**MARRIAGE SOLEMNIZED AT ST. PAUL'S CHURCH**

A very pretty, quiet wedding was solemnized in this city Thursday at high noon at St. Paul's Episcopal church, the contracting parties being Miss Wilhelmina Louise Rakel, youngest daughter of Mrs. Dorothy and the late Frederick Rakel, of Canemah, and Samuel Stevens, of Canemah. Rev. Charles Robinson, rector, officiating. Preceding the marriage ceremony Mrs. R. C. Ganong sang impressively "I Love You Truly," and as the bride party entered the church Miss Veda Williams, presiding at the organ, rendered Lohengren's Wedding March. The bridesmaid, Miss Adah Frost, attired in pongee silk, and carrying a bouquet of pink carnations, accompanied by the best man, W. R. Stokes, preceded the bride and groom and took their places at the chancel rail, where by the impressive ring ceremony Miss Rakel became the wife of Mr. Stevens. The bride was very pretty in her Empire gown of white crepe de chine over white silk with silver fringe trimmings, and carrying an arm bouquet of white carnations. Her long and graceful tulle veil held in place by a circlet of brilliants. Only a few intimate friends of the contracting parties attended the ceremony. After the ceremony a reception was held at the home of the bride's mother, only relatives being present.

Many of her friends attended and presented her with a set of table linen, and many other useful linen articles. The affair was in charge of Mrs. Charles Spencer, and the guests gathered at her home and went in a body to the Rakel home, where the evening was pleasantly spent in vocal and

instrumental music and dancing until a late hour. Refreshments were served during the evening.

One of the features of the evening was the serenade given to the bride and groom-to-be by the Canemah quartet, which is composed of Arch and Gilbert Long, Louis Smith and Oliver Frost. These young men were invited to participate in the festivities.

The Electric Railway from Canby to Molalla and other points, is the subject of all talk on the streets here. All that has been done on the part of the promoters here and capitalists at Seattle is kept so quiet that the public does not really know much in regard to this enterprise. But it is known that Mr. Gorham, of the Canby Canal Co., is now in Seattle, and it is conjectured that his mission there is to rush the project through with the greatest possible haste. The surveyors are busily occupied making maps, etc., the survey work in the field having been completed. We also learn that the people through whose land the road is to pass are willingly giving the right of way through their farms. No capital coming from Seattle financiers. More of the details will doubtless come up this evening at a meeting of the new Booster Club, known as the "Chamber of Commerce of Canby."

The roof of the Floor Tile Factory of F. D. Lehman, which is run by the water power on the old Heneman place, caught fire Wednesday noon, and were it not for the prompt assistance of passers by, and Mr. Lehman, Mr. Hillier and Mrs. Rose, it would have soon burned to the ground. Samuel Riley, our efficient carrier on Route 1, is thinking of resigning if he can dispose of his place. He is offering his home place for sale at a low figure. This will necessitate an other examination being held in Oregon City. Whoever stands the highest will get the job.

L. J. Bennett has bought a lot, and is playing the role of a bachelor in earnest up on the high ground overlooking Quincy Addition. Some are unkind enough to imagine that he has other things in view, and does not intend to live all alone. Subsequent developments will tell the tale.

**STAFFORD**

The weather continues so bright and sunny that quite a little early garden which will stand the expected cool nights and rainy days of April is being put into the ground.

The Delkar brothers, who talked of cultivating a couple of Mr. Gage's fields, gave it up, as they concluded they could make more hauling clay for the Tualatin Company at \$5 for a ten hour day, as they were promised an all summer job.

A man from Sherman County came to look at 40 acres Mr. Gage had to sell, and seemed very favorably impressed with the location and the price.

Mr. Richtie, who bought the Moser place, says he has an incubator to sell cheap, as he only got 94 chickens from 200 eggs. It is the opinion of your correspondent that one has to thoroughly learn the trade before one can make a success of any kind of an incubator. He says he has 20 hens doing fine, and shall stick to the old fashioned process.

Cats have been growing fat upon the chickens belonging to Mr. Gage and Mrs. Nussbaum. Mrs. Nussbaum caught one in the act and gave it a piece of poisoned beef, which speedily departed it to other happy hunting grounds.

The Stafford boys are quite jubilant over having beaten the Willamette boys on their own ground 10 to 8, which was rather remarkable, as it is always conceded that roosters can fight better in their own barn yard.

Mr. and Mrs. Powell returned from their trip to Grants Pass on last Friday, much benefitted in health. He thinks he wouldn't trade his place for anything he saw below Cottage Grove.

It is hoped for the good name of Stafford and the future well being of certain boys who are trying to act the hoodlum, but do not know how to carry the idea out, that none of the school board will do its duty and suppress all such demonstrations as the law abiding element was subjected to on last Sunday evening during services at the school house. There is a law which deals with the disturbers of any public meetings, and in such a case as this it should be invoked. We are certain that none of our boys are vicious, but if allowed our boys are they may drift into something they do not now contemplate, and it is time now for them to be manly enough to call a halt themselves, before being brought up with a round turn, which they may not relish any more than we relish being disturbed when trying to listen. Now, if you are vicious, put on your boots, and "We don't care," for really you do care, and be manly enough to acknowledge it by keeping quiet or staying at home out of the way of temptation.

**PLEASE NOTICE**

To introduce The Morning Enterprise into the homes in Oregon City and Clackamas county the management has decided to make a special price for the daily issue, for a short time only, where the subscriber pays by carrier, paid a year in advance, \$3.00.

By mail, paid a year in advance, \$2.00.

People who gave our canvasser a trial subscription for one or more months, at ten cents a week, can have the daily delivered for a year for \$3.00 by paying a year in advance.

People who gave our canvasser a trial subscription, by mail, for four months at a dollar, may have the paper for a year for \$2.00, if paid a year in advance.

Subscribers to The Weekly Enterprise may change their subscriptions to the daily, receiving credit for half time on the daily that the weekly is paid in advance. When they choose to add cash to the advance payment equal to a full year's advance payment they may take advantage of the \$2 rate.

We make this special price so that people who have paid in advance on some other daily and wish to take The Morning Enterprise, may do so without too great expense.
