CLARKS.

The dance that was given by Wm. McIntyre at the Grange hall Saturday night, was very successful. Everybody reported a good time and said that they would come again, if they would have such a good time. The nusicians were Vern Larkins, John Moehnke and Elmer Lee and every one was well pleased with the music and said that the manager of the dance could not have done better than in getting them. Mr. McIntyre remarked how well everyone behaved and it was one of the nicest dancer that has been given anywhere.

Vern Larkins and George Loger were over spending a pleasant afternoon with Wm. McIntyre Friday, and reported a very good time.

Wm. McIntyre visited the school at Clarks Tuesday afternoon. After the first of the month Wm McIntyre will start for Portland and spend a week there and then he will go down to Houlton, where he will visit Mr. and Mrs. Howard, old time friends of his at that place. He will then return to Clatskanie, Ore., to reto work in the Sunset Logging

Co., where he has worked for seven years. Mr. Sullivan and family are on the sick list. They have bad colds. They moved the fence back on the

Park a Beauty Spot.

Owing to the perseverance of Street Commissioner Ganzenmuller, Central park, in Sea Cliff. N. Y., has been redeemed from its former condition of untidiness and is fast assuming the look of an up to date and pretty park. The park, which is quite near the

center of the vilage, was filled with dead chestnut trees when Mr. Ganzenmuller took office. One of his first official acts was to secure permission to cut the trees down and put the lumber so obtained to good use for the village. Later on the stumps were attacked and removed. Now the entire park has been leveled and graded. Paths are being laid out, and the ground will be seeded down to grass, and other things will be planted.

The value of the surrounding property has been increased by the changed appearance of the park.

Farmers who have occasion to draw up contracts, agreements, notes, checks, etc., should remember that the safest plan is to employ pen and ink for this work-never use a lead pencil. The law will recognize the lead pencil, but the writing may be erased too easily, and the amount or terms may be changed. If pen and ink are not at hand when drawing up such papers, use an indelible pencil.

LOGAN.

Can't someone "tip" the weather nan for some of Oregon's best? Last week the "natives" even complained that it was too wet. Jupiter Pluvius be careful; there is a "recall" law here. You might lose your job.

The most serious loss this communiy sustained from high water was the Clear Creek bridge at Fisher's Mill. It is reported by those living near there that a landslide from a high bank temporarily damming the water, then giving way, the onrush of water carrying out a large drift of logs which took the bridge before them down over the mill dam. If the piers had been kept in repair it would have been a substantial structure as the bridge itself remained intact after going over the falls of the dam, until broken by drift logs. It was built about 30 years ago at a cost of \$750. One bad feature about it is the pe on route two are deprived of their mail. We are told an alternate day service will be started as soon as the

The supply of sheep was moderate and the market was slow and draggy with lower prices prevailing. The mutton market moves at times la strange circles, packers load their coolers with mutton and the demand falls off for no reason that is explainable.
