DEMOCRATS AND INSURGENTS TO JOIN

Plenty of Rope to Be Given on Every
Topic But Tariff—Bosses
Pulling the
Strings.

WASHINGTON, April 24.—(Special)—Those old stand-patters, the tools of the corporations and grabbers of every sort, are planning to set their teeth hard and hold to all they have gotten by all kinds of plotting in the past, and to that end the tools of the robber barons in the Senate of the United States are planning to fight to the last ditch. There shall be no tampering with the tariff, they say, and the fact that half the party went overboard in the last campaign because of stand-pat tactics teaches them naught—they must obey the crack of the whip and it is held by the bosses.

The schedule of these stand-patters in the Senate is to give members free rein in talking on everything but the tariff, then if the Senators on the other side are smart enough to plan to take the tariff "up, in face of their opposition, they will so amend and patch it together that it will appear ridiculous and in that way they hope to defeat it.

The whole plan is to block tariff legislation first of all, then if they can head off anything else all well and good but first of all there must be a stop put to any tampering with the tariff. There is only one thing to fear—that Democrats and Insurgents may join hands, and then defeat them.

Judge Wolverton's decision in the famous Southern Pacific land grant suit, if sustained by higher courts, means that 2,370,000 acres of valuable timber and agricultural land will some day be thrown open to entry.

Of the demurrer of the Southern Pacific Company to the Government's complaint, Judge Wolverton decided all points in the Government's favor, overruling the demurrer and placing the allegations of the complaint in issue.

SINGLE TAXERS QUARREL.

PORTLAND, Or., April 24.—(Special)—The Single Taxers of Oregon had a stormy meeting in this city Saturday night and certain followers of Henry George, who accuse W. S. U'Ren of attempting too much, raised a storm of protest in the meeting. Certain leaders would not say much when questioned, others indicated that there was a split and that it was not likely to be healed. The split seems to have been over county or State-wide methods, with the loud protestors the losers.

BAD FAILURE SHOWN.

CHICAGO, Ill., April 24.—(Special)—Creditors of John Alexander Dowie were today paid 2.8 per cent dividend, making a total of 12.8 in all, a loss so great that it can be scarce deemed a Christian loss. His followers lose over four millions.

Dear Public Read:
John Wanamaker, the world's most successful merchant, says that if you have a good thing and don't let the public know it you might as well do business on a desert island.

That's why we advertise, because we positively know that we carry the most representative LINES OF MEN'S YOUNG MEN'S wearing apparel in this vicinity. It's not a case of how cheap but how good.

Thirteen years of successful merchandising here will bear us out in our statements. Let us prove it.

CLACKAMAS BRIDGE CLOSED TO PUBLIC

HOPE TO HAVE IT OPEN BY WEDNESDAY—MUST PRACTICALLY REBUILD IT.

The Clackamas River bridge near Gladstone was closed to the public Monday morning and a force of workmen put to work pulling it to pieces so that the rotten and defective timbers might be taken out. The workmen found the bridge in bad shape, rottenness in the timbers requiring that 3 new needle beams be put in and 72 new stringers. This embraces a large share of the woodwork of the bridge and will mean that the structure will be practically new when the repairs are completed.

The east approach to the bridge is also in bad repair and will need to be replaced. But at that it is the purpose of Road Master Jagger to have the bridge opened to the public again by Tuesday evening, with the hope that the rest of the repairs can be carried on with the bridge open to the passage of teams. The plan is to close it for an hour and then let all at hand pass and then close and work for another hour. In this way the public will not be greatly inconvenienced and it will take but little more time to make the repairs.

It is really a wonder that the big engine that attempted to pass over the structure did no more serious damage than was done; it is really a wonder the engine did not go through into the river below. When the repairs are made the bridge will be as strong as ever in its history but at that it is a light structure and it is a mistake to overload it.

ETHEL IS WILLING IF YOU MEAN BUSINESS

LETTER FOUND IN BAG SHIPMENT
TELLS ITS OWN STORY
TO YOU.

Somebody wants a hubby.
Somebody wants a dear.
Somebody wants a darling.
She's anxious, ain't that queer?

Bigger & Son have just received a bunch of paper sacks from the East, made in one of the paper mills in the Empire State. And in these mills—in the bag departments, at least—quite a number of women are employed. Among the bags received by Bigger & Son was one that had written on it a clever note from some young woman working in the mill at Hudson Falls, who seems anxious to strike up a correspondence with some worthy young man who has the right matrimonial intentions. Following is the clever note:

Dear Friend:
Just a line to let you know I am well. I have got dark hair, dark eyes, well. I am looking for a nice young fellow. I am eighteen years of age.

MISS ETHEL VARNUM,
Hudson Falls, N. Y.
Care Union Bag Factory.

Matrimonially inclined young men might write and send their pictures and ask for an exchange of letters and the exact picture. Miss Ethel may be the exact mate of some Clackamas county swain, in which case—if she is good—there's a life of bliss and prosperity ahead of you. It won't cost you but two cents to write, and that's simply nothing in comparison to what a good wife is worth.

PUBLIC DRINKING CUPS

Will Be Laid Away September 1, By Order of State Board of Health.

Public drinking cups will be banished from the State September 1. The State Board of Health has issued this order and it applies to public houses, trains, railroad stations and all public places. The ruling of the board is now in the hands of the State printer and will be promulgated within a few days.

Dr. Calvin S. White, State health officer, has proof that the public drinking cup is the fly in a spreader of disease. Pneumonia, tuberculosis, measles, scarlet fever and typhoid are

STATE-WIDE EFFORT NOT TO BE ATTEMPTED

TAXATION REFORMS TO BE AIDED
BY COUNTIES ONLY AT
THIS TIME.

W. S. U'Ren was in Portland Saturday evening in attendance on the meeting of Single Taxers from over the State, met there in conference as to political moves to be made over the State this year. It was decided, after due consideration, that there will be no State-wide effort to make Single Tax an issue this year, but that what will be attempted is to be attempted by counties.

The consensus of opinion was that many times what was desired in the way of reform could be secured more easily in a small way than in a large. A matter of taxation may interest Clackamas county this year and not Multnomah. It will win in Clackamas and can then be put into practice there and later, Multnomah seeing the good that comes, will want to take it up also. But to try to cover both fields at once would mean defeat at the outset, and because of that one would never be given opportunity to lose in that manner and so are planning to proceed more judiciously.

POPCORN KINGS WIN.

Price Bros. Team Loses First Game So Far This Season.

The game of ball Sunday between the Price Bros. team and the Popcorn Kings, of Portland, was a hot fight up to the seventh inning with both teams tied with two scores each when the Kings made a rally and put one over on the boys adding the score at 6 to 4. This is the first game that the home team has lost this season.

Sunday there will be a game at Canemah Park will be a game at Canemah Park the Portland White Sox. This is one of the best amateur bunches in the Rose City and there is not likely to be any loosing time from the moment the game is called. Game begins at 2:30.

STATE MAY BE QUARANTINED.

SALEM, Or., April 24.—(Special).—Gov. West has been appealed to to quarantine the cattle of Klamath and Lake counties unless they undergo rigid examination and secure certificate of freedom from scabies, and unless something is done the National department may quarantine the whole State.

CASE OF CARL KLOTZ SHOWS PERPLEXITIES

CAP O'DONNELL, IN CIRCUIT
COURT, MAY NOT GET OFF
SO EASILY.

The case of Carl Klotz, charged with robbing O. S. Sarver while he was asleep in a room at the Willamette hotel, about the middle of March, and brought here from Hood River last week to stand trial, was called in the Circuit Court Monday. Cap O'Donnell was with Klotz at the time of the robbery and confessed to being a participant in both the robbery and the division of the spoils.

The evidence given by O'Donnell as States' witness was very damaging to Klotz, when he determined to make a full breast of the matter. His story agreed with part of O'Donnell's, but did not make him out so black as O'Donnell's; at that they were vexatiously conflicting. That he might get the whole truth, Judge Campbell ordered that both men be placed in their cells to await his further consideration of the matter.

O'Donnell was playing the part of the penitent in the matter. Those who claim to know say that he was vexed at the time because, as he said, Klotz didn't give him a square deal, but kept more than half the money. O'Donnell says Klotz divided on the basis of getting \$25, and tried to shake him without giving him his half of that; Sarver says he was robbed of \$72 instead of \$25, and O'Donnell seems to think that he was deceived to the tune of the difference by Klotz.

Sarver lives at Estacada and when he was in the city in March became very much intoxicated, thus tempting these men to the crime of which they are now accused. He lost considerable money on this little spree and got into no end of trouble.

No Literary at Twilight.

There will be no literary entertainment at twilight on the coming Saturday the weekly entertainment being put over on account of the plays to be presented on the evening of May 6. The young people of the neighborhood have their hands full in getting ready for the May 6 entertainment and because of this it was deemed best to not put too much work on them and this was the only method that seemed to offer a solution of the whole matter.

THEO. ROOSEVELT HONORS CITIZENS

WISHES TO MEET AND TALK
WITH W. S. U'Ren and W.
L. FINLEY.

"FATHER OF THE OREGON SYSTEM"

And the Man Who Has Won Name
and Fame Through Investigat-
ing and Writing on
Birds.

It is no little honor to Clackamas county to have two residents so distinguished that they were named out of all the people of Oregon by Ex-President Theodore Roosevelt as the men whom he most desired to meet during his recent visit to this State.

Yet this is just what has happened, according to Governor Oswald West, who talked to the students of the Oregon City high school Friday morning. The Governor commented upon the fact that the only two men in the whole State that Colonel Roosevelt wanted to talk to were W. S. U'Ren, father of the Oregon System, and W. L. Finley, who has achieved national

fame through his investigations and writings on birds.

"It is nothing short of remarkable," said the Governor in his address at the high school, "that Colonel Roosevelt should express a preference to meet two such men. However, Roosevelt is always doing remarkable things. Both Mr. U'Ren and Mr. Finley are men who go through the world quietly, without ostentation, doing good and working steadily with a fixed purpose. They do not advertise with a blare of trumpets, but the work they have accomplished speaks for them.

"The incident demonstrates clearly that there is something to this world besides money. These two men are what may be termed our humble citizens, yet they have attracted the attention of Roosevelt to the degree that he sought them out. Clackamas county should be proud of it. You boys and girls ought to be glad that these men are living among you, and their example in working for the good of their fellows, with no thought of remuneration, is well worthy of emulation."

FRENCH CALLED FIGHT.

Morocco Is Unsettled Condition and Troops Are Hurrying Forward.

PARIS, April 24.—The French government is preparing for every eventuality in Morocco.

Another column is being rapidly organized and will follow the first. The government is sending about 10,000 reinforcements to Casa Blanca. These troops are composed of several regiments from France and 1500 Senegalese.

WAS TRIMMED NEATLY.

Man Who Did It Let Off Lightly, Because of Provocation.

The State of Oregon vs. George Boyer, assault and battery, is the style of a case tried in Justice Samson's court Monday. R. L. McFarland was the man who made the charge, and he claimed that Boyer did beat Billy Shafer, of Colton, without cause.

When the case came to trial the evidence showed that Shafer went to the stable of Boyer and called him names and did many disagreeable things and that finally Boyer was angered and did proceed to give Shafer a fairly good dressing down. Shafer having provoked the peace Justice Samson let the man who trimmed him off easily, fining him but \$5, which he paid.
