MORNING ENTE THINK.

WOMANLY WISDOM. Nearly all cooks have a cake fall WEST SIDE HUSIESS sometimes. Don't worry. I knew a young man who won his wife by say-ing when her cake fell: "I always did like cake that had fallen."

Better buy one good book for the family than three or four cheap story papers. Boys and girls acquainted with great thinkers of great thoughts will not seek the society of loafers or read the frothy, energating novels. Some think they must have the oven sizzling hot when they put bread in to bake, and then they wonder why a thick crust comes on the loaves, while the middle is not at all well baked. The best way is to have the oven just hot enough so that the loaves will take on a nice brown in, say, ten or fifteen minutes. Don't be in a hurry to take them out too soon, either. An hour is not too long to

bake bread to have it just right. When you pack away hams and shoulders for summer use, be sure that they are well smoked and thoroughly dried out. Powder each piece oughly dried out. Whenever Seen on Streets. SALEM, Or., March 4.-Acting under the orders of Chief of Police Hamilton, the local patrolmen are placing behind the bars every man who appears on Sajem streets in an intoxicated condition, and since the Chief inaugurated the new method Salem is nearly free from that class of the streets.

Although Former Chief of Police D. W. Gibson quelled any attempt on the part of those so disposed to raise a "rough house," he was unable to keep the drunks off the streets, for the rea-

son that his number of assistants was limited. The present Chief has taken up the matter of driving from the city sending to jail the chronic drunks, and with an increased police force is making a cleanup.

there will of necessity be a meeting of the fruit growers in this section some time soon, for organization and conference and at this time we rise to ask why not in this city?

The Willamette Valley is a large section of country and embraces a large part of the population in this part of the world. Within its bounds are many people and an opportunity to raise a very large percentage of the farm, garden and orchard products of the State. As Oregon City is a cen

tral point there is every reason why the people of this city should get busy and try to get the convention for organization and then make a desperate fight to retain the center of the stage in this particular instance.

This convention will be held soon in an effort to line up the whole fruit and produce business of this section of the State, hence it is none too early to get busy and get the initial convention here; and that will put us in right for future gatherings and may

enable us to step up to the head and become a leading factor in the raising and marketing of the products of this the richest spot in the whole Northwest country.
