CANADIAN HOUSE NEEDS WATCHING

CANADIAN PREMIER PROMISES TO STAY AT HOME TO SAVE THE BILL.

FARMERS ON BOTH SIDES OBJECT

Impossible to Work to Disadvantage of Same Class on Both Sides of the Border.

OTTAWA, Ont., April 28.—(Special.)—The Canadian government is having as much trouble over reciprocity as the legislators in this country. The Canadian Premier may be forced to remain at home this summer in an effort to put the new law through the Canadian House. And he has asserted that if necessary he will do this.

There are certain people in Canada as in the United States who declare that reciprocity would do the farmer harm. On the other hand many wish to see reciprocity. The Canadian House has members who like our own Congressmen favor or object according to what they think will produce the more votes.

President Taft is not alone in encountering objection to what he believes to be for the best interests of the country. But it is certain that either the objecting farmers on this side the border or the farmers on the other side are mistaken for it cannot work to the disadvantage of the same class on both sides. It may work to the advantage of both but not to the detriment.

JOKED OLD PARTY PLANS.

WASHINGTON, April 28.—(Special.)—Congressman Kent, of California, had a jolly time of it today telling old members it was a joke to think that the Republican party—and he was one—would advocate the policy of taxing itself rich through the tariff. In his humor or poetry, as he saw it, he made game of old methods of tax taxing with a view to benefitting the public.

INSURGENTS SAT UPON.

WASHINGTON, April 28.—(Special.)—The insurgent Republicans had the lid clamped down tight on their ambitions today in the Senate, and then it was hermetically sealed. But at that the insurgents got their share of newspaper space and exploited the folly of lack of progression, standing pat and like hills that grow out of a too large majority in either party.

NEW ROADS ASSOCIATION.

PORTLAND, Or., April 28.—(Special.)—A new good roads association was formed last night to get to work in an effort to secure uniformity in road building and road progression. The plan is to organize a branch association in each county in the State.

EXCITING RUNAWAY FRIDAY AFTERNOON

GRANT MUMPOWER'S TEAM MAKES A GET-AWAY ON LOWER MAIN STREET.

Great excitement prevailed in this city for awhile Friday afternoon, about 5 o'clock. At this hour two horses driven by Grant Mumpower, of Stone, were passing along Main street near the Weibach building when an automobile passed, which frightened the horses and caused them to run away. They started at a rapid rate down Main street, and Williams Brothers' team, driven by Howard Smith, were run into by the frightened horses. The former's team, after being run into, leaped forward and one of the runaway horses was thrown beneath the wagon of Williams Brothers, which was filled with barrels of cement. Men rushed to the scene of the catastrophe, and from all indications the horse was injured as it was pinned beneath the heavy wagon, but the wagon was at once unloaded, and the wagon lifted and the animal taken from its perilous position without even receiving a scratch, although two of the front wheels had passed entirely over its body.

GLADSTONE PEOPLE WANT A BOULEVARD

THINK O. W. P. SHOULD MAKE CERTAIN OF ROADWAY, THEN HELP MAKE BOULEVARD.

The article in Friday's Daily Enterprise relative to the O. W. P. Ry. and the road through Gladstone led certain of the older citizens to turn reminiscent in regard to the road and its right-of-way.

The story is told that at the second turn out of Gladstone, there was at one time five tracks. This was at a time when the road was hauling away dirt from that point for fill work elsewhere. When the dirt had been taken away, and one track was all that was needed for the traffic of the road, the man in charge at that time left the track that was up high and dry and without reference to the right-of-way, and things have been in that shape since.

The track that was on the real right-of-way was not the one left for future traffic, and this is how the company has got off its right-of-way, all unbeknownst to officials higher up. Our informant says, and in all probability without officials of the road knowing the ins of the matter. When an under official has been sent out to report he may not know half the time what the facts are and naturally a report is made to cause himself the least work and the company the least expense. But if a thorough examination is made this is as it will be found. How the matter is to be remedied is another matter, but the company may have trouble, in case people want to fight, in crowding other people over just because it has shoved its track over

WANTS HER HUSBAND TO SUPPORT CHILDREN

THEY HAVE TWO AND HUSBAND EARNS GOOD WAGES—ALIMONY ASKED.

Mary W. Keates, who was married to John C. Keates at Tacoma, Wash., September 1, 1897, has filed a suit for divorce, charging him with having an ill temper and a fault finding disposition. She says he left her without means.

They have two children, Iva J., aged 13 years, and Lucile H., aged 10 years. Mrs. Keates says her husband did not buy the necessities of life and she was forced to go out on the railroad track and pick up coal. At Portland, in 1905, when she was about to give birth to a girl, he went fishing. Keates is said to be working at Vancouver, Wash., for an electric light and power company and earns between \$80 and \$100 a month. His wife asks for \$25 a month alimony. George C. Brownell is her attorney.

John C. Baker has filed a suit for divorce against Hanna K. Baker. They were married in New York, October 20, 1889 and have one child. Mrs. Baker charges desertion. Her attorney is C. H. Dye.

CELEBRATE ANNIVERSARY.

Mr. and Mrs. White and Mr. and Mrs. Swafford Celebrate Same Day.

Mr. and Mrs. W. A. White and Mr. and Mrs. J. L. Swafford met at the residence of W. A. White Friday evening to quietly celebrate the wedding anniversary of the two couples. Mr. and Mrs. White have been married 21 years and Mr. and Mrs. Swafford 22, the same day in the month being the anniversary day of both couples. The two ladies are sisters and the two families are very closely associated in social life so that the annual celebration of this anniversary has become the usual thing.

Funeral of Little Irene Nadeau. Irene Nadeau, little seven-year-old daughter of Mr. and Mrs. Nadeau, of the West Side, died at the family home on Wednesday evening at 7 o'clock after a brief illness of pneumonia. The funeral services were conducted Friday morning at 10 o'clock from St. John's Catholic church, Father Hillbrand officiating, and the interment was in the Catholic cemetery.

"GOOD TIMES COLLEGE."

Social to Be Given at the Congregational Church Wednesday.

The Saturday Club of the Congregational church will give a "Good Times College" Social at the church parlors on Wednesday evening, at which time a four years' course will be given in one evening. A program will be given and the affair is in charge of Mrs. Don James, Mrs. C. H. Meissner and Miss Clara Canfield.

A new Brotherhood has been organized in Gladstone, in connection with the Christian church. Tuesday evening there was a banquet for members and friends of this organization, and one of those holding a large place in the organization wishes to have this to say in Enterprise columns:

"The Gladstone Brotherhood banquet, given last Tuesday night, was every way a success. The number and character of those already lined up promises a strong organization and we feel sure it will become a strong factor in the community.

"The first religious service at which each member is invited to be present and to which all the men as well as the women of Gladstone are invited, will be held at the church next Sunday night at 7:45. Special music for the occasion by the choir and an important theme will be discussed by the pastor, entitled 'Manifest Providence in the World's Preparation for Christianity'."

OUR POPULATION CITIES AND TOWNS

CREDITORS FILE SUIT ASKING FOR ESTATE

HUSBAND LEFT ALL TO HIS WIFE WITH DEBTS OF \$8000 BEHIND.

Suit was filed here Friday in the Circuit Court by E. Stewart, of Crook county, Or., through Attorneys Dimick & Dimick, against Mrs. Selena Scharr, widow of Emil Scharr, praying for a decree declaring Mrs. Scharr a trustee for about \$8000.

Scharr died February 18, 1910, leaving a number of creditors. Six days prior to his death he bequeathed to his wife all of his property, consisting of a large and valuable farm at Molalla, leaving his creditors without any estate from which to collect their outstanding claims. The consideration named in the transfer was \$1 and Scharr's love and affection for his wife.

Upon presentation of the claims, the widow refused to recognize them, which necessitated a suit to determine her rights to hold the property without consideration in preference to the creditors of the estate.

J. M. HAVEN PROMOTED.

Goes to Medford to Take Position of Chief Wireman.

J. M. Haven, who has been chief wireman of the Pacific Telephone & Telegraph Company for the past year, will leave this evening for Medford, where he has accepted a similar position with the same company.

Mr. Haven and family came to this city about one year ago from Ravenna, Ohio, and have been making their home in the Toose residence on Main street near Fourteenth. Fran Brill will be chief wireman in this city, taking Mr. Haven's place.

RAILWAY OFFICERS AROUSE CITIZENS

ROUSING MEETING HELD AT MULINO GRANGE HALL THURSDAY EVENING.

OVER \$5000 STOCK SUBSCRIBED

People of Mulino Have Been Long Awake to the Needs of Railway Now Alive to Opportunity Presented.

The Clackamas Southern Railway officials, consisting of George A. Harding, Frank Busch, W. A. Huntley, O. D. Eby, Grant B. Dimick, Dr. Frank W. Wood, of Portland, and F. M. Swift, constituting the board of directors, held a very enthusiastic meeting at Mulino Grange hall on Thursday evening, at which time the work that has been accomplished was explained by the board of directors, and their purposes and objects were thoroughly discussed.

The directors, in their speeches, showed that the people in that part of Clackamas county had been patiently waiting for a railway line for more than thirty years, and they were informed by the board of directors that the only way to get a railway line in that section of the country was to build it and own it themselves.

The directors found some very enthusiastic boosters for the project, who not only talked at the meeting, but came forward and subscribed for more than \$5000 worth of the capital stock, and promised to subscribe more as the work progressed.

The people in the county now are looking upon the railroad stock as an investment, fully realizing that the board of directors are responsible men and that they will do as they have agreed to do and put all of the money derived from the sale of the capital stock in actual construction work upon the line, and that no indebtedness whatever will be incurred unless there are funds in the treasury to meet every demand. They argued that by strictly pursuing that policy, no subscriber can lose, and all that is necessary for immediate completion of the road so that it will become a paying investment, is liberal subscriptions to the capital stock, and the quicker the line is completed, the better it will be for all concerned.

There will be other meetings held at Molalla, Liberal, Carus and other places along the proposed line, for the purpose of interesting the people who are most vitally interested in the completion of the project.

Work on the right-of-way is being pushed forward nobly, and those who have purchased stock, and those who contemplate purchasing, should go out over the line and see what is being accomplished. There are six gangs of men engaged in making cuts and fills, grading the road in preparation for the ties and steel, and these men are doing fine work. One gang is ahead of the graders, and the quickest burning and blowing out stumps and fitting this up in preparation for the work to follow.

At present the men are at work on the bank of Newell Gulch, where the first trestle must be built. Here the trestle will need to be built about 125 feet above the water line but at that it will cost about \$5000 less to go straight across, rather than to go around. And once across the gulch the most difficult work on the line will have been constructed. Two weeks more and the grading will be completed to Newell Gulch. And if the case in court has been settled the Higham rock pile will have been tamped and the roadway constructed through that property.

DANCE THIS EVENING.

Modern Brotherhood of America Will Hold Forth in Willamette Hall.

This evening the Modern Brotherhood of America will give a ball in Willamette hall. There will be an entertainment early in the evening so that those who do not dance. Proceeds benefit of the lodge.

J. W. Applegate, of Portland, will make an address on the benefits of the order. The committee are: A. S. Fuller, Mrs. Francis Sheahan, Mrs. Christiansa A. Boatman, Miss Manda Zak and Miss Cynthia Pace.
