Easter was a grand day in the Oregon City churches. In nearly every instance the audience rooms were crowded to overflowing, and in several both morning and evening. Easter music and Easter programs were the order of the day and there was much effort put forth to make the occasion a memorable one to those who attended. Perhaps there was never an Easter before in which a larger percentage ship—and it is firmly believed that the citizenship of the city is better for

American Wives' **Incompetency Drives** Husbands to Drink

Mrs. ANNIE NATHAN MEYER, Founder of Barnard College. E HEAR A GREAT DEAL ABOUT POOR, DESERTED WIVES ABANDONED BY DRUNKEN HUSBANDS. I BELIEVE THAT MANY AMERICAN MEN ARE DRIVEN TO DRINK BY THE FACT THAT THEIR STOMACHS ARE STARV. ING. AND THE POOR CREATURES THEY MARRIED ARE STARVING ALSO BECAUSE THEY DON'T EVEN KNOW ENOUGH TO FEED THEMSELVES.

There is a great deal said about motherhood. Of course we must be mothers, but WHY DON'T AMERICAN WOMEN BEGIN BY LEARNING TO BE WIVES! In everything relating to the home we are INCOMPETENT CHILDREN compared with the

women of France and Germany. There's a great deal of rot talked about DESERTED WIVES. I've a sneaking suspicion that a man doesn't desert a home worth living in or a wife who knows her business.

KELLOGG FINE TROPHY

R. A. JAMES, OF CHARLESTON. ILL, PRODUCES THE EAR DE-CLARED BEST.

R A James, of Charleston, Ill., has the proud distinction of having grown the best ear of corn in all the 3,125. 712.600 bushels of last year's bumped erop. At the National Corn Show just beid at Columbus, Ohio, this gentle-man was awarded the W. K. Kellogg National Corn Trophy, donated in 1909 by W. K. Kellogg, president of the Kellogg Tousted Corn Flake Co., of

Buttle Creek, Mich. Thousands of ears of corn from all parts of the country and of all varicties were entered in the competition The selection of the grand champio at dinner on Easter Sunday at their sweepstakes and the award of the Kelhome, covers being laid for 12. type of yellow dent corn.

Mr. James, the winner, is a vigorous farmer about 40 years of age and of pleasing personality, a man who has given careful study to corn culture, and who has achieved his success as a grand champion winner only by years of hard work and painstaking seed selection and careful breeding from sensent to meason.

Illinois growers are especially clated over the result for the reason that this is the first time in four years that the honors have been wrested, from the State of Indiana. Last year's champion ear, the first winner of the Kellogg trophy, was grown by Fred C. Palin of Newton, Ind. It was also of Reid's Yellow Dent variety, crossed with Alexander Gold Standard. Last year's price winner is the most per-fectly formed ear of the two, though it requires a careful judge to distin-

It stands 30 inches in height. Mr. Kellogg's interest in corn growing can be understood when it is stated that the Kellogg Tonsted Corn Flake Co., of which he is president, has an output requiring 18,600 bushels of corn a day, raw product, for its manufacture. A peculiar feature is that while the Kellogg product is mrde exclusive by from nelected white corn, the Kellogg trouby has been won each time logg trophy has been won each time by a yellow corn exhibit. The trophy is offered for annual competition until won twice by the same grower.

The National Corn Show at which the award was made, was an event of tremendous magnitude. At one of the sessions President Taft was present and delivered an address.
