TWO JUDGES SPEAK AT THE M.E. BANQUET

THREESCORE HEARTY MEN DO JUSTICE TO A BOUNTIFUL SPREAD.

The Brotherhood of the M. E. church held a most interesting ban quet in the church parlors Tuesday evening. The ladies had prepared a most enjoyable spread for the occa sion, to which a company of three score hungry, healthy men did most marked justice. During the banquet Miss Kathleen Harrison rendered several piano numbers that were greatly appreciated. Bert Blossom performed slight of hand tricks to aid in digestion and the Minnehaha quartet-as the boys call it-sang several selec Best of Care Given All Animals or tions intended to increase the good

fellowship. Judge J. U. Campbell and Judge G. B. Dimick were the advertised speakers for the occasion. They both talked along thel fne of better living. and gave two interesting and instructive addresses. Both were well re-ceived and the addresses called forth no little praise. One man remarked: "Young men of town who miss two such addresses are missing much."

Other speakers who were called for on the spur of the moment were Messrs. C. A. Miller, R. H. Harrison and Ralph Miller. It was pronounced one of the best meetings the Brother-hood has ever held.

Monday evening, May 1, the regular business meeting of the organization will be held at the same place. At that time there will be the election of officers and considerable other busi-ness of importance will be up for con-sideration. A full attendance of members is desired.

RAISIN DAY.

April 29, 1911. The above date has been set apart by the people of California in which all are asked to join by eating raisins in the form of "Raisin Bread," or in what ever form is desired.

The object of this special day is to create a wide-spread raisin sentiment that will result in a greater demand for that fruit, and to direct the attention to all good housewives to the excellence of the raisin as an article of food.

The good people of the Northwest are invited by their neighbors to participate in the pleasant custom and "break" raisin bread on April 29.

It may be news to you that a cup and saucer made of the same material, and finished in the same way, may have two grades-firsts and seconds. This is caused in the making firing and handling of the cup and saucer. The cups and saucers that come out of the process best are "firsts" and the next are "seconds." It is the same with glassware. Most stores carry "seconds" only. We carry both.
