DAILY PAPER DOING ITS PART.

The trend of public sentiment in Oregon City seems to be on the up grade. The attendance at the Brotherhood meetings in the city—and these Brotherhood organizations are multiplying—is increasing and the interest seems on the gain. Churches seem to be making headway in the increasing numbers of those who attend and the Sunday schools and kindred organizations are gathering in many who until recently took little interest in the work that now is having a fascination for them.

what the neighbor may do, either right or wrong, have no fight with the paper that is standing for the right; for right does not injure them, and well they know it; on the other hand the man who is careless of the rights of others may soon want to take from them, and a paper standing for what is just may be the very "arm of right" on which they will wish to lean.

Battleship Texas Sacrificed To Naval Science by Shells

Copyright by American Press Association.

AFTER two days of bombardment in which forty-two broadsides were fired the old battleship Texas, which had been named the San Marcos after the Texas had done her duty, gave up in Chesapeake bay and was left with a solitary light burning at her masthead. Of the eleven guns and the same number of chickens on the old fighter before the spotting began one was killed by the concussion of the bursting shells. The ship that stood the brunt of the fight at Santiago in the Spanish-American war was sacrificed to naval science. The object of the experimental firing was not to hit the vessel at every salvo, but to give spotters practice in determining the fall of projectiles and in moving the mean point of impact from one point to another with regard to the target, correcting each salvo by the one that had gone before.

The following were present: Mr. and Mrs. George Fox, Mr. and Mrs. Henry Fox, Reginald Fox, Raymond Fox, Hilma Fox, Mr. and Mrs. A. B. Lamont and two children, Claribel and Roderick, Miss Kathryn Whitcomb, Morton Wemett, all of Portland. Two of Mrs. Fox's great grandchildren were present, Claribel and Roderick Lamont.

FIRST MOHAIR POOL IN COUNTY WINS OUT

THOSE WHO JOINED RECEIVED THE OUTSIDE PRICE FOR THEIR PRODUCTS.

The first successful Mohair pool ever negotiated in Clackamas county has been carried out by the Oregon Commission Co., of this city. The company obtained during the last week 850 pounds of fine Mohair and sold it Wednesday to a Portland concern at the top notch price of 25 cents. This is the same figure that the 50,000 pound pool at Dallas brought a few weeks ago, and shows what can be done by local co-operation with the commission company.

LATEST MARKETS

Oregon City Markets. The market reports from the East tell of a falling off in prices on general provisions which, naturally, mean the falling off on local production and on food stuffs generally. If there is any falling off in the local market it is in sympathy with the general reduction quoted in the East, and in certain commodities even this fact has not tended to any reduction.
