SHALL P. O. EMPLOYES REST!

The postoffice employes are planning to have blank pledges distributed of you as to your needs for your mail on Sunday. And if you feel interested you may agree by signing this pledge to assist in securing a day of rest for the postal clerk. What think you?

This effort to have the postoffice closed on Sunday is not being put on that high moral plane of the extreme wickedness of working on the Sabbath The postal employes are confining HOME RULE ACTION themselves more to the expediency. for you to feel that It is a great crime for a man to work on Sunday before you sign; but if you feel that you can get on without your mail for that day, and that you wish as yourself, then they will be glad to have you sign for in the large number of signatures is to be found the success of the movement.

It is naturally to be expected that people who object on high moral grounds to a man working on Sunday will sign, but in this case you do not do not want to-this is a case where a general proposition people are willing these faithful employes should

STONE ENCOUNTERED BY THE DRILLS IS GETTING SOFTER ALL THE TIME.

STONE Or April 8 -- (Special.) There is litle new to report from the fact that changes in and about the well are taking part of the time and the drilling is not going ahead as fast as it otherwise would.

The character of the stone through which the drill is passing is changing slowly. Today the stone formation is softer than for several days, and it is of a chocolate-like nature-soft and crumbly. The drillers and the public that visits the well daily is studying the pature of the drillings brought up. and the people of the neighborhood are studying more geology than ever before in their lives.

The people here are much interested in the well, whether or not they have stock in the enterprise. PEOPLE ASKED TO SIGN PERSON-AL OPINION CARD AS TO THIS GREAT QUESTION.

Several hundreds of cards, embracing an expression of opinion favoring Sanday closing of the postoffice, will be distributed in the churches the city ove today. Each man or woman who receives one is asked to sign and place in the receptacle provided to receive It is the intention to gather and count them with a riew to deter-mining what percentage of the people of the city do favor Sunday closing.

There will be few people inconvenenced by the closing of the local office. Very little correspondence is so urgent that it cannot wait until Monday for answer, in fact, with the office open there is a large percentage of it. that does wait, and certainly the fact that the office is to be closed will not make the answering of this any more

With much mall never lifted, and with much that is lifted tossed into a desk to await Monday, it is not easy in the churches today to make inquiry to see where there is any great necessity for the opening of the local office And if it is not imperative we are cer tain that very few people would wish to have the carriers kept at work just for the purpose of knowing that their mail was distributed and that in a pinch they could get it two or three minutes sooner on Monday because of

BY LOCAL LODGE.

The Oregon City Elks Lodge, one of the strongest and most aggressive organizations in the city, has purchased the W. P. Hawley property on Main street between Tenth and Eleventh streets, the property lying almost opposite the Congregational church. It was formerly the Chas. Albright property and was acquired by Mr. Hawley four-years ago and is now occupied by George Pussy.

There are three lots and a house and the lots front on Main street and also on the Willamette River. The Elks made the purchase with a view to erecting a handsome and commodious lodge home some time in the future, and the site will be an ideal one for that purpose. At the point where the lots border the river it is an ideal spot for a wharf, for the landing of boats, and in case the lodge erects handsome quarters it will be available.

Florence Roberts. Theodore Roberts Florence Roberts, Theodore Roberts and Thurlow Bergen supported by the Baker Company for their third week opening next Monday evening in "Sham," a great modern comedy of society life, in which there are great acting parts, not only for the three Stars who have created such a genuine sensation but also for the others of the company. "Sham" was written especially for Miss Roberts by Geraldine Bonner, author of "Sauce for the ine Bonner, author of "Sauce for the Goose," now running in New York with Grace George in the title role, ad it differs from the two first bills offered by the Star-trio in being of bright comedy style, full of bubbling aughter, rapid action and clever, origi nal character studies. Miss Roberts appears as Katherine von Reiper, a frivilous society woman, and to those who have become so accustomed to seeing this spiendid artist in powerful emotional roles only, a revelation is forthcoming for she is every bit as clever and winning in comedy, in fact prefers it to the other. Theodore Roberts, who has been sort of lionized by patrons of the Baker for his truly wonderful character work, will play Jeremiah (Old) Buck, another strong forceful creation, and Mr. Bergen will appear in the role he created in the original production of the play. Tom Jaffray, a young mining engineer from the West. So great has been the impression made by these three notable people there is hardly a regular the ater goer who will miss seeing them for a single week during their stay in this city, and "Sham" will offer many attractive features unlike any in all the other bills to be presented. It will be followed by a splendid producwill be followed by a splendid produc-tion of Shakespeare's famous drama.
