CITY OFFICIAL NEWSPAPER.

Senator Lorimer is hearing from his own constituents in Illinois, and what he is hearing is not complimentary.

Montana quarreled over its United States Senator till the last minute, but just before the legislature was to die it elected a man to keep its Senatorial quota full.

Some idea of the terrible effects of the famine in China is to be seen in the mad grab that leads the poor people to trample to death one another in an effort to receive food given away in quantities sufficient to save all.

The effort to get people to start in now to plan for their exhibits at the State Fair this fall is a good one. If that plan is carried out we may hope to see an exhibit from Clackamas county that will astonish the most optimistic.

The Senator or Representative that goes back on the President is not to be complimented for so doing. He should be made to state his case, and show good cause, before he is commended. There may be reasons for doing it, and good ones, but it is not unwise to insist in a Congressman giving that reason.

The close fights that have resulted for United States Senators shows that the people are awake, to say the least. It is no longer a case of having the votes of the States sewed up in a sack. At that it is not always the case that the choice is wise even where there is a close margin—close margins are not always a guarantee of wisdom or honesty.

The famine in China is so awful that no word picture can half describe it. But two dollars are said to be necessary to save a life; but the American people are naturally cautious in contributions when they think back to how they sent thousands to Russia and a few thieving grafters diverted nearly the whole amount to their own pockets.

Discussion of road conditions in the county has led many men to stop and think who were inclined to the belief that what was was good. Now it is seen by many that the county has not as many good roads as she should have considering the money she has spent. But until some one started the agitation there was no thinking

along the lines of improvement and betterment, and no thought of what was being done with the vast sums spent and being spent.

RULES FOR GRADING
AND PACKING FRUITWHAT THE CENTRAL EXCHANGE
DEMANDS OF THE BRANCH
UNIONS COMPOSING IT.

We print herewith a few of the rules formulated by the Central Exchange—rules that will be of the most interest to members of the local union—as we have not room for the whole series, and some of them having little general interest for the public.

We also print the rules as to grading that our readers may have a knowledge as to what is expected of those raising fruit to pack and sell through the efforts of the local union, that Union being a part of the Central Exchange.

Condensed rules of the Central Exchange, of which the Oregon City Fruit and Produce Union is a member:

The Central Exchange shall have the exclusive selling of all the fruit products controlled by the association.

It shall establish a sales system covering all markets where it is practical to sell its fruit.

It will establish rules for caring, marketing, grading and packing of products of members.

The selling charge shall not exceed ten cents a box.

The district association shall have control of its grading and packing, under supervision of Central Exchange.

Following are the rules for grading fruit according to the agreements of the Central Exchange of which the local union is a part:

Extra Fancy—Perfect, well formed apples only, free from all insect pests, worm holes, stings, scale, sun-scald, dry rot, water core or other defects; limb/rub, skin puncture or evidence of rough handling shall be considered defects. Apples covered with or spray must be cleaned. Apples admitted to this class shall be well matured and of color characteristic of the variety—Spitzenberg, Winesap, Arkansas Black, etc., and must have 75 per cent of good characteristic color. Ben Davis, Rome Beauty, etc., must show 50 per cent red. Red Cheek Pippins and Winter Banana must show red cheek.

Standard—Apples of this grade must be free from all insect pests, worm holes, scale, sun-scald, dry rot, water core or other defects; skin puncture or evidence of rough handling shall be considered defects. Slight limb rub or one small sting, healed over 10 per cent of the apples in any box shall be so marked. All varieties of apples admitted to this grade shall be well matured and of natural color. Red varieties must show some red.

"C" Grade—This grade shall be made up of all merchantable apples not included in the Extra Fancy or Standard grades. These apples must be free from all insect pests, worm holes, scale, but will include misshapen apples, or apples having a limb rub or other like defects. Apples of this grade may contain two worm stings or slight bruises. They need not be wrapped.

ESCAPE FATAL DISEASES.

Germ-Proof Telephone Mouthpiece of C. G. Miller Made of Glass.

C. G. Miller has in his store on Main Street, next to The Bank of Oregon City, a quantity of new telephone mouthpieces that are finding a ready sale in this city. The mouthpiece is made of glass and is absolutely germ-proof, giving a chance to its users to escape death-dealing diseases, such as tuberculosis, diphtheria, scarlet fever, meningitis, etc. It is known as the "Red Cross" Germ-Proof Telephone Glass Mouthpiece, and sells for \$1.50 the price including dropper, wicks and antiseptic fluid. As a protection for the nose and throat the new invention is unequalled and as it is made of glass, it is easy to remove and clean. Mr. Miller has the exclusive sale of this mouthpiece in this territory and would be pleased to exhibit them to the public at his store.

AT THE ELECTRIC.

In the Hands of College
Bred Men Country
Is Safe.

By Chief Justice E. D. WHITE of United States Supreme Court.

IN COLLEGE BRED MEN WILL BE FOUND THE BULWARK AGAINST WHICH SOCIALISM AND ANARCHY WILL BEAT IN VAIN IN THIS COUNTRY.

The talk of socialism and anarchy and the disruption of our institutions, which comes—as a miasma to our minds under varying conditions of life, fades out of my mind when I think of the country's many COLLEGE BRED PEOPLE. In such American minds and hearts is the perfect and general service which will FORTIFY AND TRANSMIT UNBROKEN TO FUTURE GENERATIONS OUR FREE AND NOBLE INSTITUTIONS.

Until I became charged with the duty of presiding over the supreme court it never fully came to me how truly that body stands for the progress, success and benefit of the American people; that it is not an institution separate from the country, restraining and controlling all other institutions, but a court in DIRECT CONTACT WITH THE BEST AND MOST ENLIGHTENED AMERICAN MINDS, unfolding these minds for the lasting benefit of our people and our institutions.

SALEM, Or., March 3.—Charles V. Galloway, State Tax Commissioner, was tonight elected exalted ruler of Salem Lodge, No. 336, of Elks, and will be delegate for Salem when the grand lodge meets in Portland next year.

A word to the wise is sufficient, but a whole volume wouldn't convince the otherwise.

NEW FEATURE PLANNED
COMING STATE FAIRCOUNTY EXHIBIT SHOULD BE
MADE CHARACTERISTIC OF
SIZE OF COUNTY.

O. E. Freytag, who has been reappointed superintendent of the pavilion at the coming State Fair and also superintendent of the agricultural department, has several new features he will introduce at the coming fair, which no doubt will be one of the great and drawing attractions, and thinks people will become interested as soon as these are made public. One of the most attractive agricultural and fruit displays ever exhibited at the State Fair was last year, and it was through Mr. Freytag's untiring efforts so good a display was had.

Clackamas county had her first exhibit, and although not as large as it should have been for the size of the county, it won one of the premiums, which was \$100. It is Mr. Freytag's intention this year to invite all of the county and to invite all of the farmers and fruitgrowers to help make the exhibit of the county they are residing in one to be proud of, and no doubt many will respond. Some of the best potatoes and apples at the Fair last year came from this county and were among the best in the building and attracted wide attention.

W. G. Klenzsmith, one of the well-known farmers of the county called at the office of Freytag & Swafford near the Southern Pacific depot yesterday afternoon for several heads of Alaskan wheat, and these he is to plant on his farm at Clarks, and intends exhibiting at the coming State and county fairs. Mr. Klenzsmith is one of the enthusiastic farmers of the county, and will assist in having the county to be represented as it should be.

Barlow, Kent Moody, John Beattie, Glen Jeremiah, Clark Story.

"DOCTOR" JINDRA ARRESTED.

Former Oregon City Man Called to Account by Medical Board.

Dr. Vladimir K. Jindra, of Portland, was arrested this week with a lot of other electric healers and so-called doctors, and asked for a continuance when his case was called yesterday. Jindra came to Oregon City more than two years ago and cut a wide swath here. He had plenty of patients, some of the well-to-do people of this section taking his "treatments." His conduct was such that his wife brought suit for a decree of divorce. Jindra became so notorious that Oregon City was too small a field and he hiked to a land where he has since been trying to make the public believe in him. Most of the local physicians of Oregon City looked upon Jindra as a quack, though one or two of them sanctioned him and his unusual methods.

Much of what we call love at first sight falls when it comes to the second, sober view.

MRS. HARTMAN ENTERTAINS.

A Score of Friends Are Given a Delightful Afternoon.

There were about 16 ladies attending who enjoyed Mrs. Hartman's hospitality. The hostess was assisted by her sister-in-law, Mrs. D. Scherrable. A luncheon was served during the afternoon, and the table was prettily decorated with red carnations and asparagus ferns, while the

We Need Women Police
If Proper Protection
Is Expected.

By Dr. ANNA HOWARD SHAW.

ONCE sent a suggestion to one of the reform mayors that he appoint ONE HUNDRED WOMEN POLICE in New York city.

We women are never afraid of making suggestions, and I told him just how it could be done. I told him to have them all Salvation Army women and to have Mrs. Booth pick out just the kind that could do the work.

NOT LONG AGO I SAW A MAN IN A CHICAGO COURT WHO IN ONE OF THE CHEAP MOVING PICTURE SHOWS THERE, IN THE COURSE OF THREE MONTHS, HAD TAKEN TWENTY-THREE YOUNG WOMEN AND LITTLE GIRLS AND SHIPPED THEM OFF TO TEXAS.

That thing could never happen if capable women, as the Salvation Army women would be, were acting as POLICE in cheap moving picture shows, cheap theaters and restaurants.

At the time I wrote to the reform mayor I asked for a hundred police women. Now I ask for a thousand in New York city and HUNDREDS OF THOUSANDS FOR THE OTHER CITIES AND TOWNS in the United States that need them.
