

# MORNING ENTERPRISE

VOL. 1—No. 95

OREGON CITY, OREGON, FRIDAY, APRIL 28, 1911.

PER WEEK, 10 CENTS

## TWO STATES TAKEN MEXICAN BANDITS

NO QUARTER SHOWN TO OFFICIALS WHO KEPT TRUE WITH DIAZ.

## BARBAROUS TREATMENT TO REGULARS

American Citizens Fare Little Better Than the Regular Mexican Soldiers and Diaz Officials.

MEXICO CITY, April 27.—(Special.)—Word has been received of the massacre of men true to Diaz in the States of Guerrero and Morelos, because they did stay true. The governors of these two States have fled their posts and their friends and families have been killed, before the bandits killing the officials in the presence of his wife and family who were trying to save him. These two States, with the exception of the town of Iguala, have been taken by the rebels and have been practically looted. The government is trying to save the garrison and citizens of this town and is making an effort to throw soldiers in for its defense.

American have been killed and their property confiscated by these rebels which the Insurgents refuse to recognize as their friends and co-workers. An American engineer refused to take a train load to Iguala for any money, the regulars are having a hard time in getting reinforcements to those yet holding the city.

## PRESIDENT TAFT SPEAKS.

NEW YORK, April 27.—(Special.)—President Taft spoke at a banquet of newspaper men tonight, using as his text the reciprocity treaty between the United States and Canada. He advocated the free trade in many things, but the mutual good of the two countries, and among them is lumber to the point that it has been planned and is thus treated as manufactured product.

## SENATOR FRYE RESIGNS.

WASHINGTON, April 27.—(Special.)—Senator Frye, of Maine, who has been the president pro tem of the Senate for many years, resigned today giving ill health as the cause for his action.

## DEMOCRATS WON'T AID.

WASHINGTON, April 27.—(Special.)—It is asserted that the Democrats will not aid the Republican insurgents in their fight against the regulars on the ground that the Republican majority is entitled to what it can hold in its fight with the progressives. This was the decision of the Democratic caucus, it is said.

## BEAVERS WIN GAME.

PORTLAND, Or., April 27.—(Special.)—The Beavers won the game from the Sacramento in a score of 3 to 0. The excellent pitching of Tom Seaton and the sensational fielding of Roger Peckinpaugh are two of the factors that entered into the game.

## WEATHER FORECAST.

Oregon City and Portland—Fair, westerly winds.  
Oregon—Fair, westerly winds.

## "SPEEDING"

We are "rushing" the season a little perhaps, but we're noted for always being ahead.

Our Straw Lids for Summer arrest your attention. Shower proof, neat and classy novelties are here in full bloom.

\$2.00 to \$4.00.

## PRETTY BOULEVARD THRU GLADSTONE

RAILWAY PEOPLE ARE URGED TO  
WORK IN HARMONY WITH  
GLADSTONE COUNCIL.

30 FT. EITHER SIDE OF RAILWAY

Chance for One of the Handsomest  
Streets Between Portland and  
San Francisco—Railway  
Willing.

With the incorporation of Gladstone came new conditions in street building. And one of the conditions that faced the new village was the building of streets in connection with the line of the O. W. P. Ry. running through the village. The roadbed of the railway was too high to fit into correct street building according to the City Fathers of the village, and a move was at once set on foot to get the company to make new plans for the tracks running through Gladstone.

According to the Gladstone people the O. W. P. right-of-way runs between two 30-foot streets, and parallel to these streets—that is, it should run in this manner. And it is the desire of the Gladstonians that these two streets be put into shape and the railway right-of-way kept in shape so as to form a handsome boulevard. But the charge is made that for some reason—presumably the carelessness of certain of the railway repair men and builders—this railway right-of-way has been crowded over and permitted to be built on the side of the railway's property or to one side of it and on the street property. This does not suit the Gladstone people for the reason that it spoils the prospects for a boulevard, and it is claimed it cannot save the company to any considerable extent.

As part of the company's plans—whatever they may be—we see the company attempting to build a fence on the property of Miss Eva Moulton, on the outskirts of the village. Miss Moulton says she has no objection to the company taking nine feet of her property for right-of-way, if they need it, but she has objection to the company erecting an ugly fence on her property, and if she can she intends to stop it. She says the proposed fence will encroach on her property and she won't stand for a fence encroachment.

In speaking of the matter Gladstone officials declare that the railway is not now on the old right-of-way, but that it has been shifted within the past few years. But at that they say with the matter has been taken up with the railway officials and that they have agreed to work with the village in getting the line where it belongs in the center of the two half streets with a view to making a handsome boulevard through the village. And the company has agreed to put the railway on a level with the street and not eight or ten inches in the air, making it unsightly and inconvenient.

The Gladstone officials wish to get on with the O. W. P. officials without friction, if possible, and to that end effort is to be made to meet the company half way. It is necessary that both the railway people and the city officials work together if the village is to be beautified, and naturally it is to the interest of both parties to have the village made as neat as possible.

It is claimed that there is an opportunity for a handsome boulevard if the railway people will do their part towards making it beautiful. The road runs through a handsome country and when properly constructed a railway does not mar the beauty of the surroundings. Gladstone officials, since talking with the railway people, feel confident that the needed improvements will be made.

## INJUNCTION GRANTED IN TRESPASS CASE

MISS MOULTON SAYS RAILWAY  
PEOPLE MAY USE LAND BUT  
NOT BUILD FENCE.

Charging that the Portland Railway, Light & Power Co. is attempting to fence in her land at Gladstone, Miss Eva L. Moulton Thursday filed a suit against the company to restrain it from trespassing upon her property, and obtained a temporary injunction from Circuit Judge Campbell. Miss Moulton is the owner of fractional block "B" adjoining the company's right-of-way and says the company threatens to dig holes and plant posts, with the object of building a fence on her property. The north line of fractional block "B" is the south line of a street at Gladstone. The company's right-of-way extends nine feet on the property, and when Miss Moulton constructed a residence there she obtained permission to remove the fence. "I have no especial objection to the company using nine feet of my block for a right-of-way," said Miss Moulton Thursday afternoon, "but I do object to placing a 1-foot wire fence in front of my property."

## COUNCIL MEETS!! SPECIAL SESSION

LOWER TWELFTH STREET OR-  
DERED IMPROVED AND ORDI-  
NANCE WILL BE PRINTED.

## SEWER TO TAKE WATER FROM CANYON

New Sewer Down South End Road  
Will Cost \$10,000, and Benefit  
Seventy-Two Lots in  
District.

Council met in special session Thursday evening with Mayor Brownell present, Recorder Stipp and Councilmen Burke, Andresen, Holman, Roske and Michaels in attendance.

An ordinance was passed providing for the improvement of Lower Twelfth street; also for the creating of a sewer district on Ninth and Taylor streets, to be called district No. 6.

City Engineer Nobel made report regarding the water coming down the canyon from Kansas City and running on Washington street. He advised building of a cement sewer or culvert across the canyon and on down to the Abernethy, at a cost of \$10,000. This could be taken down on the west side of John Adams street for a distance of 400 feet. A temporary makeshift would cost \$200 was the report. Council ordered the City Engineer to see property holders relative to their paying a part, those being benefited to pay.

Mayor Brownell had been asked by Commander Bill, of the G. A. R., relative to an appropriation from Council for Decoration Day expenses. Little discussion had but no definite action taken.

Mayor Brownell reported that two merchants on the hill had made complaint as to boys still riding on the sidewalks with wheels, etc. Mr. Holman thought the boys were doing pretty well in obeying ordinance; others thought the complaint was not quite fair, as boys seemed to be doing best they could.

Complaint made that some boys had cut down the notices as to riding.

Mr. Andresen moved that the street committee and City Engineer be given power to adjust the question of sidewalk on Madison street at Sixth street corner, making necessary connections, etc. Granted.

Manager of the Pacific Telephone Co. said he had been ordered to move certain poles. Wished Council would well in obeying ordinance; others thought the complaint was not quite fair, as boys seemed to be doing best they could.

Complaint made that some boys had cut down the notices as to riding.

Mr. Andresen asked that the Street Commissioner Molalla avenue and Duane street and tax up cost to property owners. It was found that due notice had been given property holders and the work was ordered proceeded with, Council wishing that the work be done in time for Decoration Day.

Mr. Howell asked as to the sewer on Washington and Ninth, which he said was too near the top of the ground. Was informed that it was to be lowered as the street was finished. Referred to the street committee and

Glover Case Dismissed.

The case of the State of Oregon vs. J. C. Glover, on appeal from the Justice Court, has been dismissed by Circuit Judge Campbell.

92ND ANNIVERSARY  
WAS DULY CELEBRATED

ODD FELLOWS HAVE ENJOYABLE  
TIME—REBEKAHS WERE THE  
GUESTS OF THE EVENING.

The 92nd anniversary of the first establishment of the I. O. O. F. Lodge was celebrated Wednesday evening at the I. O. O. F. Hall, and a large crowd was in attendance. The Rebekahs being invited guests. The exercises were held in the hall, and the program was followed by a banquet in Willamette Hall, the tables being prettily decorated. Everything the market could afford was served to the guests and members of the order. The Gladstone Order, which was recently organized, attended in a body. During the banquet hour Patterson Brothers' orchestra furnished music, which was greatly appreciated.

Judge G. B. Dimick opened the program of the evening with an address, and was followed by a vocal selection by Oscar Woodin, accompanied by Miss Mabel Volkmar; vocal solo, Miss M. Gertrude Fairclough, accompanied by Miss Volkmar; duet, Mrs. E. H. Cooper and Mrs. W. C. Green; selection, Patterson Brothers' orchestra reading, Mrs. E. W. Scott.

One of the features of the evening was the presentation of a beautiful past patriarch collar of the encampment to E. A. Leighton, the presentation speech being made by Hon. G. B. Dimick, and was responded to by Mr. Leighton.

The committee in charge of the affair was R. J. Hodgson, E. W. Scott, H. W. Trembath, John Lowry, William Bergstrom, and this proved one of the most successful affairs of this nature ever given by the I. O. O. F. Lodge.

pointed.

## THE GRAND

SHOWING ALWAYS THE BEST

**The Value of a Can  
of Paint**

depends on the number of square feet it covers, on its ease of application, on the wear it gives—not on the price.

**SHERWIN-WILLIAMS PAINT**  
is the most economical house paint to use, because it covers most, works easiest, and wears for the longest time.

**WE** know from twelve years' experience that S. W. P. is the best Paint made and the cheapest to use though it costs more to buy. When there is a better paint made than S. W. P. you will find it at Huntley's. Nothing but the best is good enough for our customers. Our paint man is full of paint information that is valuable to every prospective buyer of paint. It's free information; come in and get some of it and some S. W. P. Color Cards.

**HUNTLEY BROS. CO.**  
"The Rexall Store" Oregon City

Adams street and on into the Abernethy.

This will cost \$10,000, but it will benefit several lots and in that way a portion of the expense may be cared for. Property owners are to be interviewed in the matter.

## FINANCIAL SIDE OF FARMING LIFE

**ACCUSED OF DRAWING KNIFE.**  
Samuel Robacker and James E. Gage Quarrel Over Bag of Barley.

Samuel Robacker and James E. Gage, of Clairmont, made a deal for the five acre place which Gage owned in that place, and Robacker took possession Thursday. In making the shift of goods and chattels Thursday afternoon Robacker and Gage got into an altercation over a bag of barley and the story is that there came near being bloodshed.

At any rate Gage went into justice court and swore out a warrant for Robacker on the charge of threatening to do bodily harm, with a knife, and Deputy Sheriff Miles was sent out to get the accused.

**EASTERN SHAD CROP.**  
WASHINGTON, April 27.—Those who claim that shad is the most palatable of all fish need have no fear that the day is near when they will not be able to please their palates with it. Immense catches of shad along the Atlantic Coast this year are attributed by Commissioner Bowers, of the Bureau of Fisheries, to the fact that in the last few years the Bureau has planted between 100,000,000 and 125,000,000 shad yearly on the coast. Ten years ago the shad had been depleted, he said, and it was feared there never again would be any big catches like those of the "old days."

## DOWN SOUTH END ROAD WATER WILL BE RUN

**SEWER TO DRAIN THAT PART OF  
TOWN WILL COST ABOUT  
\$10,000.**

City Council has had no end of trouble with the water coming down the South End Road, which are drained from the surface of nearly an hundred lots on the top of the hill to the south of the town. And the natural outlet for these waters is down the South End Road.

Several plans have been studied but after due consideration it appears that the best plan is to make a sewer district, taking in all the lots benefited, and build a permanent sewer and charge the lots benefitted for the cost.

The City Engineer has studied the field to be drained and says that it will cost \$10,000, or about \$145 a lot. This will mean that the waters in this district will be carried into the Willamette without damage to street or abutting property, and without flooding the South End Road to the annoyance of people who are forced to use it during or just after a storm. Council will consider this matter further but the sewer is very likely to be built.

**CEMENT SEWER PROPOSED.**  
Water From Kansas City Must Be Cared for Some Way.

The question of caring for the water coming down the canyon from Kansas City has given Council no little annoyance. Wishing to solve the difficulty City Engineer Noble was instructed to make plans to care for it and report. He advises that a cement culvert or sewer be built down the canyon and along the west side of John

**COUNCIL FAILS TO ACT.**  
Discusses Proposition of Appropriating for Decoration Day Expenses.

The G. A. R. boys want Council to bear part of the expense of Decoration Day, and through Commander Bill Thursday night called attention to the needs in the matter. Mayor Brownell reported that he understood Council had done this in the past, to which Council assented, but while the proposition was discussed no action was taken in the matter.
