Rev. J. R. Landsborough, Dr. W. Chambers Schultze and William Mc Larty were appointed a committee on constitution and by-laws, and this committee will report at the next meeting to be held January 31 at Mr. McLarty's rooms, at which time any lover of Robbie Burns who may have made application to the secretary, H. N. Cadell, will be voted on.

SHORT WEIGHTS

To Be the Subject of Legislature at This Session.

SALEM, Jan. 28 .- (Spl.) -The legis lature is being importuned to pass a measure that will properly punish merchants guilty of using short weights. The claim was put forth here today that one-third the scales being used in the State were defective, and that in few instances do the merchants lose in the transaction. Investigation is promised.

Adolph Joehnke, who has been ill for some time, and who has been un-dergoing treatment at the St. Vincent's Hospital, was operated on Friday, when he had one of his kidney removed. At the last reports he was resting easy.

WARRANTS OF ARREST **OUT FOR LEGISLATORS**

TWENTY-TWO ABSENTEES-FOUR FROM CLACKAMAS ARE WANTED AT SALEM.

SALEM, Or., Jan. 28.—The House adjourned at 11:35 o'clock to 10 o'clock Monday morning. The House has imposed a fine of \$5 on every member absent without excuse, and dopted a resolution of censure.

Armed with a warrant for the ar rest of 22 absent members of the House Sergeant-at-Arms Ely left for Portland by an Oregon Electric train at 11 o'clock this morning

This action was taken by Speaker Rusk as the culmination of one of the most striking scenes witnessed in the Legislature this session. The situation is altogether unique in Oregon leg'slative history, and marks the de-termination of the Speaker not to be governed as to his policy by the personal affairs of members, many of whom rebelled because he refused yeserday to take an adjournment until Monday, the same as was done by the

Brownhill, of Yamhill, took the floor declared that the conduct of the absent members is inexcusable, that they are continuing the policy of making the Oregon Legislature a farce-a pol ley which, he said, was inaugurated long ago—and that not only should the Legislature be abolished, but that it has come to be a shame and disgrace to the state, and the day is not far distant when it will be wiped out of existence by the people and the in-itiative depended on entirely in the

enactment of laws. Representatives Carter, Chatten, Jones and Magone, of Clackamas County, are among the members for whom warrants were issued.

NEW WATER SYSTEM

Under Consideration By City Fathers

The members of the Gladstone Council met in informal session Sat-urday evening to consider the needs of the city for a water works system. Shoes L. System and It is generally conceded that water Suits and Overcoats, the community is to be conserved, and it is up to Council to get for the

people what they need.

With this need in mind representatives from the firm of Mitchell, Lewis & Staver, of Portland, were present to tell the City Fathers what was necwhat it will seet in case the City Pathers can see their way clear to make the venture at this time. Nothing a limit has been decided upon yet but the informal meeting is almost certain to lead to results within the the part of those who showed to good near future.

PROFIT SHARING BY ITS EMPLOYES

PORTLAND TRACTION COMPANY PLANS TO INTEREST ITS WORKMEN.

The Plan One Worked Out By President Josselyn-Men Subscribing for the Stock

Eagerly.

PORTLAND, Or., Jan. 28 (Spl.)— Employes of the Portland Railway, Light and Power Company will become stockholders of the company. This big concern, rated as a \$30,000,-000 corporation, has decided to adopt s method of profit-sharing whereby men in the various departments of the company, including conductors and motormen, may become owners of LINCOLN DAY TALKS motormen, may become owners of blocks of stock.

The plan was formulated by President B. S. Josselyn and he recently arranged with stockholders in the East to part with some of their stock for the employes. None of the stock is for sale in the open market but President Josselyn succeeded in inter-esting a number of big holders to part with a portion of their stock so it might be turned over to the workers

of the corporation. Transfers will be made February 1. President Josselyn was surprised at the number of men in the company's service who have applied for a block of the stock. These men will each draw dividends from the time the stock is taken over on February 1, although in many cases time payments will be allowed, running over

period of two years. Most of the men of small salary who have decided to take stock have applied for five shares at \$70 a share. Men drawing more money have asked for a larger number of shares, and President Josselyn, who is already a large stockholder, added a small block to his holdings just to be in with the

EIGHT HOUR BILL **COMES UP MONDAY** SENATE EXPECTED TO VOTE ON

SOME TIME TOMORROW.

DIMICK LABOR MEASURE

If Proposed Law is Pushed Through Senate Effort Will Be Made to Place It In Friendly House Committee.

SALEM, Or., Jan. 28.-(Staff Correspondence.)—Senator Walter A Dimick's 8-hour labor bill will prob ably be called up in the Senate Monday on third reading and final passage The bill which is being bitterly fought by the paper mill industry in this State is on the chief clerk's desk and will come up for the final vote in its egular order, as the committee on labor industries, of which Dimick is a member, has already made a favorable report upon the measure, and the Senate has adopted the report.

The fate of the proposed law is emewhat in doubt although Senator Dimick says he is sanguine of its pass age through the Senate. There is no doubt that the bill will receive the votes of some senators who are ut heart unfriendly to the measure, as they believe it is class legislation and simed at the paper mills alone, but these legislators have no desire to be classed as unfriendly to the labor in-terests, and will probably vote for the

If the measure goes through the Senate, it will then go to the House where it will be referred to a committee. There is no certainty, how ever, that the bill will go to the House committee on labor industries, for an effort will be made to place it with a committee that is known to be friendly o the proposed legislation.

It is not known who has been select ed to champion the measure in the House. Senator Dimick, however, will not lose sight of the bill when it leaves the Senate, but will follow its course with his usual vigor, and will see that the bill does not become lost sight of in the maze of legislative pro reedings.

passed the House, but in the Secate supposed that Dimick would consider his duty done with the bill through the Senate, but it is said he will not rest on his oars after the expected performance Monday, but will strain Avery nerve to put the measure up to vernor West for the executive sig-

Homo Oil Company Now in Position to Forge Ahead. The stockholders' meeting Home Oil Company was held in the Commercial Club parlors yesterday afternoon. The meeting was called George Vierhus, president of the company. There was a good attendance of the stockholders, and there was an unanimous vote for the re-organization and for the capitalization to be increased to \$500,000, the former cap-

italization being \$25,000. The same officers as heretofore will erve for the ensuing year, and are as follows: President, George Vierhus; vice president, L. D. Mumpower; treasurer and secretary, C. D. Latourette; general manager, J. P. Dunham.

RECEIVE AN OVATION FROM EVERY SCHOOL

PRESIDENT TODD AND SUPERIN-TENDENT GARY SPEND ENJOY-ABLE WEEK WITH PATRONS.

The recent tour of the country schools, by President Edward H. Todd and County Superintendent Gary, among the schools of Clackamas county, has been one long continued ova-Beginning Monday morning there has been nothing to interfere with school visiting and many calls have been made and each evening there has been an educational and social gathering in a school center that promised an attendance worthy the effort.

There were 28 schools visited and President Todd spoke 25 times. Mr. Gary did not speak so often as the time was limited and where he has often an opportunity to talk to the people he refrained from doing so on this occasion so that the school patrons might have the pleasure of hearing the county's guest-Mr. Todd. The last talk was at the Brown school, near New Era, on Saturday night.

President Todd expresses himself as well pleased with the conditions in this county, and says he finds the schools doing as good work here, and as far advanced for similar situation. as any in the State.

The gentlemen were train-bound at Gresham one day and so took the occasion to visit the schools of that village, even if it was not in Mr. Gary's district—both gentlement being invited to speak, and both making good in well chosen words.

JACK LODER IS

BOY PLAYS WITH A DYNAMITE CAP AND WILL PROBABLY LOSE RIGHT EYE.

CRIMINAL CARELESSNESS APPAREN

While Parents Are At Luncheon, Their Son's Childish Curiosity Causes Him to Play With Powerful Explosive.

Jack Loder, the only child of Attorney and Mrs. John W. Loder, was frightfully injured Saturday afternoon by the explosion of a dynamite cap that the little fellow found on the front porch of the Loder re Center street. The force of the explosion severely lacerated the right side of the boy's head and he will probably lose the sight of his right eye and may become disfigured for life as a result of the accident.

Center street is being improved and the workmen have been using dynamite in blasting out the rocks. Since this work has been in progress Mrs. Loder has been very careful and has warned her son more than once not to play in the street or to go into almost certain danger-

At 1 o'clock Saturday afternoon, while Mr. and Mrs. Loder were finishing their luncheon, the boy jumped from the table and went out on the wide veranda to play. He picked up the dynamite cap and with boyish curiosity took it into the basement to investigate. Mr. and Mrs. Loder heard a hammer pounding, and suddenly the boy uttered a terrible scream and his horror stricken parents rushed to the scene to find their noncommittal and were not willing to son in agony, but conscious, and able go on record as changing the present to tell them where he found the ex- so-called system.

Dr. M. C. Strickland was hurriedly summoned and the injured lad was rushed to a Portland hospital, where his wounds received attention.

It is apparent that some one has been criminally careless in leaving a dynamite cap where it would fall into unskilled hands. It is not known how the cap was brought to the porch, unless it had previously been placed there. There is no suspicon, however, that harm was intended and the un- to road construction. fortunate occurrence is probably due to the carelessness of someone.

ROAD ENGINEER IS NOT WANTED

UNUSUAL METHOD ADOPTED IN SENDING OUT PETITIONS TO ROAD SUPERVISORS.

PROCEDURE IS RATHER REMARKABLE

Commissioners Mattoon and Blair Not Willing to Try New System Even in Face of Dimick's Astounding Statement.

The fine art of moulding public sentiment is detected in the circulation petitions throughout Clackamas County asking the county court not to appoint a road superintendent. Investigation Saturday proved that the petitions to the number of 35 or 40 were mailed to road supervisors and others by George Oglesby, supervisor for the Marks Prairie district, and Mr. Oglesby admitted that he had the petition printed and sent out at the suggestion of County Commissioners Mattoon and Blair who are understood to be opposed to change in the method

of constructing county roads. These petitions were received more than a week ago by many of the road supervisors and there was nothing to indicate where they came from or by whose authority they were mailed. Several of the supervisors concluded that the county and that the county court had forwarded the petitions, and it was then that County Judge Beatle had his first intimation of the existence of the papers, by receiving telephone inquiries from some of the supervisors, who wanted to know if the court desired

the petitions circulated. Judge Beatle quickly made an investigation, and about the same time Attorney H. E. Cross, who has been foremost in urging the county court to appoint a road engineer and adopt a systematic plan of road building, obtained a copy of one of the petitions that had been sent to James Tracy, of Gladstone. It was found today that the petitions were printed in the office of the Valley Publishing Co., at Camby, for Mr. Oglesby, who said, when called up by telephone, that his object in sending out the petitions had been to ascertain the septiment of the supervisors and farmers and to obtain an expression, it being expected that the supervisor would place the petitions in circulation and file them with the county court at the time of filing their Mr. Oglesby stated that the com-

missioners had some knowledge of the transaction. It is thought likely that the petitions were prompted by an effort that has the Live Wires to induce the county court to name a competent road mas-ter and to abandon the system that has been in vogue for a number of years, under which the 55 supervisors are a sort of law unto themselves and do not work under general supervision or by any concerted plan. Mr. Cross was appointed chairman of a committee of the Live Wires to pre-sent the matter to the court, and a few weeks ago Commissioners Mattoon and Blair met with the Live Wires and listened to arguments for the appointment of a road engineer and the adoption of a sensible system of permanent road construction. Nothing definite came of this meeting, for the two commissioners were rather

It was at this meeting that Former County Judge Grant B. Dimick made the astounding statement that during his four years' administration that has just ended, at least one-fourth of all the road money expended had been practically wasted, because of the lack of system, and that his attempt to obtain the appointment of a road en-gineer one year ago had been resisted by Commissioners Lewellen and Mattoon, who did not share his views as
