It Wouldn't Pay to Advertise

A Poor Article

Nor a proposition of doubtful merit or honesty—for ad-readers, nowadays, are DISCRIMINATING. They know values—they know GENUINE things, genuine opportunities.

Any article which can be sold by advertising is, by that test, a GOOD article. YOU are safe in buying a thing which has "stood the fire of publicity."

The maker of a widely advertised article, or commodity, is always on trial for his business life. He cannot shirk, nor cheapen his product—and this is the best possible protection for the consumer.

You are SAFE in buying advertised things—it's the logic of nowadays business conditions.
