. L. Creevy, of Canby, will assist in the services. Interment will be in Mountain View cemetery.

RARE OPERATION ON YOUNG BABE

DRS. STUART AND ROCKEY REMEDY NATURE'S DEFECT, AND CHILD MAY LIVE.

MOTHER AND CHILD ARE DOING WELL

No Exterior Orifice Provided By Nature and Child Taken to St. Vincent's Hospital for Operation.

Dr. C. A. Stuart, of this city, and Dr. A. E. Rockey, father and son, Portland, performed a delicate and unusual operation on the two-day old son of Mr. and Mrs. E. A. Rivers, of Sixth street, Wednesday. The child was but two days old at time of operation and is seemingly on the road to recovery. The case is a peculiar one. This is the fifth child born to Mr. and Mrs. Rivers, and is the first one to live. All before have been stillborn, of abnormal presentation, and no instance has there been an opportunity to save life. Instruments were necessary in the case of this youngster; all have been boys.

The little fellow was born without a rectal orifice. This was not noticed by the nurse, and Dr. Stuart was so busy with the mother after the delivery that he did not note it till he came to examine the little fellow the next day. This made necessary an operation—child two days old—and he was at once taken to St. Vincent's hospital, Portland, the Drs. Rockey called in to assist, and the work was done the second day. When the operation was performed it was found that there was no proflusion and the outer orifice was closed and no chance for life as conditions existed. It was necessary to make an incision, pick up the extremity of the bowel, carry it to the outer orifice and sew up the wound in such a manner that surgical skill would remedy the defect of nature. This Continued on page two.

ARTISANS HOLD SOCIAL.

There Was a Good Program and a Good Time.

The Artisans held their social meeting in the Woodmen Hall Thursday night, and a large number of members and their friends attended. The early part of the evening was devoted to a musical and literary programme consisting of the following numbers: Piano solo, Oscar Woodfin; vocal duet, Miss Mabel Volkmar and Miss Kate Cooper; duet, banjo and mandolin, Messrs. Hendrickson and Schmidt. These numbers were followed by an excellent talk by Dr. Olmstead, of Portland, and it is probable that many new members will be added to the order next Thursday evening at the regular meeting. Refreshments were served during the evening. After 11 o'clock dancing was indulged in until a late hour.

SMALLPOX SCARE OVER.

One Lonely Case in the Township, Across the River.

The one lone case of smallpox in this part of the Willamette Valley has been fumigated and set free. It was the case across the river in the township—a Greek employe in the paper mills—and the patient being long passed the point of contagion Health Officer Norris had him and the premises fumigated and the man set at liberty. There were no cases of contagion—simply one isolated case.

Starting Life With \$50.

As an indication of what is undertaken in this great Oregon country we cite the fact that a young man this week purchased a farm of fifty acres with a cash payment of \$50. He has a partial equipment for his work, and seeing the opportunity, and having no more money to start, he took the risk with his \$50. And the man who set him to work is sanguine that he will make good.

Lad Sent to Juvenile Court.

Leslie Kellogg, of Gladstone, was arraigned in Justice Samson's court Friday on the charge of taking the bonding wires from the railway tracks of the O. W. P. line leading to Chautauque Park. Constable Brown made the arrest. Justice Samson turned the lad over to juvenile court and he will have a trial today at 10 o'clock in the County Court. D.ective Cahill, of the O. W. P., made the complaint.

Will Participate in Debate.

E. C. Dye, one of Oregon City's young attorneys, will participate in the debate at Woodlawn Grange, Portland, this evening. It is to be a spirited affair and several young men of prominence will participate. The subject to be debated is, "Resolved, That the Federal Government Should Retain Title to all Unappropriated Mineral Lands, Timber Lands and Water Power."
