mendations of the doctor were ignored.

be a complete reformation. The

WANTS NOTE PAID.

Sidney Gordon Has Sued B. J. Berg
On a Note.

Sidney Gordon has filed a suit
against B. J. Berg on a promissory
note, which is due and payable on
January 1, 1911, the amount being
\$162.75.

On September 7, 1910, the defendant
made a certified promissory note payable
to the order of L. V. Rawlings at his
office in Portland for this amount,
but Mr. Rawlings later and for a con-
sideration transferred the note to
Sidney Gordon. The sum has not been
paid, and \$50 is asked for attorney's
fees for instituting action and for the
payment of the \$162.75 with 8 per cent
interest. He is represented by Attorney
W. J. Shaver.

MORGAN WANTS DIVORCE.

Says His Wife Deserted and Without
Cause.

A. R. Morgan has filed a suit for
divorce against Mrs. Morgan to whom he
was married in Idaho on November 8,
1891. In December, 1903, Mrs. Morgan,
now states her husband, deserted
him without cause, and has continued
to desert him ever since. Morgan's
attorney is T. B. McDevitt, Jr., of
Portland.

Charges Wife Deserted Him.

Frances E. Troutler has filed in the
Circuit Court of Clackamas county a
suit for divorce against Julia Troutler,
through his attorney, T. B. McDevitt,
Jr., of Portland. The Troutlers were
married at Grand Rapids, Mich.,
March, 1899, and at Travers City,
Mich. Mrs. Troutler deserted her hus-
band, so he states, without any cause
whatsoever.

DOCTOR MAY BE FREE IN VERA HALL CASE

CONTENTION OF DEFENSE THAT
THERE IS NO EVIDENCE OF
CARELESSNESS.

Dr. J. J. Rosenberg is on trial in
Portland for murder in the first de-
gree, it being charged that Miss Vera
Hall, of this place, came to her death
through the use of chloroform in pre-
paration for a criminal operation. The
doctor's attorneys have made a motion
for a directed verdict at the hands of
the judge, of dismissal. The claim is
made that none of the state's witness-
es have given any evidence to show
that Vera Hall died through criminal
negligence on Dr. Rosenberg's part, or
that there is any evidence to show
that the doctor was preparing to per-
form a criminal operation.

Judge Morrow held that Rosenberg
cannot be convicted under the negli-
gence statute, which provides a pen-
alty for a lawful act committed without
due care and discretion. He declared
that the state had produced no evi-
dence to show carelessness on the phy-
sician's part. Neither has any one of
the state's witnesses testified that
there were evidences that the doctor
was about to perform a criminal op-
eration or that he placed her under the
influence of chloroform for that pur-
pose.

Small Estate to Administer.

known is Thomas Anderson, aged
50 years, of Indiana. W. W. Everhart,
of this city, is named as administrator.

WARM INVITATION HAS BEEN GIVEN

COLONEL ROOSEVELT IS TO VISIT
THE COAST IN APRIL AND
MAY SPEAK HERE.

HIS TRAIN MAY POSSIBLY STOP

Portland Commercial Club Gets Busy
In An Effort to Make His Visit
a Red-Letter
Day.

WASHINGTON, Jan. 20.—(Spl.)—
Senators Bourne and Chamberlain are
in possession of a letter from Ex-
President Roosevelt in which he tells
them that early in April he will be
out on the coast, and that he expects
to pass through Oregon City and Port-
land on his way East from a visit to
San Francisco.

The Senators wish to inform their
friends along the route of this pro-
posed visit so that those wishing to
see Colonel Roosevelt can take the
necessary steps to do so.

In his communication to the Oregon
Senators Mr. Roosevelt said he did not
want to have Portland people feel that
there was any need of preparing an
entertainment for him or of having
him speak during his visit in Portland,
but that he did not want them to think
he would go through the city without
letting them know in advance. The
Senators feel sure that if the commer-
cial bodies shall take the matter up,
the ex-President will address the citi-
zens of Portland, and they suggest
that some of the commercial bodies
take the matter up directly with Mr.
Roosevelt, or with him through them,
and they will be glad to do what they
can to assist in having him enter-
tained while he is in Portland.

Oregon City people who wish to see
Colonel Roosevelt, will likely be com-
pelled to go to Portland as the Shasta
Limited, the fast train on the South-
ern Pacific that will most likely bear
this distinguished citizen on his jour-
ney, does not stop here. If this was a
regular stopping place for this train
there might be a chance to get the
Colonel to say a few words to an as-
sembled crowd, but unless the com-
mercial club can induce the railroad
officials to permit him to stop, or he
can be induced to travel on a train
that does stop at all the larger cities,
it will be necessary to go to Portland
to see and hear Colonel Roosevelt.

Already the Portland Commercial
Club has taken steps to formally in-
vite the Colonel to become a guest of
the city and to speak from one or more
platforms while here. It has offered
special entertainment and has espe-
cially urged the Colonel to make his
passage through the city a time long
to be remembered by Rose City citi-
zens. So warm has been the expres-
sion of the club officials that it is be-
lieved the Colonel will gladly accept,
and take that opportunity to address
the people of Oregon at length.

HEIRS ARE NAMED.

Wants Estate of His Mother Properly
Adjudicated.

Grant Benoit has filed letters of pe-
tition for the appointment of J. C.
Eggmann as administrator of the es-
tate of his mother, Mrs. Rebecca H.
Benoit, who died in this city last week.
The value of the estate is \$486, and
the heirs are Mary McCullon, of Ve-
rona, North Dakota; Grant Benoit,
Verona, North Dakota; Julia S. Egg-
mann, Rosetta L. Eggmann, Guy Be-
noit, of Oregon City. J. W. Loder is
the attorney of the estate.

Two Important Cases.

There are two cases to be tried in
Justice Samson's court next week.
Lucas Brodovich will be put on trial
for assault on Mrs. Bonnie Nelson on
Tuesday, and the two Keller boys,
charged with larceny on Thursday.
Both are cases of more than usual im-
portance.

ODD FELLOWS GIVEN LAST TWO DEGREES

GLADSTONE CANDIDATES PUT
THROUGH THE PACES BY ORE-
GON CITY TEAM.

The Odd Fellows of Gladstone, were
given a good time Thursday night by
the Oregon City Odd Fellows. It was
the occasion of the working of the
second and third degrees on the mem-
bers of the new lodge at Gladstone,
which is at this time being instituted.
There were 24 Odd Fellows from
Gladstone to take the degrees, and
ample preparations had been made for
the occasion.

An early hour the work was be-
gun. The local lodge was out in force
to see the fun. The Oregon City team
was at its best and the evening's sport
was such that those who participated
will not soon forget. Those who took
the degrees were:

Messrs. C. T. Toole, Harry Morrow,
O. E. Freytag, Will Hammond, Ed
Hughes, John and Chas. Stevens, W.
F. Schooley, J. C. Schmidt, Frank Ken-
nedy, A. F. Parker, Joe Bauer, Cham-
bers Howell, J. A. Tuft, Guy Dwigina,
C. A. Williams, L. A. Reade, John
Sickler, John Dennison, W. H. Caul-
kins, Will Mulkey, J. H. McDuchie and
G. S. Williams.

After the initiation the participants
partook of a spread prepared for the
occasion. The lodge will meet each
Wednesday and for the present in
Gault's hall, over the postoffice in
Gladstone.

LITTLE LAD SURPRISED.

Young Friends Come Trooping In With
Best Wishes.

Parkplace was the scene of a very
enjoyable surprise for Master Lake
Smith, a well-known juvenile member
of that place. King, charades,
games of various kinds, followed by
an evening tea, was more than ap-
preciated by the surprised lad as well as
his guests. The little girls present
were:

Helen and Laura Bruner, Lorna
Woods, Helen Riggs and Frances
Prenschoff.

Helen Bruner captured the grand
prize, which consisted of a two pound
box of candy, which was divided by
the victorious maiden with her rivals
and host. Master Lake extends a
heartily invitation for his girl friends
to call again.

MADE ROAD A RIVER.

Waters Turned Back Into Street Fill
the Basement.

There was much damage done to
stock and raw products at the Woolen
Mills during the storm of Tuesday. It
is said the damage at these mills will
total upwards of a thousand dollars.

Another story that runs parallel with
this one is this: That employees of the
Southern Pacific, finding the water
running down from the South End hill
on to their tracks built up a stone dam
and turned the water into the road
again. In this way the road was made
a veritable river and poured down the
hill and across the Main street into
the basement at the Woolen Mills.
The contention is that but for this
there would have been little or no
damage of Woolen Mill goods.

TEACHERS' INSTITUTE.

der; 12:30, Dinner served by Ladies

ils of Canby school; 2:00, Civil Govern-
ment, J. Dean Butler, Oak Grove; 2:40,

ONE MEETING A YEAR.

November 7 Fixed as Date for Bound-
ary Board.

The District Boundary Board decid-
ed at its last meeting to hold only one
meeting a year for the purpose of
changing boundaries and creating dis-
tricts. This meeting will be held on
the seventh day of November. All
changes made at that time will be
properly entered on the assessor's
books and thus avoid confusion.

It is hoped that all interested parties
who read this will take due notice and
present their petitions in time. If pe-
titions come in too late for that meet-
ing they will surely have to wait until
a year later.

COUNCIL MEETING MONDAY.

Several Improvement Matters to Be
Taken Up.

There will be a special meeting of
Council next Monday evening, at
which time Mayor Brownell expects to
be in attendance. It is expected to
open bids for the improvement on
Sixth street. The proposition for the
improvement of Center street, from
Eleventh to the alley, a distance of 142
feet, will also be up for consideration.
The order for work on Taylor and Jef-
ferson streets is limited to work that
will not be injured by the weather,
filling and grading not to be done till
April.

Goes to Attend Funeral.

Prof. Brenton Vedder, principal in
the Gladstone school, was called to
Scott's Mills, with his family, Friday,
on account of the death by drowning
of the daughter of John Ferguson.
Prof. Vedder is a relative and went to
the family home to assist in paying
due respect at the grave of the little
girl who lost her life so suddenly
Wednesday.

W. O. W. MEMBERS ENJOY BANQUET

LOSING COMMITTEE PROVIDES
VERY ENJOYABLE SPREAD
FOR WINNING MEMBERS.

FOURTEEN NEW MEMBERS INSTALLED

Campaign for New Members Will Last
Till April 1—Special Rate
for Entrance
Fee.

Women of Woodcraft enjoyed a
most delightful banquet Friday even-
ing, in their hall on Main street. It
was the occasion of the close of a con-
test for attendance, and the committee
providing the banquet was the losing
side in the contest.

The first business of the evening
was the usual routine. This was fol-
lowed by the initiation of 14 candi-
dates. After the team work of the
evening the Canemah Quartette gave
several musical numbers, among them
being both vocal and instrumental
selections. This part of the program
was especially enjoyed by those pres-
ent.

Following the musical program
came the grand march, in which all
were got into line and marched to the
banquet hall. There were upwards of
125 who sat down to the feast pre-
pared, which proved to be one of the
most enjoyable spreads ever served by
the ladies of this lodge—and they are
noted for doing things right. It was
a feast for the gods—a hot chicken
supper with all the delicacies of the
season.

Mrs. Mary Leach, of Portland, one
of the grand organizers of the order,
was present to participate in the in-
stallation. She gave a very interest-
ing address on "Woodcraft," and was
accompanied by her daughter-in-law,
Mrs. Leach.

This was a spread for members only
and proved to be a red-letter day in
the history of the local order. There
were 8 new applications presented this
evening for acceptance. There is a
three-months campaign on for new
members, and a special rate is in force
that is open till April.

The next regular meeting of the
order is Friday, February 3, at which
time the circle will be entertained by
a committee of five of which Mrs.
Angus Mathieson is chairman.

STREET TO CEMETERY TO BE GIVEN FREE

MR. C. T. TOOLE WILL GIVE HIS
30 FEET IF BALANCE IS
ACQUIRED.

C. T. Toole has just prepared a plat
of his proposed new addition to the
city on Molalla avenue, laid out on
property known as the Ely hop yard.
The addition faces on Molalla avenue
and runs along Duane street, the street
that gives entrance to Mountain View
cemetery. One new street is thus
opened up, to be christened Hilda street.

It is the intention of Mr. Toole to
dedicate this addition and have the
streets taken over by the city if it
can be done without too much expense
and trouble. At present the way
leading to the cemetery is only 20
feet wide, the remaining 30 feet of
what will make a good road being the
property of Mr. Toole. He is willing
to donate this to the city if Mrs. Ely,
who owns the 30 feet width from Mr.
Toole's line to the cemetery, will do
likewise, making a good street. The
matter will be taken up in Council and
an effort put forth to have matters
straightened out so that the city may
have a proper street to the cemetery.

RIVER BANKS FILLED BUT UNDER CONTROL

NOT AS MUCH DAMAGE DONE AS
WAS AT FIRST FEARED—
DANGER PASSED.

The flood conditions are not as
alarming as was first considered, al-
though there has been some damage
done by the raging waters of the Willa-
mette river and its tributaries. At the
paper mills on the West Side
Thursday morning the water stood
62.5 feet, while Friday it was 64.2,
and it is now thought that all danger
is past, as the waters will commence
to recede, as the weather has turned
colder. The water on the flats below
the city has gone down considerably.

Moffatt & Parker have a crew of
workmen repairing the break in the
sewer, which gave way on Wednesday
evening during the heavy storms. This
is a great task, especially where the
sewer is broken on lower Twelfth
street. As there is a large fill at that
point, and it is difficult to ascertain
just where the break is, and part of
the fill is being removed by the work-
men to find the weak point. In many
places there are huge boulders that
have been brought from Washington
street and used as the fill, will have to
be removed by means of cable that is
operated by the engine at the junction
of Eleventh street, and will probably
delay the men with their other street
work for about four days.

BUYS JOHNSON HOME.

Place to Be Remodeled and Greatly
Improved.

E. M. Howell, a prominent resident
of this city Thursday closed a deal
with Captain J. T. Apperson in which
he purchased what is known as the
Carey Johnson place on Eleventh and
Washington streets. It is Mr. How-
ell's intention to have the house thor-
oughly renovated, and probably en-
larged, and will be moved so as to face
Center street and Moss street. The
grounds are to be parked, beautified
and cement walks and cement walks
built. Mr. Howell will not state as to
who will occupy the building when
completed.

The place commands an excellent
view, and is a most desirable location
for a home. At the rear the parking
is to be cleared of the brush, and this
too is to be beautified. The main en-
trance of the place will be from Moss
street, and the roadway will be built
at that point leading to the house.
There are at present about 15 rooms
in the building, and is heated by fur-
nace.

LITTLE INDIAN BOY.

Chief Shaw Hopes to Send Him to
Chewama.

The little six year old son of Mollie
Clark, serving 50 day sentence in the
city prison, is having a strenuous time
of it. Nights he is permitted to sleep
in the jail with his mother, and day-
time he is permitted to come and go
about as he pleases. Chief of Police
Shaw has been in a quandary what to
do and has finally decided to try to
send the child to the Indian school at
Chewama, and has taken the matter
up with the authorities in that insti-
tution.

The little fellow is a bright boy and
it is a pity that he cannot be under
better influences than his mother is
likely to give him. He was examined
by Health Officer Norris, and pro-
nounced free from disease, so that the
prospects are that the school will ac-
cept him and install him in the work
there.

VISIT NEIGHBOR CLUB.

Clermont School Patrons Not Afraid
of the Rain.

A delegation from the Clermont
school district attended the debate of
the Mountain View Booster Club last
night. The debate was participated in
by the ladies, the subject up for dis-
cussion being, "Resolved, That Capital
Punishment Should Be Abolished."
"When the women of a neighborhood
begin to take part in the discussions,"
said a member of the club, "then we
are near to a time when there is to be
something doing."

The question as to the relative value
of iron and gold was debated at Cler-
mont school Wednesday night, de-
spite the rain, and the school house
was as full as was comfortable.
